(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. (b) Commit the child to the custody or guardianship of the department or of a private institution or public agency authorized to care for such children, or place the child under the custody and the supervision of a suitable person. All orders of commitment may include such advisory recommendations as the court may deem proper in the best interests of the child and of the public. Such commitment or placement shall be until the age of eighteen (18) subject to the power of the court to terminate the order and discharge the child prior thereto. The governing authorities of said department, agency or institution may likewise discharge the child unless the court directs otherwise. Prior to said discharge two weeks' notice must be given to the committing court, to the legal representative of the child and to the county attorney of the county in which committing court presides. During the period of commitment or placement, the court may review a dispositional order and may modify or terminate such order as the court deems essential to the best interests of the child. In committing a child to a private institution or agency the court shall select one that is approved by the department for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(2) *The court shall establish a system of periodic mandatory review of each case where a child has been committed to custody or guardianship of the department or of a private institution or a public agency under provisions of subsections (1)(a) and (b) of this section. Each case shall be reviewed by the court within six (6) months from the date of custody or guardianship and at least once every six (6) months thereafter as long as a child remains in custody or guardianship.*

Any such order shall include a finding that the child is financially able to pay such fine.

(c) Fines shall be levied consistent with the schedule set forth below:

For a Class A misdemeanor, not to exceed $150;
For a Class B misdemeanor, not to exceed $75; and
For a violation, not to exceed $50.

When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately.

(6) [(5)] When a child has been ordered to comply with the provisions in subsection *(5)* [(4)] above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.

(7) [(6)] Following issuance of a show cause order pursuant to subsection *(6)* [(5)] above, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:

(a) For a period not to exceed five (5) days if the order is imposed for the commission of a Class A misdemeanor;

(b) For a period not to exceed three (3) days if the order is imposed for the commission of a Class B misdemeanor;

(8) [(7)] When in the judgment of the court a disposition stated above in subsection *(5)* [(4)] is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classified as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:

Class A misdemeanor, 1 to 30 days;

provided, that, the court shall advise the child prior to entering its order under this subsection that the child upon demand may receive a trial by jury in the regular session of district court, which trial and any appeal therefrom shall be conducted in accordance with the Rules of Criminal Procedure.

The detention of a juvenile misdemeanor offender shall not be scheduled to interfere with the educational obligations of the child. Detention may be scheduled during periods such as weekends, after school, or overnight. Any portion of a day spent in detention shall be deemed as one day for the purposes of serving a detention term.

(9) [(8)] No adjudication by a juvenile court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from a criminal conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication.

HB 567, AN ACT relating to the power equalization program fund.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.565 is amended to read as follows:

(1) Notwithstanding any statutory provisions to the contrary, the board of education of any district in any year in which the total school tax rate, less any special voted building fund tax rate and any sinking fund tax rate, is less than the maximum rate supported by the district power equalization program *in that or the next subsequent school year,* as provided for in KRS 157.555 and 157.560, *shall have the authority to raise the maximum permissible local ad valorem tax rate as provided in KRS 160.470 to an amount not to exceed ten cents ($.10) for the school year beginning on July 1, 1978, and a rate not to exceed fifteen cents ($.15) for the school year beginning July 1, 1979 after compliance with the following:*

(a) The district board of education shall give notice of the proposed rate increase. Notice shall be given by causing to be published at least one (1) time in a newspaper of general circulation in the district, or in any other good faith manner if there is no such newspaper, the fact that such rate is being levied. Such advertisement shall state that the district board of education will meet at a place and on a date fixed in the

advertisement, not earlier than one (1) week and not later than two (2) weeks from the date of the advertisement, for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.

(b) The order or resolution levying the school tax designated heretofore in this section shall go into effect not less than thirty (30) days nor more than one hundred twenty (120) days after its passage. If during the thirty (30) days immediately following the passage of the order or resolution a petition signed by a number of registered and qualified voters equal to twenty-five percent (25%) of the votes cast in the school district or combined taxing district levying the tax for the office receiving the greatest total vote at the last preceding presidential election is presented to the school board protesting against passage of the order or resolution, the order or resolution shall be suspended from going into effect for that district until after the election provided for in subsection (c) of this section. Each sheet of the petition shall contain the names and addresses of voters in but one (1) voting precinct and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, number or designation of the district or ward wherein the precinct is situated. Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 116.155 or subsection (2) of KRS 116.045, as the case may be. If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition. The board or boards of registration in the county shall provide necessary and appropriate aid to the school board or boards so that the latter may make the determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(c) Thereupon, if it has been determined that the petition contains enough valid signatures to suspend the effect of the order or resolution, the county board of elections shall submit to the voters of the school district in which a valid recall petition has been filed pursuant to subsection (b) of this section at the next regular May or November election the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against". If a majority of the votes cast in a district upon the question oppose its passage, the order or resolution shall not go into effect in that district. If a majority of the votes cast in a district upon the question favor its passage, the order or resolution shall go into effect in that district. In the event that the election is to be held in more than one (1) school district within a county the votes shall be counted separately.

(2) In the event a school district tax rate is not sufficient to qualify the school district for matching funds from the power equalization fund under the provisions of KRS 157.545 through 157.575 and the school district does not elect to levy an additional ad valorem tax as provided for in subsection (1) of this section, school districts levying any of the permissive taxes provided for in KRS 160.482 through 160.648 may in accordance with regulations of the state board for elementary and secondary education recommended by the superintendent of public instruction substitute revenue from such levy to the extent that such revenue would match the maximum rate supported by the power equalization program [may request the local tax levying authority to increase the rate in any amount not to exceed the maximum rate supported by the district power equalization program. The levying authority shall adopt an ordinance or resolution submitting to the qualified voters of the district, in the manner of submitting and voting as prescribed in paragraph (b) of subsection (1) of KRS 160.477, the question whether a rate which would produce revenues in excess of the maximum provided by subsection (2) of KRS 160.470 shall be levied. If a majority of those voting on the question favor the increased rate, the tax levying authority shall, when the next tax rate for the district is fixed, levy the rate requested by the board not to exceed the rate authorized by the voters].

Section 2. KRS 157.570 is amended to read as follows:

For each school year the executive department for finance and administration, on the certification of the superintendent of public instruction, shall draw warrants as specified hereinafter on the state treasurer for the amount of the state power equalization support due each district. Checks shall be issued by the state treasurer and transmitted to the department of education for distribution to the proper officials of the school districts when the districts have fully complied with the school laws and rules and Kentucky administrative regulations of the state board *for elementary and secondary* [of] education. The superintendent of public instruction shall determine on or before July 1 of each year the tentative allotment of school funds to which each district is entitled under the provisions of KRS 157.545 to 157.575. This allotment will be based on the prior year's school tax rate. Beginning July 1 of each year and on *a quarterly basis thereafter, one-fourth (1/4) of each district's share of the state power equalization support shall be distributed. On or before April 1 of each year, the superintendent of public instruction shall determine the exact amount of the state power equalization support to which each district is entitled and the remainder of the amount due each district for the year shall be distributed.* [the first of each month thereafter, one-twelfth (1/12) of each district's share of the state power equalization support shall be distributed. On or before March 1 of each year, the superintendent of public instruction shall determine the exact amount of the state power equalization support to which each district is entitled and the remainder of the amount due each district for the year shall be distributed in equal installments beginning the first month after completion of the final calculation and for each successive month thereafter.]

Section 3. Whereas, many school districts will not have a tax rate sufficient to participate in the power equalization fund during the school year beginning July 1, 1978, and it is the intention of the general assembly to afford the citizens of such districts an opportunity to express their will with regard to such participation in the May 1978 election, an emergency is declared and this Act shall become effective upon its passage and approval by the Governor.

SECTION 1. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

Notice to any bank doing business in the Commonwealth of any adverse claim to a deposit standing on its books to the credit of any person shall not be effective to cause the bank to recognize the adverse claim unless the adverse claimant shall also either:

(1) Procure a restraining order, injunction, or other appropriate process against the bank from a court of competent jurisdiction, where the person to whose credit the deposit stands is made a party to the action and served with summons; or

(2) Execute to such bank, in form and with sureties acceptable to it, a bond idemnifying the bank from any and all liability, loss, damage, costs, and expenses, for and on account of the payment of the adverse claim or the dishonor of any check or other order of the person to whose credit the deposit stands on the books of the bank.

HB 491, AN ACT relating to motor vehicle reparations.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.39-060 is amended to read as follows:

(1) Any person who registers, operates, maintains or uses a motor vehicle on the public roadways of this Commonwealth shall, as a condition of such registration, operation, maintenance or use of such motor vehicle and use of the public roadways, be deemed to have accepted the provisions of this subtitle, and in particular those provisions which are contained in this section *if he has consented to the limitations of his tort rights and liabilities as described in subsection (4).*

(2)(a) Tort liability with respect to accidents occurring in this Commonwealth and arising from the ownership, maintenance, or use of a motor vehicle is "abolished" for damages because of bodily injury, sickness or disease to the extent the basic reparation benefits provided in this subtitle are payable therefor, or that would be payable but for any deductible authorized by this subtitle, under any insurance policy or other method of security complying with the requirements of this subtitle, except to the extent noneconomic detriment qualifies under subsection (2)(b) hereof.

(b) In any action of tort brought against the owner, registrant, operator or occupant of a motor vehicle with respect to which security has been provided as required in this subtitle, or against any person or organization legally responsible for his acts or omissions, a plaintiff may recover damages in tort for pain, suffering, mental anguish and inconvenience because of bodily injury, sickness or disease arising out of the ownership, maintenance, operation or use of such motor vehicle only in the event that the benefits which are payable for such injury as "medical expense" or which would be payable but for any exclusion or deductible authorized by this subtitle exceed one thousand dollars ($1,000), or the injury or disease consists in whole or in part of permanent disfigurement, a fracture to a weight-bearing bone, a compound, comminuted, displaced or compressed fracture, loss of a body member, permanent injury within reasonable medical probability, permanent loss of bodily function or death. Any person who is entitled to receive free medical and surgical benefits shall be deemed in compliance with the requirements of this subsection upon a showing that the medical treatment received has an equivalent value of at least one thousand dollars ($1,000).

(c) Tort liability is not so limited for injury to a person who is not an owner, operator, maintainer or user of a motor vehicle within subsection (1) of this section, nor for injury to the passenger of a motorcycle arising out of the maintenance or use of such motorcycle.

(3) For purposes of this section and the provisions on reparation obligor's rights of reimbursement, subrogation, and indemnity, a person does not intentionally cause harm merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of harm.

(4) Any person may [refuse to] consent to the limitations of his tort rights and liabilities as contained in this section. Such *consent* [rejection] must be in writing in a form to be prescribed by the department of insurance and must have been executed and filed with the department at a time prior to any motor vehicle accident for which such *consent* [rejection] is to apply. Such *consent* [rejection] form together with a reasonable explanation thereof shall be furnished by the reparation obligor with each policy to each prospective insurance applicant. Such *consent* [rejection] form shall affirmatively state in bold print that acceptance of this form of insurance denies the applicant the right to sue a negligent motorist unless certain requirements contained in the policy of insurance are met. *Consent* [Rejection] by a person who is under legal disability shall be made on behalf of such person by his legal guardian or his natural parent. [The failure of

such guardian or a natural parent of a person under legal disability to file a rejection, within six (6) months from the date that this subtitle would otherwise become applicable to such person, shall be deemed to be an affirmative acceptance of all provisions of this subtitle.] Provided, however, any person who, at the time of an accident, who does not have basic reparation insurance but has not formally *consented to* [rejected] such limitations of his tort rights and liabilities and has at such time in effect security equivalent to that required by KRS 304.39-110 shall be deemed to have *not consented to* [fully rejected] such limitations within meaning of this section for that accident only.

(5) Any *consent* [rejection] must be filed with the department of insurance and shall be for a period of five (5) years from the date of its execution unless revoked in writing. A copy of such *consent* [rejection] or revocation must be filed with each insurance company providing an automobile policy under which the individual is a named insured as defined in the policy.

(6) Every insurance company when issuing an automobile policy to a resident of this Commonwealth must inform the buyer in writing in a form to be prescribed by the insurance commissioner of his right to *consent to* [reject] the limitations of his tort rights and liabilities under this subtitle in the manner provided in subsections (4) and (7) of this section.

(7) Any *failure to consent* [rejection] shall result in the full retention by the individual of his tort rights and his tort liabilities. [Any person injured by a motor vehicle operator who has such rejection on file may claim his full damages, including nonpecuniary damages, or, if such injured person has not rejected his own tort limitations, he may also claim basic reparation benefits from the appropriate security on the vehicle as established under KRS 304.39-050. If such provider of security is other than the one providing security for the operator who has rejected the limitations, such provider shall be subrogated to the rights of the injured person to the extent of reparation benefits paid against the owner and operator of the vehicle.]

(8) *Only persons who have consented to* [No person who has rejected] the tort limitations under this section, except as provided in subsection (9) of this section or KRS 304.39-140(5), may collect basic reparation benefits.

(9) Any owner or operator of a motorcycle, as defined in Kentucky Revised Statutes, may file a *consent* [rejection] as described in subsections (4) and (5), which will apply solely to the ownership and operation of a motorcycle but will not apply to injury resulting from the ownership, operation or use of any other type of motor vehicle.

Section 2. KRS 304.39-140 is amended to read as follows:

(1) On and after the effective date of this subtitle, each reparation obligor of the owner of a vehicle required to be registered in this Commonwealth shall, upon the request of a reparation insured, be required to provide added reparation benefits for economic loss in units of ten thousand dollars ($10,000) per person subject to the lesser of:

(a) Forty thousand dollars ($40,000) in added reparation benefits; or

(b) The limit of security provided for liability to any one (1) person in excess of the requirements of KRS 304.39-110(1)(a).

(2) Each basic reparation obligor shall be permitted to incorporate in added reparation benefits coverage such terms, conditions and exclusions as may be consistent with premiums charged. The amounts payable under added reparation benefits may be duplicative of benefits received from collateral source benefits, or may provide for reasonable waiting periods, deductibles or coinsurance provision. The added reparation obligor shall be subrogated, subject to KRS 304.39-070 and 304.39-300, to the injured person's right of recovery against any responsible third party.

(3) If the injured person, or injured persons, is entitled to damages under KRS 304.39-060 from the liability insurer of a second person, a self-insurer or an obligated government, collection of such damages shall have priority over the rights of the subrogee for its reimbursement of added reparation benefits paid to or in behalf of such injured person or persons.

(4) Basic reparation insurers shall make available upon request deductibles in the amounts of two hundred fifty dollars ($250), five hundred dollars ($500) and one thousand dollars ($1,000) from all basic reparation benefits otherwise payable, except that if two (2) or more basic reparation insureds to whom the deductible is applicable under the contract of insurance are injured in the same accident, the aggregate amount of the deductible applicable to all of them shall not exceed the specified deductible, which amount where necessary shall be allocated equally among them. Any person who is a basic reparation insured under an insurance policy issued with no deductible or with a deductible of a lesser amount than that under which he receives basic reparation benefits payments, shall be entitled to be paid under such policy the difference between the benefits he is actually paid and the benefits which would have been paid had his benefits been payable under such policy.

(5) Reparation obligors shall make available upon request to those persons who have *failed to consent to limitations of their tort liability* [rejected their tort limitations], in accordance with KRS 304.39-060(4), basic reparation benefits coverage and added reparation benefits.

Section 3. KRS 304.39-310 is amended to read as follows:

(1) All reparation obligors shall be obligated to provide to a reparation insured or an insured person who has *not consented to* [rejected] his tort limitations as provided in KRS 304.39-060 a certificate or other evidence of insurance whenever coverage required by KRS 304.39-110 is issued or renewed upon policy anniversary date;

(2) An owner or registrant of a motor vehicle with respect to which security is required under KRS 304.39-110, who fails to have such security when the motor vehicle is involved in an accident shall have all the rights and obligations of a reparation obligor, and any other reparation obligor which has paid or may become obligated to pay basic or added reparation benefits to an injured person under a basic or added reparation contract or under the terms of the assigned claims plan shall be subrogated to the rights of the injured person against such owner or registrant.

HB 632, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.13-050 is amended to read as follows:

(1) The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this subtitle.

(2) Subject to the exception specified in subsection (3) of KRS 304.13-040 with reference to specific inland marine rates made by a rating organization, and subsections (3) and (4) of this section, each filing shall be on file for a waiting period of thirty (30) days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed thirty (30) days if he gives written notice within such waiting period to the insurer or rating organization which made the filing that he needs such additional time for the consideration of such filing. waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this subtitle unless disapproved by the commissioner within the waiting period or any extension thereof.

(3) Any special filing with respect to a surety or guaranty bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this subtitle until such time as the commissioner rejects the filing.

(4) The commissioner *shall* [may, when he deems it to be in the public interest,] hold a public hearing on any filing *and any and all classification and rule changes appertaining thereto* before said filing *or classification or rule changes become* [becomes] effective to determine whether or not the filing meets the requirements of this subtitle. When the commissioner has determined that a hearing shall be held relative to any filing, the filing and any supporting information filed therewith shall be open to public inspection immediately upon the giving of notice as required by this subsection. Before such hearing the rating organization or insurer making such filing shall be given ten (10) days' written notice of the time and place of such hearing, and the public shall be given notice by publication pursuant to KRS chapter 424. The commissioner shall promulgate reasonable regulations to prevent the avoidance of normal expirations and renewal dates of policies, or contracts of insurance, that may be affected by such filings. In the event that a hearing is held under the provisions of this subsection the waiting periods specified in subsection (2) of this section shall not begin to run until thirty (30) days after the close of such hearing.

(5) In the review of any filing made pursuant to KRS 304.13-040 either prior to its becoming effective, or upon a subsequent review as provided for in KRS 304.13-080, the burden of establishing that the filing under consideration meets the requirements of this subtitle shall be on the insurer or rating organization which makes such filing.

(1) This subsection applies only to policies and contracts issued prior to January 1, 1948, or such earlier date after June 13, 1944, as shall have been elected by an insurer as the date on and after which it would comply with the standard nonforfeiture law. Except as otherwise provided in paragraph (b) of subsection 2 of this section, the minimum standard for the valuation of all such policies and contracts shall be that provided by the laws in effect immediately prior to such date, *except that the minimum standard for the valuation of annuities and pure endowments purchased under group annuity and pure endowment contracts issued prior to such effective date shall be that provided by the laws in effect immediately prior to such date but replacing the interest rates specified in such laws by an interest rate of five percent (5%) per annum.* Reserves for all such policies and contracts may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.

(2) This subsection applies only to policies and contracts issued on and after January 1, 1948, or such earlier date after June 13, 1944, as shall have been elected by an insurer as the date on and after which it would comply with the standard nonforfeiture law, except as otherwise provided in paragraph (b) of this subsection for group annuity and pure endowment contracts issued prior to such date.

Section 2. KRS 304.6-150 is amended to read as follows:

(1) *Except as otherwise provided in Section 3 of this Act, and KRS 304.6-180,* reserves according to the commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) over (b), as follows:

(a) Net level annual premium. A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one (1) per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due. Such net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age one (1) year higher than the age at issue of such policy.

(b) Net one-year term premium. A net one-year term premium for such benefits provided for in the first policy year.

(2) Reserves according to the commissioners reserve valuation method for:

(a) Life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums,

(b) *Group* annuity and pure endowment contracts *purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by and employe organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended,*

(c) Disability and accidental death benefits in all policies and contracts, and

(d) All other benefits, except life insurance and endowment benefits in life insurance policies *and benefits provided by all other annuity and pure endowment contracts,* shall be calculated by a method consistent with the provisions of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

SECTION 3. A NEW SECTION OF SUBTITLE 6 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

This section shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employe organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended. Reserves according to the commissioners annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

Section 4. KRS 304.6-160 is amended to read as follows:

In no event shall an insurer's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, which are subject to subsection (2) of KRS 304.6-140, be less than the aggregate reserves calculated in accordance with the *methods* [method] set forth in KRS 304.6-150, *Section 3 of this Act, and KRS 304.6-180,* and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

Section 5. KRS 304.6-170 is amended to read as follows:

Reserves for any category of policies, contracts or benefits as established by the commissioner, which are subject to subsection (2) of KRS 304.6-140, may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used *for policies and contracts, other than* *annuity and pure endowment contracts,* shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein. [Reserves for participating life insurance policies, which are subject to subsection (2) of KRS 304.6-140, may, with the consent of the commissioner, be calculated according to a rate of interest lower than the rate of interest used in calculating the nonforfeiture benefits in such policies, with the further proviso that if such lower rate differs from the rate used in the calculation of the nonforfeiture benefits by more than one-half per cent (.5%) the insurer issuing such policies shall file with the commissioner a plan providing for such equitable increases, if any, in the cash surrender values and nonforfeiture benefits in such policies as the commissioner shall approve.]

Section 6. KRS 304.6-180 is amended to read as follows:

If *in any contract year* the gross premium charged by any life insurer on any policy or contract, which is subject to subsection (2) of KRS 304.6-140, is less than the *valuation* net premium for the policy or contract *calculated by the* [according to the mortality table, rate of interest and] method used in calculating the reserve thereon, *but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium* [there shall be maintained on such policy or contract a deficiency reserve in addition to all other reserves required by law. For each such policy or contract the deficiency reserve shall be the present value, according to such standard, of an annuity of the difference between such net premium and the premium charged for such policy or contract, running for the remainder of the premium paying period].

Section 7. KRS 304.15-300 is amended to read as follows:

KRS 304.15-310 to 304.15-360, shall be known as the "Standard nonforfeiture law *for life insurance.*"

Section 8. KRS 304.15-340 is amended to read as follows:

(1) How calculated. Except as provided in subsection (4) of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairment or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of:

(a) The then present value of the future guaranteed benefits provided for by the policy;

(b) Two per cent (2%) of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy;

(c) Forty per cent (40%) of the adjusted premium for the first policy year; and

(d) Twenty-five per cent (25%) of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less.

(2) In applying the percentages specified in paragraphs (c) and (d) of subsection (1) of this section, no adjusted premium shall be deemed to exceed 4 per cent of the amount of insurance or uniform amount equivalent thereto. Whenever the plan or term of a policy has been changed, either by request of the insured or automatically in accordance with the provisions of the policy, the date of issue of the changed policy for the purposes of determining a nonforfeiture benefit or cash surrender value shall be the date as of which the age of the insured is determined for the purposes of the changed policy. The date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(3) In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this section shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; Provided That in the case of a policy providing a varying amount of insurance issued on the life of a child under age ten (10), the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten (10) were the amount provided by such policy at age ten (10).

(4) The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be equal to:

(a) The adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by

(b) The adjusted premiums for such term insurance, paragraphs (a) and (b) of this subsection being calculated separately and as specified in subsections (1), (2) and (3) of this section, except that, for the purposes of paragraphs (b), (c), and (d) of subsection (1) of this section, the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in paragraph (b) of this subsection shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in paragraph (a) of this subsection.

(5) All adjusted premiums and present values referred to in KRS 304.15-310 to 304.15-360, inclusive, shall for all policies of ordinary insurance be calculated on the basis of the commissioners 1958 standard ordinary mortality table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than *six (6)* [three (3)] years younger than the actual age of the insured, and such calculations for all policies of industrial insurance shall be made on the basis of the commissioners 1961 standard industrial mortality table. All calculations shall be made on the basis of the rate of interest [, not exceeding 4 per cent per year,] specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits *provided that such rate of interest shall not exceed four percent (4%) per year except that a rate of interest not exceeding five and one-half percent (5-1/2%) per year may be used for policies issued on or after the effective date of this Act.* In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit for ordinary insurance, the rates of mortality assumed may not be more than those shown in the commissioners 1958 extended term insurance table and for industrial insurance the rates of mortality may not be more than those shown in the commissioners 1961 industrial extended term insurance table. For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the commissioner.

HB 153, AN ACT relating to taxing districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 81.050 is amended to read as follows:

Proceedings to incorporate a city shall be commenced by a petition signed by at least two-thirds (2/3) of the voters living within the boundary of the proposed city, or, in case of an incorporated taxing district having by charter a grant of municipal powers and exercising them, by its petition accompanied by request for such action signed by a majority of the voters resident in the district. The petition must be filed in the circuit clerk's office of the county in which the greater part of the territory is located. [The petition shall be docketed for hearing not less than twenty (20) days from the date of filing the petition.] Notice of the filing of the petition and of its object shall be given by publication pursuant to KRS chapter 424 *and by first class mail to all property owners within the boundary of the proposed city. The petition shall be docketed for hearing not less than thirty (30) days from the publication and mailing.* The petition shall set out the metes and bounds of the proposed city, the number of the voters in it and such other facts as may be thought proper and the date of the hearing on the petition.

Section 2. KRS 81.100 is amended to read as follows:

The boundaries of cities of the first class shall remain as established by law until changed as provided in KRS 81.100 to 81.130. Whenever a city of the first class desires to annex any unincorporated territory or to reduce the boundaries of the city, the city legislative body may enact an ordinance, defining accurately the boundary of the territory proposed to be annexed or stricken off. The ordinance shall be published pursuant to KRS chapter 424 *and all property owners within the proposed territory shall be notified of the proposed change by first class mail.* In not less than thirty (30) days after the enactment of the ordinance, if the publication has been made and no petition has been filed in the circuit court as provided in KRS 81.110, the city legislative body may enact another ordinance annexing to the city or striking from the city the territory described in the ordinance. Upon the enactment of this ordinance, the territory shall become part of the city, or be stricken from the city.

Section 3. KRS 81.210 is amended to read as follows:

Whenever a fourth-class city desires to annex any territory or to reduce the boundaries of the city, the city legislative body shall, by ordinance, accurately define the boundary of the territory proposed to be annexed or stricken off. The ordinance shall be published pursuant to KRS chapter 424 *and all property owners within the proposed territory shall be notified of the proposed change by first class mail.* Within thirty (30) days after the adoption, publication, *notification* and advertisement of the ordinance, a petition shall be filed in the circuit court of the county within which the city is situated, in the name and on behalf of the city, setting forth the passage, publication and advertisement of the ordinance and its object and purposes, together with an accurate description by metes and bounds of the territory proposed to be annexed or stricken from the city, and praying for a judgment to annex the territory or strike it from the city. Notice of the filing of the petition shall be given in the same manner as notice of passage of the ordinance. The circuit court shall not have jurisdiction of the proceedings unless the required publication or advertisement of the ordinance contains notice of the proposed proceedings in the court. If no defense is made within thirty (30) days after the filing of the petition and notice and the court makes no order for granting future time for making defense, the court shall render judgment annexing or striking off the proposed territory.

Section 4. KRS 74.010 is amended to read as follows:

(1) Subject to the requirements herein specified any county court, upon petition of twenty-five (25) resident freeholders of the proposed district, may establish a water district and appoint water commissioners for the purpose of furnishing a water supply to the citizens of the county. The petition shall describe the territory intended to be included in the district, and shall set out the reasons a water district is needed.

(2) When the petition is filed the court shall give notice of the filing by publication pursuant to KRS chapter 424 *and by first class mail to all property owners in the proposed district.* Within thirty (30) days after the publication *and mailing,* any resident of the proposed district may file objections, and the court shall set the case for hearing within *thirty (30)* [ten (10)] days. If the court finds that the establishment of such district is reasonably necessary for the public health, convenience, fire protection, and comfort of the residents, it shall make an order establishing the district, and designating it by name or number. A fee of twenty dollars ($20.00) shall be allowed the court for hearing the petition and entering its order.

(3) The court may in this order strike off any part of the territory that the testimony shows will not be benefited by the creation of the district. If the court does not find that the district is necessary, it shall dismiss the petition. Either party may thereupon appeal to the circuit court for a retrial, and from the circuit court to the Court of Appeals as provided by law.

Section 5. KRS 74.075 is amended to read as follows:

The board of commissioners of any legally existing water district created under the authority of KRS chapter 74 may have the power to create a fire protection district where no fire protection district exists by filing a petition in the county clerk's office of the county in which the greater part of the territory is located. The petition shall conform with KRS 75.010 except as conflict exists with KRS 74.075 to 74.077; and the petition shall be *processed and* ruled on as provided for in KRS 75.010.

Section 6. KRS 75.010 is amended to read as follows:

(1) A petition for the establishment of a fire protection district or a volunteer fire department district signed by at least fifty-one per cent (51%) of the voters, as determined by the registration books covering the territory, and living within the boundary of the proposed fire protection district or volunteer fire department district may be filed in the county court clerk's office of the county in which the greater part of the territory is located. The petition shall set out the metes and bounds of the proposed fire protection district or volunteer fire department district, the number of voters thereof, and other facts thought proper. Notice of the filing of the petition, the object thereof, and the date set for a hearing thereon shall be given by publication pursuant to KRS chapter 424, *by first class mail to all property owners in the proposed district,* and by notices posted for at least *thirty (30)* [ten (10)] days prior to the hearing, one (1) at the courthouse door, and three (3) others at public places within the bounds of the proposed fire protection district or volunteer fire department district. On the day provided for in the notice, the court shall, if the proper notice has been given and publication made, and no written objection or remonstrance is interposed, enter an order establishing a fire protection district or a volunteer fire department district in accordance with the prayer of the petition, naming it, and describing the boundary thereof by metes and bounds. Objection or remonstrance may be made to the petition by any inhabitant of the proposed fire protection district or a volunteer fire department district, or any person owning property therein, and if objection or remonstrance is made, the court shall hear and determine the same, and enter an order establishing, or refusing to establish the fire protection district or volunteer fire department district as may seem proper. Any aggrieved person may bring an action in circuit court to contest the decision of the county court.

(2) In no event shall any fire protection district or any volunteer fire department district include within its metes and bounds any territory at that time or thereafter included in any city of this Commonwealth which maintains a "regular fire department," and which city has paid its proportionate share of the indebtedness incurred while such territory was a part of that district.

Section 7. KRS 75.020 is amended to read as follows:

(1) The territorial limits of an established fire protection district, or a volunteer fire department district, as established under KRS 75.010 to 75.080, may be enlarged or diminished in the following way: The trustees of the fire protection district or of the volunteer fire department districts shall file a petition in the county court clerk's office of the county in which that district and the territory to be annexed or stricken off, or the greater part thereof, is located, describing the territory to be annexed or stricken and setting out the reasons therefor. Notice of the filing of such petition shall be given by publication, *mailing* and posting in the same manner as provided for in KRS 75.010. On the day fixed in the notice, the court shall, if the proper notice has been given, and the publication made, and no written objection or remonstrance is interposed enter an order annexing or striking off the territory described in the petition. Fifty-one per cent (51%) or more of the freeholders of the territory sought to be annexed or stricken off may, at any time before the date fixed in the notice, remonstrate in writing, filed in the clerk's office, to the action proposed. If such written remonstrance be filed said clerk shall promptly give notice to the trustees of the fire protection district, or of the volunteer fire department district, and the court shall hear and determine the same. If upon such hearing, the court finds from the evidence that a failure to annex or strike off such territory will materially retard the functioning of the fire protection district or the volunteer fire department district and materially affect adversely the owners and the inhabitants of the territory sought to be annexed or stricken off, it shall enter an order, granting the annexation or striking off the territory. In the latter event, no new petition to annex or strike off all or any part of the same territory shall be entertained for a period of two (2) years. Any aggrieved person may bring an action in circuit court to contest the decision of the county court.

(2) The property in any territory annexed to a fire protection district or to a volunteer fire department district shall not be liable to taxation for the purpose of paying any indebtedness incurred by the fire protection district or the volunteer fire department district prior to the date of the annexation of such territory, except such indebtedness as represents balance owing on purchase price of fire fighting equipment. The property in any territory stricken off from a fire protection district or a volunteer fire department district by the incorporation of or annexation by a city of this commonwealth shall not be relieved of liability of such taxes as may be necessary to pay its proportionate share of the indebtedness incurred while such territory was a part of that district. Territories stricken by action of the court under the provisions of subsection (1) shall be relieved of liability for all indebtedness incurred by the fire protection district or the volunteer fire department district.

(3) Any city that maintains a "regular fire department," and has either by incorporation or annexation caused property to be stricken from a fire protection district or a volunteer fire department district, may assume the liability of such taxes as may be necessary to pay the proportional share of the indebtedness incurred while such territory was a part of said district.

Section 8. KRS 75.025 is amended to read as follows:

(1) The fiscal court of any county, upon petition of seventy-five (75) freeholders of the proposed district, may establish a county fire protection district within the county for the purpose of protecting the property and citizens of the county who reside outside of any municipality wherein a fire department is maintained. The petition shall describe the territory intended to be included in the district, and shall set out the reasons a county fire protection district is needed.

(2) When the petition is filed the court shall give notice of the filing by publication as provided in KRS chapter 424 *and by first class mail to all property owners in the proposed district*. Within thirty (30) days after the publication *and mailing* of notice, any resident of the proposed district may file objections, and the court shall set the case for hearing within *thirty (30)* [ten (10)] days. If the court finds that the establishment of such district is reasonably necessary for the public health, convenience, fire protection and comfort of the residents, it shall make an order establishing the district, and designating it by name or number.

(3) If the court does not find that the district is necessary, it shall dismiss the petition. Either party may thereupon appeal to the circuit court for a retrial, and from the circuit court to the Court of Appeals as provided by law.

(4) The county fire protection district shall possess all the rights and authority provided by KRS chapter 75.

Section 9. KRS 76.175 is amended to read as follows:

The board of the district may annex any unincorporated area in the county, or any area of the county containing all or any part of a city of the fifth or sixth class, whether contiguous or noncontiguous, to the district by making a preliminary order describing the area to be annexed and causing said order to be published pursuant to KRS chapter 424. *The board shall give notice of the order by first class mail to all property owners in the area to be annexed.* The notice so published *and mailed* shall state that objections in writing to the proposed annexation may be filed with the district within thirty (30) days of the date of said notice. The district shall examine and hear all such complaints. It may modify or amend the areas proposed to be annexed; and it shall make a final order, within sixty (60) days of the date of publication of said notice, describing the area or areas to be annexed and shall cause the same to be published pursuant to KRS chapter 424. Within sixty (60) days after final publication of an order made pursuant to this section, any freeholder of land within the area or areas proposed to be annexed may appeal such final order to the circuit court for the county in which the district is located. All matters appealed shall be tried as an equitable action. Decisions of the circuit court may be appealed to the Court of Appeals.

Section 10. KRS 76.241 is amended to read as follows:

(1) The district may establish a construction subdistrict when twenty-five per cent (25%) or more of the freeholders of land sought to be included in the construction subdistrict file their petition with the district. The petition shall describe the territory intended to be included in the construction subdistrict and the sewer and drainage conditions and facilities existing in this territory. The territory of the construction subdistrict may be noncontiguous to other territory of the district. Tenants in common, joint tenants with or without right of survivorship, and tenants by the entireties shall be deemed one (1) freeholder or property owner.

(2) When the petition is filed with the district, said district shall give notice of the filing by publication pursuant to KRS chapter 424 *and by first class mail to all property owners in the proposed subdistrict.* Within thirty (30) days after the publication *and mailing,* any resident or freeholder of the proposed construction subdistrict may file objections and the district shall set the case for hearing within thirty (30) days. If the district finds that the establishment of the construction subdistrict is reasonably necessary for the public health, convenience and comfort of the residents of the subdistrict, it shall make an order establishing the construction subdistrict and designating it by name and number.

(3) If the district finds that the construction subdistrict is not necessary, it may dismiss the petition. If the district finds that any part of the proposed territory will not be benefited, it may strike such part. If the district strikes a certain portion of the area, the signature of the freeholders of that portion shall not be counted in determining whether the necessary twenty-five per cent (25%) have petitioned for the creation of the subdistrict. A copy of the order of the board establishing a construction subdistrict shall be published in accordance with KRS chapter 424.

(4) An order of the district rejecting or dismissing the petition shall be deemed a final order of the district appealable to the circuit court under the procedure set forth in KRS 76.247 within sixty (60) days. Appeals to the circuit court from the order establishing a construction subdistrict or striking or refusing to strike any territory from a construction subdistrict shall be made only as provided in KRS 76.247 and only after following the procedures required in KRS 76.247.

(5) In the event the owner or owners of all property or properties proposed to be included within the territorial boundaries of a construction subdistrict shall tender to the district their written request or requests that the district proceed immediately with the creation of a construction subdistrict, and the construction and installation therein of sewer facilities as provided in KRS 76.241 to 76.273, inclusive, and shall unqualifiedly waive all formalities and substantive rights contained in:

(a) KRS 76.241, concerning the affording of notice as to creation of a construction subdistrict, the time for filing objections to the creation thereof, and the time for appealing from an order establishing a construction subdistrict;

(b) KRS 76.243, concerning the affording of notice as to proposed assessments; and

(c) KRS 76.246, concerning the holding of a public hearing, and permitting litigation following the making and publication of an order concerning the construction plan in general.

(6) The district may thereupon make and publish an order creating such construction subdistrict, and its order as provided in KRS 76.246 (2), without further action being required, and may thereupon proceed to carry out said plan for improvements without further recourse to said identified statutory provisions and formalities; but in all such instances the written request or requests of the owner or owners of all properties proposed to be included within the territorial boundaries of such construction subdistrict shall be in recordable form and shall be recorded in the office of the clerk of the county court of the county wherein the properties are situated, and said clerk is authorized to record such instruments as in the case of mortgages and may charge and receive fees therefor as in the case of mortgages. Each resolution of the district, by which an improvement is undertaken according to this section, shall contain a recitation of the receiving of written requests and waivers from the owners of all properties included within the territorial boundaries of the construction subdistrict. In the event the district proceeds pursuant to KRS chapter 107, as authorized by KRS 76.251, the lien for which provision is made in KRS 107.160 shall attach upon publication of the resolution (equivalent to the "third ordinance") which authorizes issuance of improvement assessment bonds.

Section 11. KRS 76.268 is amended to read as follows:

Annexation to subdistricts may be accomplished by any of the following procedures, as the board may elect:

(1)(a) After the creation of a construction subdistrict under the provisions of KRS 76.241 to 76.246, the board may, if it deems it advisable, use the authority and procedures granted to sanitation districts by KRS 220.535 to 220.537 to annex territory to a subdistrict, the words "board of directors" being read as "metropolitan sewer district board."

(b) Language in KRS 220.535 limiting the powers of annexation to a sanitation district in a county not containing a city of the first class, shall not be applicable to a metropolitan sewer district which might use this method of annexation to a construction subdistrict even if it is located in a county containing a city of the first class, and the director of sanitary engineering of the department of health shall function in regard to annexation by it in the same manner and under the same procedures, as set out in KRS 220.535 to 220.537, as he would in his capacity as commissioner of sanitation districts for any sanitation district.

(2) After the creation of a construction subdistrict under the provisions of KRS 76.241 to 76.246, the board may annex any area, contiguous or noncontiguous, subject to the limitations of KRS 76.242, to the construction subdistrict by making a preliminary order describing the area to be annexed and causing said order to be published pursuant to KRS chapter 424. *The board shall give notice of the order by first class mail to all property owners in the area to be annexed.* The notice so published *and mailed* shall state that objections in writing to the proposed annexation may be filed with the district within thirty (30) days of the date of said notice. The district shall examine and hear all such complaints. It may modify or amend the areas proposed to be annexed; and it shall make a final order, within sixty (60) days of the date of publication of said notice, describing the areas to be annexed and shall cause the same to be published, pursuant to KRS chapter 424. A freeholder of land within the area proposed to be annexed may appeal such final order in the manner described in KRS 76.247. In referring to KRS 76.247, this section is not intended to provide for de novo trial.

(3) In the event the owner or owners of all the property or properties proposed to be annexed to a construction subdistrict shall tender to the district their written request or requests that the district proceed immediately with the annexation of said property or properties, and shall unqualifiedly waive all formalities and substantive rights contained in subsection (2) of this section, the district may thereupon make and publish a final order annexing said property or properties to the construction subdistrict. Said order shall contain a recitation of the receiving of waivers from the owners of all properties to be annexed thereunder. Provided, however, That in all such instances the written request or requests of the owner or owners of all properties proposed to be annexed to a construction subdistrict shall be in recordable form and shall be recorded in the office of the clerk of the county court of the county wherein the property is located; and said clerk is authorized to record such instruments as in the case of mortgages and may charge and receive fees therefor as in the case of mortgages.

(4) The provisions of subsections (1), (2) and (3) of this section shall not repeal or reduce any existing rights or duties of metropolitan sewer districts, but shall constitute merely a procedure for annexation to construction subdistricts by a metropolitan sewer district.

Section 12. KRS 76.278 is amended to read as follows:

(1) In order to establish a comprehensive sewage and sewage treatment system, or storm water and surface drainage system, or both within the sanitation tax district, the sanitation tax district through its board may levy an ad valorem tax upon the real property in the district, not exceeding limits designated by the constitution of the commonwealth. Provided, however, That notice stating the amount of the proposed tax and the area to be affected be published in a newspaper of bona fide circulation as provided in KRS 424.130 *and that the same notice shall be given by first class mail to all property owners in the area to be taxed.* Provided, further, That no resolution of the board imposing an ad valorem tax shall go into effect until the expiration of thirty (30) days after the first publication *and mailing* of the notice. If during the thirty (30) days next following the first notice of said resolution, a petition signed by a number of constitutionally qualified voters equal to fifteen per cent (15%) of the votes cast within the area affected at the last preceding general election, stating the residence of each signer, and verified as to signatures and residence by the affidavits of one or more persons is presented to the county court protesting against passage of such resolution or if the fiscal court passes a resolution suspending the tax, the resolution shall be suspended from going into effect. The county judge/executive shall notify the board of the sanitation tax district of the receipt of the petition or of the suspension of the resolution or both. If the resolution is not repealed by the board, the board shall submit to the voters of the area to be taxed, at a regularly scheduled election or at an election held for that purpose, the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer "for" or "against." If a majority of the votes cast upon the question oppose its passage, the resolution shall not go into effect. If a majority of the votes cast upon the question favor its passage, the resolution shall go into effect as of January 1 of the year succeeding the year in which the election is held.

(2) When such tax levy has been fully approved, the property valuation administrator, with the cooperation of the board shall note on the tax rolls the taxpayers and valuation of the property subject to such tax. The county clerk shall compute the tax on the regular state and county tax bills in such manner as may be directed by regulation of the department of revenue.

(3) Such ad valorem taxes shall be collected by the sheriff in accordance with the general law and accounted for to the board. The sheriff shall be entitled to a fee of one per cent (1%) of the amount collected.

Section 13. KRS 76.305 is amended to read as follows:

(1) When the petition is filed the county clerk shall give notice of the filing by publication pursuant to KRS chapter 424, *by first class mail to all property owners in the proposed district,* and by posting notices in three (3) public places within the proposed district. Within thirty (30) days after the publication *and mailing,* any freeholder of the proposed district may file objections, and the court shall set the case for hearing at the first rule day after expiration of said thirty (30) days. If the court finds that the establishment of such district is reasonably necessary for the public health, convenience and comfort of the residents of the district, it shall make an order establishing the district and designating it by name and number.

(2) If the court finds that the district is not necessary, it may dismiss the petition. If the court finds that any part of the territory will not be benefited, it may strike such part.

(3) Any party may appeal to the circuit court from the order establishing a district or dismissing the petition or striking or refusing to strike any territory from the district. From a decision of the circuit court any party may appeal to the Court of Appeals.

Section 14. KRS 220.090 is amended to read as follows:

When sixty per cent (60%) of those qualified within the boundary fixed by the commissioner are found to have petitioned for the establishment of a sanitation district, and the commissioner has established the boundaries thereof, the commissioner shall give notice of the application for the creation of the district, by publication pursuant to KRS chapter 424 *and by first class mail to all property owners in the proposed district.*

Section 15. KRS 220.536 is amended to read as follows:

(1) When a petition for annexation of territory to a district is filed with the commissioner, he shall investigate at once the boundary of the territory proposed to be annexed, and may, at the cost of the district, cause to be made surveys necessary to establish with reasonable accuracy a boundary that will, in his judgment, accomplish the purpose sought by annexation of the territory in a practicable and workable manner, and that will be sufficiently comprehensive to avoid confusion or interference with any other similar district then existing or that may be created. The boundary established by the commissioner need not follow the boundary proposed by the district.

(2) Should it be found desirable to include in the territory to be annexed by a district all or a portion of a city of the second, third, fourth, fifth or sixth class, the governing body of such city shall determine by ordinance whether the city or portion thereof shall be included in the district, or whether the city shall bind itself to pay the charges for the services of the district furnished in such area.

(3) When the boundaries of the territory proposed to be annexed have been fixed by the commissioner as prescribed in subsection (1) of this section, he shall give notice of the application for annexation of the territory by publication pursuant to KRS chapter 424 *and by first class mail to all property owners in the proposed district.*

Section 16. KRS 220.553 is amended to read as follows:

(1) The district may establish a construction subdistrict when twenty-five per cent (25%) or more of the freeholders of land sought to be included in the construction subdistrict file their petition with the district. The petition shall describe the territory intended to be included in the construction subdistrict and the sewer and drainage conditions and facilities existing in this territory. The territory of the construction subdistrict may be noncontiguous to other territory of the district. Tenants in common, joint tenants with or without right of survivorship, and tenants by the entireties shall be deemed one (1) freeholder or property owner.

(2) When the petition is filed with the district, said district shall give notice of the filing by publication pursuant to KRS chapter 424 *and by first class mail to all property owners in the proposed subdistrict.* Within thirty (30) days after the publication *and mailing,* any resident or freeholder of the proposed construction subdistrict may file objections and the district shall set the case for hearing within thirty (30) days. If the district finds that the establishment of the construction subdistrict is reasonably necessary for the public health, convenience and comfort of the residents of the subdistrict, it shall make an order establishing the construction subdistrict, and designating it by name and number.

(3) If the district finds that the construction subdistrict is not necessary, it may dismiss the petition. If the district finds that any part of the proposed territory will not be benefited, it may strike such part. If the district strikes a certain portion of the area, the signature of the freeholders of that portion shall not be

counted in determining whether the necessary twenty-five per cent (25%) have petitioned for the creation of the subdistrict. A copy of the order of the board establishing a construction subdistrict shall be published in accordance with KRS chapter 424.

(4) An order of the district rejecting or dismissing the petition shall be deemed a final order of the district appealable to the circuit court under the procedure set forth in KRS 220.563 within sixty (60) days. Appeals to the circuit court from the order establishing a construction subdistrict or striking or refusing to strike any territory from a construction subdistrict shall be made only as provided in KRS 220.563, and only after following the procedures required in KRS 220.563.

SECTION 17. A NEW SECTION OF KRS CHAPTER 109 IS CREATED TO READ AS FOLLOWS:

Prior to the establishment of any garbage and refuse disposal district as provided in KRS 109.030, notice of the proposed district shall be given by publication pursuant to KRS Chapter 424 and by first class mail to all property owners in the proposed district. Within thirty (30) days after the publication and mailing, any resident of the proposed district may file objections with the appropriate governing body identified in KRS 109.030, and that body shall set the case for hearing within thirty (30) days.

WHEREAS, it has been determined that the most practical method of collection is at the time of registration; and

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any statutory provisions to the contrary for 1981 and each subsequent year, the property valuation administrator shall assess, as of July 1, for ad valorem tax purposes all motor vehicles and trailers registered to be used upon the highways other than those assessed by the department of revenue as a part of the property of public service companies under KRS Chapter 136.

The notice shall state that tax is due and payable to the county clerk on or before the registration renewal date, and if not paid by such time a lien will be filed and recorded on the certificate of title and registration of the vehicle and that payment of the tax due is not a prerequisite to registration to operate the vehicle on the highways. The original and other copies of the bill shall be forwarded to the county clerk.

(5) The department of transportation shall provide the department of revenue monthly with a recapitulation of the total assessment and taxes due each taxing jurisdiction contained in the tax bill, within fifteen (15) days after the tax bills have been prepared.

Delinquent tax bills shall be subject to interest at the rate of one percent (1%) per month or fraction thereof from the date the lien is filed until paid.

The county judge/executive may adjust the assessment of a motor vehicle or trailer when the evidence warrants such adjustment, and provide the property owner with an order of adjustment for delivery to the clerk. Upon receipt of such order the clerk shall correct the tax bill. Any appeal from the action of the county judge/executive shall be in accordnce with the provisions of KRS Chapter 131.

A copy of the paid bill shall be sent to the clerk of the county where the vehicle was previously registered.

Section 2. The persons and companies named above having in good faith furnished the services, supplies, and materials enumerated in Section 1, and the Commonwealth having received the benefits of same, an emergency is declared to exist and this Act shall take effect upon its passage and approval by the Governor.

HB 694, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 137 IS CREATED TO READ AS FOLLOWS:
The intent of the General Assembly in enacting this Act is to give county governments the authority to raise monies to pay for the adverse impact of coal production on local government services and to develop an industrial substitute to maintain the economic health of local communities upon the eventual depletion of coal.

SECTION 2. A NEW SECTION OF KRS CHAPTER 137 IS CREATED TO READ AS FOLLOWS:
(1) KRS 143.100 notwithstanding, any county may impose a license or franchise tax for road, county or school purposes on the trade or occupation of coal production within the county. Such a tax shall not exceed one per cent (1%) of the gross receipts from the sale of any coal produced within the county. Recognizing that coal is frequently sold under contracts negotiated at less than arms length, for purposes of this Act gross receipts shall not be less than the fair market value of the coal when it has been altered in form sufficiently to be transported from the place of production.
(2) The fiscal court may levy this tax for county purposes, and shall determine what funds shall receive the tax when collected. When coal is produced in any separate taxing district in a county, the fiscal court shall equitably distribute such taxes between the county and the taxing district.
(3) The tax shall be imposed ratably on all persons owning an interest in the coal produced. A lessor of mineral rights having no voice in the management and operation of the coal production is not an owner for purposes of the imposition of the tax.

Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life except that eligibility for this benefit shall cease upon remarriage. This subsection applies to surviving spouses of members who die on or after July 1, 1978.

[(1) Where there is a surviving widow, or a widower, who is named as beneficiary of the member's retirement account, the benefit shall be one hundred sixty dollars per month, except that effective July 1, 1976, the benefit shall be one hundred seventy-five dollars per month for an eligible widow or widower whose total income from all other sources does not exceed six thousand dollars per year or five hundred dollars per month.]

Benefits under this subsection and subsection (2) shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one year prior to the death of the member. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (2) and shall be in addition to such benefits.

Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred *fifty-five* [forty] dollars per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one full year prior to the member's death or must have been receiving care in a hospital, nursing home or other institution at the member's expense for a like period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen or upon reaching age nineteen if a full-time student in high school or upon marriage, except that benefits shall continue until the attainment of age twenty-three for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent or dependent brother or sister or dependent child age eighteen or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating thereto, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems such action necessary.

(8) No payments of benefits shall be made unless the board of trustees shall have authorized such payments. The board shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amounts of benefit payable.

(9) In the event that there are no eligible survivors as defined in subsections (1), (2), (3), (4), and (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1),

(2), (3), (4), and (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of such accumulated contributions.

Section 13. KRS 161.603 is amended to read as follows:

(1) Any teacher retired by reason of service and less than age seventy may waive his annuity and return to regular employment in a Kentucky public elementary or secondary school or state college or university covered by the system. Such teacher shall receive no annuity payments while so employed, but shall continue to be covered by the system's hospital and medical insurance program and his estate shall continue to be eligible for death benefits as provided in KRS 161.655. He shall be returned to the annuity rolls as of the first of the month next following the month in which the last teaching was performed. A teacher who waives his annuity and teaches for eight months or more during a school term shall be returned to the annuity rolls as of July 1 following the close of such school term. Such person shall not be considered a member of the retirement system, and no contributions shall be made for him. Service subsequent to retirement shall not be used to improve an annuity, except as provided in subsection (2) below.

(2) Any teacher who waives regular annuity benefits and returns to teaching for at least two consecutive regular school years shall be entitled to make contributions on the salaries received for such service and *have their retirement annuity recalculated* [receive an increase in regular annuity equal to the percentage of salary on which additional contributions are made] as provided in the regular retirement formula in KRS 161.620(1)(a) less any applicable actuarial discount applied to the original retirement allowance due to the election of a joint and last survivor option. Retirement option and beneficiary designation on original retirement shall not be altered by post-retirement employment nor shall dependents and spouses of such members become eligible for benefits under KRS 161.520, [and] 161.525 *and 161.661* because of post-retirement employment.

Section 14. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service whose age at retirement is fifty-five years or more shall be calculated as follows:

(a) For retirements effective during the *1978-79 and 1979-80 fiscal years, the annual allowance for each year of service performed prior to July 1, 1941, shall be eighty-eight dollars and the annual allowance for each year of service performed after July 1, 1941, shall be two percent of the final average salary. Actuarial discounts due to age at retirement may be applied as provided in this section* [1976-77 fiscal year the annual allowance shall be sixty-four dollars times the number of years service credit prior to July 1, 1941, plus two percent of the final average salary times the number of years service credit after July 1, 1941. Actuarial discounts due to age at retirement may be applied as provided in subsections (1)(c) and (1)(d) of this section].

(b) For retirements effective July 1, *1980* [1977], and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service *performed after July 1, 1980, shall be valued at two and one-half percent of the final average salary for all members not employed by a state university or college* [prior to July 1, 1941, shall be eighty-eight dollars per year].

(c) If the member has thirty years or more of Kentucky service, including credit for military service and is less than fifty-five years of age, the allowance shall be reduced by three percent for each year the member is less than fifty-five.

(d) If the member has five years or more of Kentucky service, but less than thirty years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty years of age or by the number of years the service credit is less than thirty years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) Effective July 1, 1970, and annually on July 1 thereafter the annual retirement allowance of each retired teacher and of each beneficiary of a retirement option shall be increased in the amount of one percent of the retirement allowance in effect on July 1, 1970, or the date of retirement, whichever occurs later.

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than *eighty-eight* [sixty] dollars multiplied by the service credit years of the teacher, except that no retired teacher who was sixty years of age or older at retirement, and who has five years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than *seventy-five* [fifty-five] dollars. The above minimums shall be effective July 1, *1978* [1974], and shall apply to those members retiring on or subsequent to that date.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, 1978, the monthly allowance of each member retired on or before July 1, 1976, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent of the monthly allowance. Effective July 1, 1978, the monthly allowance of each member retired on or before July 1, 1977, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent of the monthly allowance. Effective July 1, 1979, the monthly allowance of each member retired on or before July 1, 1978, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent of the monthly allowance. The above percentages shall be based on an assumed minimum allowance of two hundred dollars per month and an assumed maximum of six hundred dollars per month of annuity in effect the previous month.

[(5) Effective July 1, 1976, the monthly retirement allowance of each member retired on or before June 1, 1976, and of each recipient of a retirement option of such retired member shall be increased in the amount of three percent of the monthly allowance for each year from the effective date of retirement or July 1, 1971, whichever is the later date, to July 1, 1976. Fractional years shall be calculated on a pro rata basis. The above percentages shall be based on an assumed minimum allowance of two hundred dollars per month and an assumed maximum of five hundred dollars per month of annuity in effect the previous month.

(6) Effective July 1, 1976, each member who retired prior to that date and each recipient of a retirement option of such member shall receive an increase in monthly benefits equal to two dollars for each year of credited service prior to July 1, 1941. Each member who retired prior to July 1, 1977, and each recipient of a retirement option of such member shall receive an increase of two dollars per month for each year of credited service prior to July 1, 1941, to be effective July 1, 1977. No more than fifteen years of service prior to July 1, 1941, shall be used in calculating these increases for each member.]

Section 15. KRS 161.630 is amended to read as follows:

A member, upon retirement shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement, to receive actuarially equivalent benefits under such options as the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1) [under which the benefit is fifty percent of last earned annual compensation without regard to years of service and final average salary].

Section 16. KRS 161.655 is amended to read as follows:

(1) Upon the death of a member retired for service or disability, a death benefit of two thousand and two hundred dollars shall be paid to the member's estate. Upon the death of an active contributing member, a death benefit of two thousand dollars shall be paid to the member's estate. Application for the death benefit shall be made to the teachers' retirement system together with acceptable evidence of death and eligibility.

[(1) Upon the death of a retired teacher who at the time of death is receiving a retirement or disability allowance, or upon the death of an active contributing member a death benefit of $2,000 shall be paid to his estate following application to the board of trustees, together with acceptable evidence of death and eligibility.]

(2) Suit or civil action shall not be required for the collection of the death benefit provided herein, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the death benefit.

Section 17. KRS 161.661 is amended to read as follows:

(1) Any member who has completed five or more years of accredited service in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided below. Application for disability benefits must be made within one year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of

employment in a position covered by the teachers' retirement system and subsequent to the completion of five years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to *sixty percent of the member's final average salary* [one-half of the last earned annual compensation], except that a member retiring for disability who is also eligible for service retirement may elect to have the benefit calculated on the service retirement formula and may choose any of the retirement options provided for service retirement.

(2) No member who has reached the age of sixty years and who is otherwise qualified for retirement may retire by reason of disability, with the disability allowance of *sixty percent of the member's final average salary* [one-half of the last earned annual compensation] as set out in subsection (1) above. A member who is sixty years of age or older may retire for disability with the benefit calculated on the service retirement formula and the choice of retirement options as provided for service retirement. Provisions of KRS 161.520, 161.525, and subsections (3), (4), (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of such members.

(3) Members shall earn one year of entitlement to disability retirement, at *sixty percent of the member's final average salary* [one-half of last earned annual compensation], for each four years of service in a covered position but any member meeting the service requirement for disability retirement shall be credited with no less than five years of such eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one year for each year so retired. Such service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of the medical review board, and shall be used in calculating benefits as provided in subsection (5) of this section.

(5) Any member retired by reason of disability and remaining disabled at the expiration of the eligibility period shall have such disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) above. The retirement allowance shall be calculated as set forth in KRS 161.620 except that those persons less than sixty years of age shall be considered as sixty.

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period.

(7) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or such member, who is age sixty years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(8) In order to qualify for retirement by reason of disability a teacher must suffer from a physical or mental condition presumed to be permanent in duration and of such a nature as to render him incapable of being gainfully employed as a teacher. Such incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of the medical review board.

(9) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of the medical review board indicate the disability no longer exists, the allowance shall be discontinued.

(10) *Eligibility for payment shall begin on the first day of the month following receipt of the application in the teachers' retirement system office* [No payment of a disability benefit shall be made until ninety days after the first day of the month in which the application for disability retirement was filed], or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(11) No person who receives a disability allowance may serve as a teacher either within or without the state of Kentucky. So doing shall constitute a misdemeanor; and shall result in loss of such allowance from the first date of such service. The recipient of a disability allowance who engages in any gainful occupation other than teaching must make a report of the duties involved, compensation received and any other pertinent information required by the board of trustees. If the annual income from other employment plus the disability benefit exceed the sum of nine thousand dollars or the last earned compensation, whichever is the greater amount, the benefit shall be reduced to an amount which with earned income will not exceed the last earned compensation or nine thousand dollars, whichever is the greater amount. In no case shall the benefit be reduced to less than *seventy-five* [fifty-five] dollars per month, if the member has five or more years of contributing service in the teachers' retirement system.

(12) The board of trustees shall designate a medical review board consisting of three or more licensed physicians and may designate physicians in various areas of the commonwealth to conduct examinations as

needed. The medical review board shall pass upon all applications for disability retirement and upon all statements, certifications, and examinations submitted in connection with such applications. The disposition of each case shall be recommended by the medical review board in writing to the board of trustees. Members of the medical review board shall follow such rules and regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The board of trustees may secure such additional medical service and information as it deems necessary.

(13) A disability may be presumed to be permanent if the condition creating such disability may be reasonably expected to continue for one year or more from the date of application for disability benefits.

(14) Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of the medical review board, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve months of the date disability benefits terminated. If the termination of benefits were voluntary the reinstatement may be made without medical examination if application is made within three months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

Section 18. KRS 161.675 is amended to read as follows:

(1) The board of trustees is empowered to enter into contracts with insurance carriers for the purpose of providing a broad program of hospital and medical insurance coverage to *members* [teachers] retired for service *or* [who are age fifty-five (55) or older, to teachers retired by reason of] disability. *Coverage may be extended* [, and] to the spouses and minor children of said retired *members, provided the member began participating in the teachers' retirement system prior to July 1, 1978* [teachers]. Coverage may also be extended to spouses and to minor children of *members* [teachers] in active contributing status who are deceased prior to retirement if *the surviving spouse is eligible to receive the member's retirement benefit as provided in KRS 161.525 and elects to do so* [such teachers were fifty-five years of age or older and eligible for service retirement at the time of death].

(2) The coverage provided shall be as set forth in the contracts and the regulations of the board of trustees. The contracts and regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital and miscellaneous hospital costs. A retiree whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five years creditable Kentucky service in the teachers' retirement system to qualify for such coverage.

(3) The board of trustees is empowered to pay premiums for insurance coverage from the hospital and medical insurance fund. It may provide such insurance coverage as is deemed desirable by making payment to institutions and individuals for services performed, or the board of trustees may elect to provide such insurance protection on a "self-insurance" basis.

(4) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(5) The board of trustees is empowered to adopt such rules and regulations as are necessary to assure efficient operation of the hospital and medical insurance program.

Section 19. KRS 161.705 is amended to read as follows:

[(1)] Any member of the teachers' retirement system, or the *employer of* [board of education employing such] member, or both, may make voluntary contributions of *four percent (4%)* [two percent (2%)] or more of the member's annual compensation to the retirement system for the benefit of the member. Such contributions shall be invested as provided in KRS 161.430. *Separate member accounts shall be maintained for voluntary contributions under rules and regulations enacted by the board of trustees.*

[(2) At retirement upon the written application any such member shall receive in addition to retirement allowances provided by law, such annuity as has been earned by the voluntary contributions made by or for such member, computed upon an actuarial basis, or a refund of contributions and accrued interest. The member shall have the same benefit options with respect to such additional annuity as are provided in KRS 161.630, or the member may elect to receive no more than two lump sum payments of contributions and accrued interest in lieu of an annuity.

(3) Upon the death or withdrawal from the retirement system of any member for any reason other than retirement, or upon the demand of the member such member or the estate of such member shall be reimbursed for any voluntary contributions made by such member. If a deceased member has named a beneficiary for such contributions and accrued interest, the beneficiary may elect to receive any annuity or lump sum settlement which the member could have elected at retirement, adjusted for age and sex of the beneficiary. A board of education may be reimbursed for any contributions made on behalf of a member by the board. Such reimbursement shall be made in a lump sum with earned interest at a rate fixed by the retirement board.]

SECTION 20. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

It is hereby declared that in consideration of the contributions by members and in further consideration of benefits received by the state from the member's employment, KRS 161.220 through 161.710 shall constitute an inviolable contract of the Commonwealth, and the benefits provided herein shall not be subject to reduction or impairment by alteration, amendment or appeal.

Section 21. This Act shall become effective July 1, 1978.

HB 638, AN ACT relating to retirement systems.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.607 is amended to read as follows:

(1) Any member of the teachers' retirement system who enters employment covered by the Kentucky employes retirement system, the state police retirement system, or the county employes retirement system, prior to July 1, 1976, may retain membership in the teachers' retirement system instead of joining the new system.

(2) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system may elect to retain membership in that system during the term of office, instead of participating in the Kentucky employes retirement system. *If a member of the general assembly, who is employed in a position covered by the teachers' retirement system, elects to retain membership in the teachers' retirement system, the member may contribute an amount equal to seven and seven-tenths percent(7.7%) of the amount by which the compensation as a general assembly member exceeds the salary received through the regular employment.* No contributions may be made to *more than one* [the teachers' retirement] system for the same period of service [as may be covered by contributions to the Kentucky employes retirement system]. Service as a member of the general assembly may be used to meet the service requirements of KRS 61.680(2)(a) and 161.510 regardless of the system to which contributions are made by the member.

(3) Any member of the teachers' retirement system entering employment as described in subsection (1) or (2) above must exercise the option within ninety (90) days of the beginning of such employment.

(4) Persons who enter service covered by the teachers' retirement system prior to July 1, 1976, and who hold membership in a Kentucky retirement system financed in whole or part with public funds may retain membership in that system providing the statutes and regulations governing said system make continued membership possible.

(5) Any person who has elected an option provided in the above subsections may cancel such election and gain membership in the system which normally covers the position in which currently employed, provided that such cancellation of option election must be completed prior to January 1, 1977.

SB 198, AN ACT relating to school attendance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 158.060 is amended to read as follows:

Twenty (20) school days, or days in which teachers are actually employed in the schoolroom, shall constitute a school month in the common schools. The legal holidays designated by the state board of education to be observed may include the first Tuesday after the first Monday in November of each year and shall be counted as school days. No teacher shall teach on Saturdays except in cases of emergency and then only upon authorization of the state board *for elementary and secondary* [of] education. Except for children attending kindergarten, readiness classes, first grade classes, and the handicapped, who may attend a program of less than six (6) hours per day under policy adopted by the local school district board of education and approved by the state board *for elementary and secondary* [of] education, six (6) hours of actual school work shall constitute a school day. The daily session, including recesses and intermissions, shall not exceed nine (9) hours. *A local board of education, with the approval of the state board for elementary and secondary education, may extend the regular school day, when necessary, to make up days missed as a result of emergency, providing that the extended school day shall not exceed nine (9) hours. If a school district has adopted an extended school day before such emergency, the time in excess of the minimum school day may, with the approval of the state board for elementary and secondary education, be used to make up days missed as a result of emergency.* [A pupil who is absent, excused or dismissed from any regularly scheduled class to attend not more than four (4) field trips in a school term may be considered in attendance on those days, if the field trip is part of a regularly scheduled class; Provided, however, That upon application of any district superintendent, the superintendent of public instruction or the state board of education may, if sufficient cause be shown, grant authority to use an additional day or days for special field trips or exceptional events.]

Section 2. KRS 158.070 is amended to read as follows:

(1) The minimum school term shall be one hundred eighty-five days. [The superintendent of public instruction, upon the approval of the state board of education, may extend the minimum term to ten months when the resources of the school fund or contributions by local taxation justify the extension; but no extension shall be made if it reduces the salaries of the teachers below the minimum fixed by law.] A board of education may extend its term beyond the minimum term set by the superintendent of public instruction. In setting the school calendar, school shall be closed for two (2) consecutive days for the purpose of permitting professional school employes to attend statewide professional meetings. These two (2) days for statewide professional meetings shall be scheduled to begin with the first Thursday after Easter or upon request of the statewide professional educational association having the largest paid membership, the superintendent of public instruction may designate alternate dates. Furthermore, the superintendent of public instruction shall designate one (1) additional day during the school year when schools shall be closed for the purpose of permitting professional school employes to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term.

(2) Any local board of education operating its schools on a year-round school program basis shall conform with regulations promulgated and adopted by the state board *for elementary and secondary* [of] education upon the recommendation of the state superintendent of public instruction, which regulations must be in conformity with the following criteria:

(a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30.

(b) A pupil's required attendance in school shall be for at least the minimum term.

(c) No teacher shall be required to teach more than the minimum term during the school year.

(3) Each local board of education shall use four (4) days of the minimum school term for in-service professional development and planning activities for the professional staff without the presence of pupils. The board of education of any school district may use *up to a maximum for four (4) days of the minimum school term for holidays, provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday* [no more than four days of the minimum school term for holidays], two (2) days for the opening and closing of schools without the presence of pupils, *the number of* [a total of five] days *deemed necessary* for (a) national or state disaster or mourning when proclaimed by the President of the United States or the governor of the Commonwealth of Kentucky, and (b) local disaster which would endanger the health or safety of children or mourning when so designated by the district board of education and approved by the state board *for elementary and secondary* [of] education upon recommendation of the superintendent of public instruction, and shall use one day of excused absence for attendance at the Kentucky state fair for students applying for excused absence for this purpose.

(4) The state board *for elementary and secondary* [of] education, upon recommendation of the superintendent of public instruction, shall adopt regulations governing the use of school days and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for in-service professional development and planning activities for the professional staff.

Section 3. Whereas, a number of school districts have had to dismiss school because of severe weather in excess of the number of days allowed by statute, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

The Committee on Highways and Traffic Safety reported **HB 206, HB 520, HB 618, HCR 50,** and **SB 114** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 206, AN ACT relating to the turnpike authority.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 175.520 is amended to read as follows:

(1) The authority, while having the right to control tolls under this chapter or any lease, and the bureau, while having such right under this chapter or any such lease, are hereby authorized to fix, revise, charge and collect tolls for the use of each turnpike project and the different parts or sections thereof.

(2) A motor vehicle forming part of a funeral procession when going to a place of burial shall be exempt from any tolls when travelling on turnpike projects and the different parts or sections thereof if the vehicle displays a flag upon which shall be printed, stamped or stained a cross or the star of David and the word "funeral".

(3) The authority, with the approval of the bureau, is hereby authorized to contract with any person, partnership, association or corporation desiring the use of any part of a project, including the right of way adjoining the paved portion, for placing thereon telephone, telegraph, electric light or power lines, service stations, garages, stores, hotels, motels, and restaurants, or for any other purpose except for tracks for railroad or railway use, and to fix the terms, conditions, rents and rates of charges for such use. A sufficient number of service stations shall be authorized to be established in each service area along any such turnpike to permit reasonable competition by private business in the public interest.

(4) [(3)] During any period when tolls are under the control of the authority, such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the turnpike project or projects in connection with which the bonds of any issue shall have been issued under the provisions of this chapter as to provide funds sufficient, with any other available funds, to pay (a) the cost of maintaining, repairing and operating such turnpike project or projects, unless such cost or any part thereof is being paid by the bureau as authorized in this chapter, and (b) the principal of and the interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. Such tolls shall not be subject to supervision or regulation by any other department, commission, board, bureau or agency of the commonwealth. The tolls and all other revenues derived from the turnpike project or projects in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the proceedings authorizing the issuance of such bonds or the trust indenture securing the same, shall be set aside in a sinking fund or funds which are hereby pledged to and charged with the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the proceedings nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the authority and the bureau. The use and disposition of moneys to the credit of any such sinking fund shall be subject to the provisions of the proceedings authorizing the issuance of such bonds or of such trust indenture. Except as may otherwise be provided in such proceedings or in such trust indenture, any such sinking fund shall be a fund for all bonds provided to be payable therefrom without distinction or priority of one (1) over another.

(5) [(4)] Notwithstanding any of the foregoing provisions of this section, the bureau may, by separate proceedings ancillary to the proceedings of the authority authorizing the issuance of revenue bonds or revenue refunding bonds under the provisions of this chapter, covenant to pay all or any part of the cost of maintaining, repairing and operating any project constructed under the provisions of this chapter, and the bureau may, in such proceedings, covenant to make up all or any part of any deficiency in the fund or funds pledged to and charged with the payment of the principal of and the interest on such bonds from any funds or tax revenues available for general purposes of the bureau and not required by law to be devoted to some other purpose, and, inasmuch as such project will have been constructed by agreement with the bureau for the use and benefit of the commonwealth and will eventually become the property of the commonwealth, any such covenant shall have the force of contract between the commonwealth and the holders of such revenue bonds or revenue refunding bonds.

(6) [(5)] Notwithstanding any of the foregoing provisions of this section, the authority may, in the proceedings authorizing the issuance of revenue bonds or revenue refunding bonds for any turnpike project or projects under the provisions of this chapter or in the trust agreement securing such bonds, pledge to the payment of such bonds all motor fuel taxes and surtaxes collected by the commonwealth on gasoline and other motor fuels consumed on such project or projects (except the two-sevenths (2/7) of said motor fuel taxes provided by KRS 138.220 to be set aside for the construction, reconstruction and maintenance of rural and secondary roads) and paid over to the authority by the bureau as revenues of such project or projects, and covenant to deposit such motor fuel taxes from time to time in the sinking fund or funds pledged to the payment of such bonds. In determining the amount of motor fuel consumed on any turnpike project the bureau shall divide the total miles traveled on such project by passenger automobiles, single unit trucks, and semitrailer trucks and buses as determined by the bureau by the average number of miles per gallon of motor fuel consumed by each of those classes of motor vehicle on the following basis:

Passenger automobiles	15 miles per gallon
Single unit trucks	10 miles per gallon
Semitrailer trucks and buses	5 miles per gallon

Section 2. KRS 175.410 is amended to read as follows:

As used in this chapter, the following words shall have the following respective meanings, unless another or different meaning or intent shall be clearly indicated by the context:

(1) The word "authority" shall mean the turnpike authority of Kentucky;

(2) The word "bureau" shall mean the bureau of highways, or, if said bureau shall be abolished, the department, board, body or commission succeeding to the principal functions thereof or to whom the powers given by KRS 177.390 to 177.570 to the bureau shall be given by law;

The income benefits paid therefor shall be *one hundred percent (100%)* [sixty-six and two-thirds percent (66$^{2}/_{3}$ %)] of the average weekly earnings of the employe at the time of his injury , subject to the limitations contained in KRS 342.740, multiplied by the percentage of disability caused by the injury or occupational disease; provided, however, the individual entitled to benefits under permanent partial disability shall be entitled to income benefits based on lost wages or body functional disability benefits, whichever is greater notwithstanding any section of KRS Chapter 342 to the contrary, there shall be no minimum weekly income benefit for permanent partial disability.

Other losses: Proper and equitable scheduled income benefits shall be paid for serious permanent disfigurement of face, head, neck or other area normally exposed and for loss or loss of function of a major member or organ when such disfigurement or loss is of a kind likely to handicap the employe in securing or holding employment.

26. In any case of total or partial loss of use of a member or organ, of hearing or vision, or in any case of disfigurement, determination of the period for which scheduled income benefits are payable shall not be made until the maximum of healing and of restoration function has been attained.

27. If the effects of any of the injuries, or disabilities, from occupational diseases, or losses, mentioned in this section adversely affect a workman's ability to labor, or limit his occupational opportunities to obtain the kind of work he is customarily able to do; his compensation benefits shall not be limited to the amounts provided by this section, and he shall be awarded compensation benefits under some other applicable or appropriate section of this chapter which would provide more compensation benefits for his disability.

(2) Occupational deafness means permanent partial or permanent total loss of hearing of one or both ears caused by prolonged exposure to harmful noise in employment. The following provisions shall apply exclusively to loss of hearing compensable under this subsection:

(a) No claim for scheduled income benefits shall be heard until the lapse of six full consecutive calendar months after the termination of exposure to harmful noise in employment. The time limitation for the filing of claims for occupational deafness shall not begin to run earlier than the day following the termination date of such six months' period. The time for filing claim as provided under this paragraph shall be applicable not only in respect of the last employer, but also in respect of any prior employer who may have liability to pay compensation for the occupational deafness.

(b) No employer shall be liable for the payment of scheduled income benefits for occupational deafness unless the employe claiming benefits shall have worked for such employer in employment exposing the employe to harmful noise for a total period of at least 90 days.

(c) An employer, otherwise liable under this subsection, whose employment has contributed to any extent to an employe's occupational deafness shall be liable for the full extent of the deafness of the employe, unless such employer shall establish by competent evidence (including the results of a professionally controlled hearing test) the extent of the employe's deafness as it existed prior to exposure to harmful noise in the employer's employment. Upon such showing the employer shall be liable to the employe only for the proportion of the deafness attributable to employment by him. An employer liable to the employe for the full extent of the employe's occupational deafness may implead, in a compensation proceeding on the employe's claim, any prior employer or employers in whose employment the employe had been exposed to harmful noise, and if it should be found that the impleaded employer would have been liable to the employe under this subsection, had the employe proceeded against him, under the claim being adjudicated, the employer held liable shall be entitled to an award against the impleaded employer. The impleading of an employer shall be accomplished by notice on a form prescribed by the board. Such notice shall be sent to the impleaded employer and to the board. An award may be made in favor of the employer liable to the employe, and against the impleaded employer or employers, which award may be enforced in the same manner as awards to employes. The impleaded employer or employers shall bear equal shares with the employer of the employer's liability to the employe, unless the evidence warrants a different apportionment.

(d) Losses of hearing due to industrial noise for compensation purposes shall be confined to the frequencies of 500, 1,000, and 2,000 cycles per second. Loss of hearing ability for frequency tones above 2,000 cycles per second are not to be considered as constituting disability for hearing.

(e) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500, 1,000, and 2,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 15 decibels or less in the three frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 82 decibels or more in the three frequencies, then the same shall constitute and be a total or 100 percent compensable hearing loss.

(f) In measuring hearing impairment, the lowest measured losses in each of the three frequencies shall be added together and divided by three to determine the average decibel loss. For every decibel of loss exceeding 15 decibels an allowance of one and one-half percent shall be made up to the maximum of 100 percent which is reached at 82 decibels.

(g) In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five. The resulting figure shall be added to the percentage of impairment in the poorer ear and the sum of the two divided by six. The final percentage shall represent the binaural hearing impairment.

(h) Before determining the percentage of hearing impairment, in order to allow for the average amount of hearing loss from non-occupational causes found in the population at any given age, there shall be deducted from the total average decibel loss, one-half decibel for each year of the employe's age over 40 at the time of last exposure to industrial noise.

(i) No consideration shall be given to the question of whether or not the ability of an employe to understand speech is improved by the use of a hearing aid.

(3) The period of any scheduled income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if scheduled income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the scheduled income benefits payable on account of the subsequent disability in whole or in part would duplicate the scheduled income benefits payable on account of the pre-existing disability.

(4) When an employe, who has sustained disability compensable under this section, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after such death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of 18 or incapable of self-support; or

(b) If there are both such a widow or widower and such a child or children one-half to such widow or widower and the other half to such child or children; or

(c) If there is no such widow or widower but such a child or children, then to such child or children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750 or to both, in such proportions as the board may provide by regulation.

Section 2. KRS 342.740 is amended to read as follows:

(1) The minimum weekly income benefits for disability shall not be less than 20 percent (computed to the next higher multiple of $1.00) and the maximum weekly income benefit shall not exceed *100* [60] percent (computed to the next higher multiple of $1.00) of the average weekly wage of the state as defined herein. In any event, income benefits shall not exceed the average weekly wage of the injured employe.

(2) For the purposes of this chapter the average weekly wage of the state shall be determined by the board as follows: On or before September 1 of each year, the total wages reported by subject employers under the Kentucky unemployment insurance law for the preceding calendar year shall be divided by the average monthly number of insured workers (determined by dividing the total number of insured workers reported for the preceding year by twelve). The average annual wage thus obtained shall be divided by 52 and the average weekly wage thus determined rounded to the nearest cent. Such average weekly wage shall be certified to the board by the department for human resources in a manner prescribed by the board by regulation. The average weekly wage as so determined shall be applicable for the full period during which income or death benefits are payable, when the date of occurrence of injury or of disablement in the case of disease, or of death, falls within the calendar year commencing January 1 following the September 1 determination.

(3) Whenever a change in the average weekly wage of the state is of such amount that the minimum weekly income benefits for total disability or death are increased or decreased by $1.00 or more, or the maximum weekly income benefits for total disability or for death are increased or decreased by $2.00 or more computed in each case and rounded to the nearest dollar, an adjustment in those minimums or maximums which are affected in the requisite amount by the change in the average weekly wage of the state shall be made which will reflect the increase or decrease, but no change in such limitations shall otherwise be made.

(c) The child's guardian, if it has one;

(d) If the care, custody and control of the child has been transferred to the department, any other individual, institution or agency, then the department, such other individual, institution or agency shall be named a party defendant.

(2) Each party defendant shall be brought before the court in the same manner as provided in other civil cases except that if the child to be adopted is under fourteen (14) years of age and the department, individual, institution or agency has custody of such child, the service of process upon such child shall be had by serving a copy of the summons in such action upon the department, individual, institution or agency, any provision of CR 4.04(3) to the contrary notwithstanding.

(3) If the child's natural living parents, if the child is *born in lawful wedlock* [legitimate], or if the child is born out of wedlock, its mother and if paternity is established in legal action or if an affidavit is filed stating that the affiant is father of the child, its father, are parties defendant, no guardian ad litem need be appointed to represent the child to be adopted.

Section 3. KRS 199.500 is amended to read as follows:

(1) No adoption shall be granted without the sworn consent of the living parent or parents of a [legitimate] child *born in lawful wedlock* or the mother of the child born out of wedlock, or the father of the child born out of wedlock if paternity is established in a legal action or if an affidavit is filed stating that the affiant is the father of the child, except that such consent of the living parent or parents shall not be required if:

(a) Such parent or parents have been adjudged incompetent and such judgment shall have been in effect for not less than one (1) year prior to the filing of the petition for adoption;

(b) The parental rights of such parents have been terminated under KRS 199.600 to 199.630; or

(c) The living parents are divorced and the parental rights of one (1) parent have been terminated under KRS 199.600 and consent has been given by the parent having custody and control of the child.

(2) A minor parent who is a party defendant may consent to an adoption but a guardian ad litem for such parent shall be appointed.

(3) In the case of a child twelve (12) years of age or older, the consent of the child shall be given in court, provided that the court in its discretion may waive this requirement.

(4) Notwithstanding the provisions of subsection (1) of this section, an adoption may be granted without the consent of the natural living parents of a child if it is pleaded and proved as a part of the adoption proceedings that any of the provisions of subsections (1) or (2) of KRS 199.600 exist with respect to such child.

Section 4. KRS 199.520 is amended to read as follows:

(1) After hearing the case the court shall enter a judgment of adoption, if it finds that the facts stated in the petition were established; that all legal requirements, including jurisdiction, relating to the adoption have been complied with; that the petitioners are of good moral character, of reputable standing in the community and of ability to properly maintain and educate the child, and that the best interest of the child will be promoted by the adoption and that the child is suitable for adoption. In the judgment the name of the child shall be changed to conform with the prayer of the petition. The judgment and all orders required to be entered and recorded in the order book, including the caption, shall contain only the names of the petitioners and the proposed adopted name of the child, without any reference whatsoever to its former name or the names of its birth parents.

(2) Upon entry of the judgment of adoption, from and after the date of the filing of the petition, the child shall be deemed the child of petitioners and shall be considered for purposes of inheritance and succession and for all other legal considerations, the natural [, legitimate] child of the parents adopting it the same as if born of their bodies. Except where a natural parent is the spouse of an adoptive parent an adopted child from the time of adoption shall have no legal relationship to its birth parents in respect to either personal or property rights.

(3) The clerk of the court shall notify the department of any action of the court with respect to entering a judgment granting an adoption, the amendment of an adoption, or the denial or dismissal of a petition for adoption.

Section 5. KRS 199.600 is amended to read as follows:

(1) In a proceeding involving a neglected or abandoned child, as defined in KRS 199.011, the circuit court may terminate all parental rights of the parents of such child, and declare the child to be a ward of the state, and may vest the care, custody and control of the child in the department, or in any licensed child-caring or child-placing agency or institution, if facilities are available to receive the child, if it is pleaded and proved in a private hearing that the parents have abandoned or deserted the child, or have substantially or continuously or repeatedly neglected the child or refused to give the child parental care and protection, or that the child is neglected and that the parents have been adjudged mentally incompetent and such judgment has been in effect for not less than one year.

(2) If the circumstances described in subsection (1) of this section exist with respect to only one of the two legitimate parents, the parental rights of that parent may be terminated, in which case the child shall not be declared to be a ward of the state, unless with the voluntary consent of the other parent, or if one of the two legitimate parents has willfully, substantially and continuously refused for a period of at least one year to give or pay any support, the parental rights of that parent may be terminated immediately by order of the court, in which case the child shall not be declared a ward of the state, unless with the voluntary consent of the other parent.

(3) In an action to terminate parental rights under this section the parents, if the child is *born in lawful wedlock* [legitimate], or if the child is born out of wedlock, the mother and the father if paternity is established in legal action or if an affidavit is filed stating that the affiant is father of the child, must be personally summoned; or where personal service cannot be made, must be constructively summoned as provided in the Rules of Civil Procedure.

(4) In the event the infant is made party defendant to the action, the boarding home or foster parent shall not be served with summons notwithstanding provisions of CR 4.04(3).

(5) The court may be convened at any time wherever the judge thereof may be found within this judicial circuit, irrespective of the regular term for the purpose of terminating parental rights under this section, and shall complete the same as soon as possible.

(6) Proceedings under this section may be instituted upon petition by the department, any child-placing agency licensed by the department, any probation officer, any state or local law enforcement officer, any county or Commonwealth's attorney or parent.

(7) In the event a parent who is a defendant in an action for involuntary termination of parental rights is for financial reasons unable to obtain legal representation, the court shall appoint an attorney for such person if defendant requests counsel. The court may appoint counsel for any defendant under this statute if in the opinion of the court justice will be served. Unless the attorney appointed receives a salary or fee from another source, he shall be paid a reasonable fee for his services which shall be taxed as costs not to exceed $150.

(8) Unless one or both parents object thereto in writing within ten days after an abortion results in a live birth, the live born person shall become an abandoned ward of the state and the mother and father of such person shall have no parental rights or obligations whatsoever as relates to the abandoned, the same as if parental rights had been terminated pursuant to the provisions of KRS Chapter 199.

Section 6. KRS 199.605 is amended to read as follows:

(1) If a woman, after the birth of *a* [an illegitimate] child *out of wedlock*, should give birth to one or more [illegitimate] children *out of wedlock*, the department may institute action to terminate parental control of the minor children of that person. The fact of such multiple [illegitimate] births *out of wedlock* shall be prima facie evidence of the woman's unfitness to have the custody and control of said children, and if not rebutted may be considered sufficient evidence upon which to base a judgment terminating parental custody and control of such children.

(2) Action under this section shall be brought by the county attorney at the request of the department.

Section 7. KRS 342.085 is amended to read as follows:

As used in this chapter:

(5) "Adopted" and "adoption" include cases where the persons are legally adopted.

Section 8. KRS 391.090 is amended to read as follows:

(1) The estate of a *child born out of wedlock* [bastard] shall descend and be distributed in the same manner as that of a person born in lawful wedlock, except that the inheritance shall go to the mother and her kindred and not to the father and his kindred *unless prior to the child's death paternity was established in a legal action.*

(2) A *child born out of wedlock* [bastard] shall inherit only from his mother and his mother's kindred *unless prior to the father's death paternity was established in a legal action or the father had stated in an affidavit that he was the father of the child, in which case the child shall also inherit from his father and his father's kindred.*

(3) If a man who has had a child by a woman afterward marries her, the child or its descendants, if recognized by him before or after marriage, shall be deemed *as if born in lawful wedlock* [legitimate].

Section 9. KRS 391.100 is amended to read as follows:

[(1) The issue of a marriage found to be incestuous by the conviction of the party or by the judgment of a court during the lifetime of the parties is not legitimate.

HR 43, A RESOLUTION opposing ratification of the Panama Canal Treaty.

WHEREAS, the President of the United States has negotiated with the Republic of Panama a treaty eventually surrendering U.S. control of the Panama Canal and the Canal Zone to the Republic of Panama; and

WHEREAS, much of the public discussion surrounding this proposal infers that the U.S. has no proprietary right to its presence in the Canal Zone, and merely "leases" the facility from the Panamanian government; and

WHEREAS, such allegations are totally false, while in fact the Republic of Panama ceded the Canal Zone to the United States in return for a cash payment of $10,000,000; and

WHEREAS, by previous treaty the Republic of Panama has excluded itself perpetually from exercising any sovereignty whatsoever in the Canal Zone; and

WHEREAS, the present proposal is endorsed and supported by those more concerned with "world opinion" and political relations with Latin America than with a sturdy U.S. defense posture; and

WHEREAS, the weakening of U.S. naval forces, authentically documented, makes more vital than ever before the two-ocean connection provided by the Panama Canal for vessels required to support a fleet now so small that it must be dispersed tactically in two oceans simultaneously; and

WHEREAS, ninety-three percent of the world's shipping still is able to transit the Panama Canal, yielding a handsome revenue for use of the facility, and which yield the Panamanian government no doubt is anxious to grasp, given its $2.77 billion in debt to U.S. banks; and

WHEREAS, the Senate of the United States soon will be called upon by the incumbent administration to ratify this proposal, thereby surrendering U.S. control of the canal after the year 2,000 with the U.S. retaining thereafter the "privilege" of spending lives and dollars toward its defense;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Senate of the United States be and it is hereby urged most respectfully and sincerely to reject ratification of the pending treaty with the Republic of Panama concerning governance of the Panama Canal and the Canal Zone.

Section 2. That the Clerk be directed to transmit copies of this resolution to President Jimmy Carter, the Secretary of the U.S. Senate, and individually to each Kentucky member of the U.S. Senate and House of Representatives.

HB 321, AN ACT relating to sick leave credit for retiring state employes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 61 IS CREATED TO READ AS FOLLOWS:

(1) Any member of the Kentucky employes retirement system or the state police retirement system who is employed by the commonwealth shall, on retirement, receive credit for unused sick leave accrued in the state service in accordance with this section.

(2) Upon the member's notification of retirement as prescribed in KRS 16.576 or 61.590, the employer shall certify the retiring employe's unused, accumulated sick leave balance to the board of trustees of the Kentucky retirement systems. The member's sick leave balance, expressed in days, shall be divided by the average number of working days per month in the state service and rounded to the nearest number of whole

months. A maximum of six (6) months of the member's sick leave balance, expressed in months, shall be added to his service credit for the purpose of determining his annual retirement allowance under KRS 16.505 to 16.645 or KRS 61.510 to 61.700. Such sick leave balance shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 16.505 to 16.645 or KRS 61.510 to 61.700.

(3) The board shall compute the cost to the retirement system of the sick leave credit of each retiring member and shall bill the last employer of the retiring employe for such cost. The employer shall pay the cost of such service credit by interaccount charge.

Section 2. KRS 61.545 is amended to read as follows:

The board shall determine by appropriate rules and regulations how much service in any year is the equivalent of a year of service credit and how much service in any calendar month is the equivalent of a month of service credit, but in no case shall it allow credit for more than one (1) year of service for all service rendered in any period of twelve (12) consecutive months *except as provided in Section 1 of this Act.*

Such notice shall include publication in a newspaper of general circulation in the state as determined by the secretary of the executive department for finance and administration not less than seven (7) days nor more than twenty-one (21) days before the date set for the opening of the bids.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection.

(5) The contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or lowest evaluated bid price.

(6) Correction or withdrawal of bids may be allowed only to the extent permitted by regulations issued by the secretary.

SECTION 18. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) When, under regulations issued by the secretary, the chief purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in sections 20 and 21 of this code, a contract may be awarded by competitive negotiation.

(2) Contracts may be competitively negotiated when it is determined in writing by the chief purchasing officer that the bid prices received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which:

(a) Each responsible bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate; and

(b) The negotiated price is lower than the lowest rejected bid by any responsible bidder; and

(c) The negotiated price is the lowest negotiated price offered by any responsible offeror.

(3) Adequate public notice of the request for proposals shall be given in the same manner as provided in section 17(3) of this code.

(4) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals.

(6) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation, except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable prices, and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

SECTION 19. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under section 17 of this code result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the lowest responsive and responsible bidder; and

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in section 17 of this code, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one bidder, competitive negotiations pursuant to section 18 of this code, shall be conducted with the three (two if there are only two) bidders determined in writing to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror.

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with section 20 of this code.

SECTION 20. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

A contract may be made by noncompetitive negotiation only when competition is not feasible, as determined by the chief purchasing officer in writing prior to award, under regulations issued by the secretary of the executive department for finance and administration, and emergency purchases may be made pursuant to KRS 45.400.

SECTION 21. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

Procurements, not to exceed an aggregate amount of five thousand dollars ($5,000) for construction and twenty-five hundred dollars ($2,500) for all other purchases may be made in accordance with small purchase regulations promulgated by the secretary of the executive department for finance and administration. Procurement requirements shall not be artificially divided so as to constitute a small purchase under this section. At least every three (3) years, the secretary shall review the prevailing costs of labor and materials and may make recommendations to the next regular session of the General Assembly for the revision of the then current maximum small purchase amount as justified by intervening changes in the cost of labor and materials.

SECTION 22. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

An invitation for bids, a request for proposals, or other solicitation may be cancelled, or all bids or proposals may be rejected, if it is determined in writing that such action is taken in the best interest of the Commonwealth and approved by the chief purchasing officer.

SECTION 23. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) A written determination of responsibility of a bidder or offeror shall be made and it shall be made in accordance with regulations issued by the secretary of the executive department for finance and administration. A reasonable inquiry to determine the responsibility of a bidder or offeror may be conducted. The failure of a bidder or offeror to promptly supply information in connection with such an inquiry may be grounds for a determination of nonresponsibility with respect to such a bidder or offeror.

(2) Except as otherwise provided, by law, information furnished by a bidder or offeror pursuant to this section may not be disclosed outside of the division of state purchasing or the purchasing agency administering the contract without prior written consent of the bidder or offeror.

SECTION 24. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

The secretary of the executive department for finance and administration may provide for prequalification of suppliers as responsible prospective contractors for particular types of supplies, services, and construction. Solicitation mailing lists of potential contractors of such supplies, services, and construction shall include but shall not be limited to such prequalified suppliers. Prequalification shall not foreclose a written determination:

(1) Between the time of the bid opening or receipt of offers and the making of an award, that a prequalified supplier is not responsible; or

(2) That a supplier who is not prequalified at the time of bid opening or receipt of offers is responsible.

SECTION 25. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) A contractor shall submit cost or pricing data and shall certify that, to the best of his knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of a mutually determined specified date prior to the date of:

(a) The pricing of any negotiated contract where the total contract price is expected to exceed fifty thousand dollars ($50,000); or

(b) The pricing of any change order or contract modification which is expected to exceed twenty-five thousand dollars ($25,000), or such lesser amount in either instance as may be prescribed by the purchasing officer.

(2) Any contract, change, or modification thereto under which a certificate is required shall contain a provision that the price to the Commonwealth, including profit or fee, shall be adjusted to exclude any significant sums by which the purchasing officer finds that such price was increased because the contractor furnished cost or pricing data, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

(3) The requirements of this section need not be applied to contracts where the price negotiated is based on adequate price competition, established catalogue or market prices of commercial items sold in substantial quantities to the general public, prices set by law or regulation, or in exceptional cases where it is determined in writing by the chief purchasing officer that the requirements of this section may be waived, and the reasons for such waiver are stated in writing.

SECTION 26. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

The cost plus a percentage of cost system of contracting shall not be used.

SECTION 27. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) No contract providing for the reimbursment of the contractor's cost plus a fixed fee, hereinafter referred to as a cost reimbursement contract, may be made under Sections 18, 19, or 20 of this code, unless it is determined in writing by the chief purchasing officer that such contract is likely to be less costly to the Commonwealth than any other type of contract, or that it is impracticable to obtain supplies or services of the kind or quality required except under such a contract.

(2) Each contractor under a cost reimbursement type contract shall give notice, as provided for in the contract, before entering into:

(a) A cost reimbursement type subcontract; or

(b) Any other type of subcontract involving more than ten thousand dollars ($10,000), or ten percent (10%) of the estimated cost of the prime contract.

(3) All cost reimbursement type contracts shall contain a provision that only costs recognized as allowable, in accordance with cost principles set forth in regulations issued pursuant to Section 43 of this code, will be reimbursable.

SECTION 28. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

SECTION 29. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

Except with respect to firm fixed price type contracts, no contract type shall be used unless it has been determined in writing that the proposed contractor's accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated and that the contractor's accounting system is adequate to allocate costs in accordance with generally accepted accounting principles.

SECTION 30. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) Unless otherwise provided in the statute making appropriations therefor, multi-year contracts for supplies and services may be entered into for periods not extending beyond the end of the biennium in which the contract was made, if funds for the first fiscal year of the contemplated contract are available at the time of contracting. Payment and performance obligations for succeeding fiscal years shall be subject to the availability of funds therefor.

(2) Prior to the utilization of a contract as described in subsection (1) of this section, it shall be determined in writing by the chief purchasing officer:

(a) That estimated requirements cover the period of the contract and are reasonably firm and continuing; and

(b) That such contract will serve the best interests of the Commonwealth by encouraging effective competition or otherwise promoting economies in state procurement.

(3) When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent year of a contract as described in subsection (1) of this section, the contract for such subsequent year may be cancelled and the contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the supplies or services delivered under the contract. The cost of cancellation may be paid from:

(a) Appropriations currently available for performance of the contract; or

(b) Appropriations currently available for procurement of similar supplies or services and not otherwise obligated; or

(c) Appropriations made specifically for the payment of such cancellation costs.

The right to audit hereunder shall only extend to those books and records reasonably connected with cost or pricing data submitted under Section 25 of this code, and such books and records shall be maintained by the contractor or subcontractor for the period specified in subsection (3) of this section.

(3) The executive department for finance and administration shall be entitled to audit the books and records of a contractor or any subcontractor under any negotiated contract or subcontract other than a firm fixed-price type contract, provided, however, that this subsection shall not limit the right to audit as set forth in subsection (2) of this section. Such books and records shall be maintained by the contractor for a period of three (3) years from the date of final payment under the prime contract and by the subcontractor for a period of three (3) years from the date of final payment under the subcontract.

(2) All documents involved in any procurement in which collusion is suspected shall be retained until the attorney general gives notice that they may be released, and all such documents shall be made available to the attorney general or his designee upon request.

SECTION 34. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

SECTION 35. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The division of state purchasing shall have responsibility for issuing and maintaining all standard specifications for supplies, services, and construction required by the Commonwealth. Among its duties, it shall, to the greatest extent practicable:

(a) Prepare and issue standard specifications for supplies, services, and construction commonly required by the Commonwealth;

(b) Revise all standard specifications to conform to all technical and scientific advances pertaining to the supplies, services, and construction described in those specifications and to reflect changes in the Commonwealth's requirements; and

(c) Establish guidelines for drafting specifications.

Bidders's security shall be a bond provided by a surety company authorized to do business in this Commonwealth, or the equivalent in cash, in a form satisfactory to the Commonwealth. Nothing herein prevents the requirement of such bonds on construction contracts under twenty-five thousand dollars ($25,000) when the circumstances warrant.

(2) Bidder's security shall be in an amount equal to at least five percent (5%) of the amount of the bid.

(3) When the invitation for bids requires that bidder security be provided, non-compliance requires that the bid be rejected, provided, however, that the secretary of the executive department for finance and administration may set forth by regulation exceptions to this requirement in the event of substantial compliance.

(4) After the bids are opened, they shall be irrevocable for the period specified in the invitation for bids, provided that, if a bidder is permitted to withdraw his bid before award because of a mistake in the bid as allowed by law or regulation, no action shall be had against the bidder or the bidder's security.

(b) A payment bond satisfactory to the Commonwealth executed by a surety company authorized to do business in the Commonwealth, or otherwise supplied, satisfactory to the Commonwealth, for the protection of all persons supplying labor and material to the contractor or his subcontractors, for the performance of the work provided for in the contract. The bond shall be in an amount equal to one hundred percent (100%) of the original contract price.

(2) Nothing in this section shall be construed to limit the authority of the Commonwealth to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in subsection (1) of this section.

(3) Every person who has furnished labor or material to the contractor or his subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this section and who has not been paid in full therefor before the expiration of a period of ninety (90) days after the day on which the last of the labor was done or performed by him or material was furnished or supplied by him for which such claim is made, shall have the right to sue on the payment bond for the amount, or the balance thereof, unpaid at the time of institution of such suit and to prosecute said action to final judgment and execution for the sum justly due him; provided, however, that any person having a direct contractual relationship with a subcontractor of the contractor, but no contractual relationship express or implied with the contractor

furnishing said payment bond, shall have a right of action upon the payment bond upon giving written notice to the contractor within ninety (90) days from the date on which such person did or performed the last of the labor or furnished or supplied the last of the material upon which such claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the material was furnished or supplied or for whom the labor was done or performed. Such notice shall be personally served or served by mailing the same by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place he maintains an office or conducts his business, or his residence.

(4) Every suit instituted under this section may be brought in the appropriate court in this Commonwealth having jurisdiction over the site on which the contract was to be performed, but no such suit shall be commenced after the expiration of one (1) year after the day on which the last of the labor was performed or material was supplied by the person bringing suit. The obligee named in the bond need not be named and made a party in any such suit.

(2) In the procurement of architectural and engineering services, the chief purchasing officer shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data. The chief purchasing officer shall evaluate current statements of qualifications and performance data on file with the Commonwealth, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three (3) firms regarding anticipated design concepts and the relative utility of alternative methods of approach for furnishing the required services, and shall then select therefrom, in order of preference, based upon criteria established and published by him, no less than three (3) of the firms deemed to be the most highly qualified to provide the services required.

(3) The chief purchasing officer shall negotiate a contract with the highest qualified firm for architectural and engineering services at compensation which the chief purchasing officer determines in writing to be fair and reasonable to the Commonwealth. In making this decision, the chief purchasing officer shall take into account the estimated value of the services to be rendered, the scope, complexity, and professional nature thereof. Should the chief purchasing officer be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the chief purchasing officer determines to be fair and reasonable to the Commonwealth, negotiations with that firm shall be formally terminated. The chief purchasing officer shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the chief purchasing officer shall formally terminate negotiations. The chief purchasing officer

shall then undertake negotiations with the third most qualified firm. Should the chief purchasing officer be unable to negotiate a satisfactory contract with any of the selected firms, the chief purchasing officer shall select additional firms in order of their competence and qualification and the chief purchasing officer shall continue negotiations in accordance with this section until an agreement is reached.

SECTION 66. KRS 61.092 IS AMENDED TO READ AS FOLLOWS AND RE-ENACTED AS A NEW SECTION OF KRS CHAPTER 45A:

The purpose of *sections 66 through 68 of this code* [KRS 61.092 to 61.096] is to prescribe specific standards to guide public officers and employes in the conduct of their offices or employment, and to proscribe improper conduct to the extent to which such conduct may be sufficiently described to enable statutory prohibitions against it to be properly enforced. It is at the same time recognized that under a free government it is both necessary and desirable that all citizens should have certain specific interests in the decisions of government, and that the activities and conduct of public officers and employes should not be unduly circumscribed.

SECTION 67. KRS 61.094 IS REPEALED, AMENDED AND RE-ENACTED AS A NEW SECTION OF KRS CHAPTER 45A, TO READ AS FOLLOWS:

As used in *sections 66 through 68 of this code* [KRS 61.092 to 61.096] except as may be otherwise indicated by the context:

(1) "Agency" means any of the departments of the state government, and any division, board, bureau, commission or other instrumentality within such department and any independent state authority, commission, instrumentality or agency, but it does not include an authority, commission, instrumentality or agency created pursuant to compact or agreement between or among the state of Kentucky and another state or states;

(2) "Officer or employe" means a person holding an office, position or employment in an agency, but it does not include persons who serve without salary or other payment for their services and it does not include employes of school boards or district boards of education *or faculty or staff of state institutions of higher learning*;

SECTION 68. KRS 61.096 IS AMENDED TO READ AS FOLLOWS AND RE-ENACTED AS A NEW SECTION OF KRS CHAPTER 45A:

This section shall not apply to appearances before any court, except that negotiations shall be prohibited as aforesaid at any time.

(2) No officer or employe of an agency or member of a state board or commission, may be in any manner interested, either directly or indirectly, in his own name or in the name of any other person, association, trust, or corporation, in any contract for the performance of any work in the making or letting or administration of which such officer or employe may be called upon to act or vote. No such officer or employe may represent, either as agent or otherwise, any person, association, trust or corporation, with respect to any application or bid for any contract or work in regard to which such officer or employe may be called upon to act or vote. Nor may any such officer or employe take, solicit or receive, either directly or indirectly, any money or other thing of value as a gift or bribe or means of influencing his vote or action in his official character. Any contract made and procured in violation hereof is void. For the purposes of this section the holding of less than five per cent (5%) of the stock of a corporation is not considered an interest.

(5) No officer or employe of an agency or appointee shall knowingly himself or by his partners or through any corporation which he controls or in which he owns or controls more than ten per cent (10%) of the stock, or by any other person for his use or benefit or on his account, undertake, execute, hold or enjoy, in whole or in part, any contract or agreement for sale or purchase, as provided by KRS Chapter 45 *or this code*, made, entered into, awarded or granted by any agency, unless the provisions of KRS Chapter 45 *and this code* are complied with.

(6) No officer, employe or appointee of an agency, including persons who serve without salary or other payment for their services, shall knowingly receive or agree to receive, directly or indirectly, compensation for any services rendered or to be rendered, either by himself or another, in any cause, proceeding, application or other matter which is before said agency or before the department of state government in which said agency functions.

SECTION 69. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(5) Every person, firm, or corporation offering to make, or pay, or give, any rebate, percentage of contract, money or any other thing of value, as an inducement or intended inducement, in the procurement of business, or the giving of business, to any employe of the division of purchases or to any official of the commonwealth, elective or appointive, in his efforts to bid for, or offer for sale, or to seek in the open market, shall be deemed guilty of a felony and shall be punished by a fine not to exceed five thousand dollars ($5,000) or by imprisonment in the penitentiary for not more than ten (10) years, or both so fined and imprisoned in the discretion of the jury.

SECTION 72. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(2) The determinations required by Sections 70 through 94 of this code shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law.

SECTION 73. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) A local public agency may adopt regulations, not inconsistent with Sections 70 through 94 of this code, governing the following:

(b) Prequalification, suspension, debarment, and reinstatement of prospective bidders;

(c) Modification and termination of contracts;

(d) Conditions and procedures for the purchase of perishables and items for resale;

(l) Such other regulations as may be deemed advisable to carry out the purposes of Sections 70 through 94 of this code or otherwise fulfill the local public agency's procurement responsibilities.

(2) All local public agency ordinances and regulations pertaining to procurement, whether promulgated under Sections 70 through 94 of this code or otherwise, shall be maintained by the local public agency and shall be available to the public upon request at a cost not to exceed the cost of reproduction.

SECTION 74. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) All contracts or purchases shall be awarded by competitive sealed bidding, except as otherwise provided by Sections 75, 76 and 77 of this code.

(2) The invitation for bids shall state whether the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measureable criteria to be utilized shall be set forth in the invitation for bids.

(3) The public shall be given notice of the invitation for bids for advertisement in the newspaper of largest circulation in the local jurisdiction at least once not less than seven (7) days nor more than twenty-one (21) days before the date set for the opening of the bids. The advertisement shall include the time and place the bids will be opened and the time and place where the specifications may be obtained.

(4) The bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection.

(5) A contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or the lowest evaluated bid price.

(6) The local public agency may allow the withdrawal of a bid where there is a patent error on the face of the bid document, or where the bidder presents sufficient evidence, substantiated by bid worksheets, that the bid was based upon an error in the formulation of the bid price.

SECTION 75. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) A local public agency may contract or purchase through competitive negotiation upon a written finding that:

(a) Specifications cannot be made sufficiently specific to permit award on the basis of either the lowest bid price or the lowest evaluated bid price, including, but not limited to, contracts for experimental or developmental research work, or highly complex equipment which requires technical discussions, and other nonstandard supplies, services, or construction; or

(b) Sealed bidding is inappropriate because the available sources of supply are limited, the time and place of performance cannot be determined in advance, the price is regulated by law, or a fixed price contract is not applicable; or

(c) The bid prices received through sealed bidding are unresponsive or unreasonable as to all or part of the requirements, or are identical or appear to have been the result of collusion; provided each responsible bidder is notified of the intention to negotiate and is given a reasonable opportunity to negotiate, and the negotiated price is lower than the lowest rejected bid by any responsible bidder.

(2) Proposals shall be solicited through advertisement pursuant to Section 74(3) of this code or any other means which can be demonstrated to notify an adequate number of qualified sources to permit reasonable competition consistent with the nature and requirement of the procurement. The request for proposals shall indicate the factors to be considered in the evaluation and the relative importance of each factor.

(3) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with that particular supply, service or construction item that acceptance of an initial offer without discussion would result in fair and reasonable prices and the request for proposal notifies all offerors of the possibility that award may be made on the basis of initial offers.

(4) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions. A request for proposals based on revised specifications or quantities shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror. No discussion shall be conducted with offerors after submission of revised proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that an award is to be made without discussion except as herein provided.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the local public agency based upon the evaluation factors set forth in the request for proposals.

SECTION 76. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under Section 74 of this code result in bid prices in excess of the funds available for the purchase, and the local public agency determines in writing:

(a) That there are no additional funds then available from any source so as to permit an award to the lowest responsive and responsible bidder; and

(b) The best interest of the local public agency will not permit the delay attendant to a resolicitation under revised specifications or revised quantities under competitive sealed bidding as provided in Section 74 of this code;

then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one (1) bidder, competitive negotiations pursuant to Section 75 of this code shall be conducted with the three (two if there are only two) bidders determined in writing by the local public agency to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror. No discussion shall be conducted with offerors after submission of proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that award is to be made without discussions except as herein provided.

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one (1) responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with Section 80 of this code.

SECTION 77. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOW:

(1) A local public agency may contract or purchase through noncompetitive negotiation only when a written determination is made that competition is not feasible and it is further determined in writing by the local public agency that:

(a) An emergency exists which will cause public harm as a result of the delay in competitive procedures; or

(b) There is a single source of the product or service to be procured; or

(c) The contract is for the services of a licensed professional, and the services are to be rendered in a personal representative capacity, provided, however, that this provision shall not apply to architects or engineers providing construction management services; or

(d) The contract is for the purchase of perishable items purchased on a weekly or more frequent basis, such as fresh fruits, vegetables or fish.

(2) A report shall be compiled annually and submitted to the legislative body or governing board, within ninety (90) days following the close of the fiscal year, of all contracts made through noncompetitive negotiation during such fiscal year and the report shall contain:

(a) The name of each contractor; and

(b) The amount and type of each contract; and

(c) A description of the supplies, services and construction purchased by each contract; and

(d) Copies of all determinations and findings required to be made by provisions of this section as attachments.

(3) Reports required by Section 77(1) of this code shall be retained for a period of five (5) years and shall be available for public inspection and copying upon reasonable request.

SECTION 78. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The local public agency shall establish small purchase procedures which shall be in writing and available to the public.

(2) Small purchase procedures may be used for the award of any contract or purchase which does not exceed an aggregate amount of twenty-five hundred dollars ($2,500).

(3) Supplies, services or construction normally supplied as a unit cannot be artifically divided for the sole purpose of using small purchase procedures. Supplies, services or construction to be supplied over a period of time at the same unit price shall be considered a single purchase contract. A contract may be for any period of time that will provide the most beneficial market price to the local public agency, provided no time period shall be fixed for the sole purpose of avoiding the requirements of competitive sealed bidding or negotiation.

SECTION 79. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

An invitation for bid, a request for proposal or other solicitation may be cancelled, or all bids or proposals may be rejected, if it is determined in writing that such action is in the best interest of the local public agency.

SECTION 80. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) A written determination of responsibility of a bidder or offeror shall be made, based on a reasonable inquiry conducted by the local public agency. The unreasonable failure of a bidder or offeror to promptly supply information upon request may be grounds for a determination of nonresponsibility of such bidder or offeror.

(2) Except as otherwise provided by law, information furnished by a bidder or offeror pursuant to this section may not be disclosed outside of the local public agency without prior written consent of the bidder or offeror.

SECTION 81. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

Suppliers may be prequalified as responsible prospective contractors for particular types of supplies, services and construction. Solicitation mailing lists of potential contractors of such supplies, services and construction shall include, but shall not be limited to, such prequalified prospective contractors. Prequalification shall not foreclose a written determination:

(1) Between the time of bid opening or receipt of offers in the making of an award that a prequalified prospective contractor is not responsible; or

(2) That a prospective contractor who is not prequalified at the time of bid opening or receipt of offers is responsible.

SECTION 82. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) A contractor shall submit cost or pricing data and shall certify that, to the best of his knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of a mutually determined specified date prior to the date of:

(a) Pricing of any negotiated contract where the total contract price is expected to exceed fifty thousand dollars ($50,000), or such lesser amount as may be prescribed by the local public agency; or

(b) Pricing of any change order or contract modification which is expected to exceed twenty-five thousand dollars ($25,000), or such lesser amount as may be prescribed by the local public agency.

(2) Any contract, change, or modification thereto under which a certificate is required shall contain a provision that the price to the local public agency, including profit or fee, shall be adjusted to exclude any significant sums by which the local public agency finds that such price was increased because the contractor-furnished cost or pricing data which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

(3) The requirement of this section need not be applied to contracts where the price negotiated is based on adequate price competition, established catalogue or market prices of commercial items sold in substantial quantities to the general public, prices set by law or regulation, or in exceptional cases where it is determined in writing that the requirements of this section may be waived, and the reasons for such waiver are enumerated in the determination.

SECTION 83. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The local public agency may inspect the plant or place of business of a contractor or any subcontractor under any contract awarded or to be awarded by the local public agency.

(2) The local public agency may audit the books and records of any person who has submitted cost or pricing data under Section 82 of this code, at any time until the period of record retention as set forth in subsection (3) of this section shall have expired. The right to audit hereunder shall only extend to those books and records reasonably connected with cost or pricing data submitted under Section 85 of this code, and such books and records shall be maintained by the contractor or subcontractor for the period specified in subsection (3) of this section.

(3) The local public agency shall be entitled to audit the books and records of a contractor or any subcontractor under any negotiated contract or subcontract other than a firm fixed-price type contract, provided, however, that this subparagraph shall not limit the right to audit as set forth in subsection (2) of this section. Such books and records shall be maintained by the contractor for a period of five (5) years from the date of final payment under the prime contract and by the subcontractor for a period of five (5) years from the date of final payment under the subcontract.

SECTION 84. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The local public agency shall use specifications which assure the maximum practicable competition to meet the agency's needs.

(2) A specification which describes a product which is proprietary to one (1) company may be used only when:

(a) No other kind of specification is reasonably available to describe requirements; and

(b) Such specification includes language which specifically permits an equivalent product to be supplied. Such specification shall include a description of the salient characteristics of the product.

SECTION 85. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

Any local public agency may enter into an agreement for cooperative purchasing with any other local public agency. When the contracting local public agency contracts for supplies, services or construction pursuant to Sections 74, 75, 76, or 77 of this code, all other parties to the agreement shall be deemed to have complied with the provisions of those sections.

SECTION 86. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) A local public agency may sell or otherwise dispose of any personal property which is not needed or has become unsuitable for public use, or which would be suitable, consistent with the public interest, for some other use.

(2) A written determination as to need of suitability of any personal property of the local public agency shall be made; and such determination shall fully describe the personal property; its intended use at the time of

acquisition; the reasons why it is in the public interest to dispose of the item; and the method of disposition to be used.

(3) Surplus or excess personal property as described in this section may be transferred, with or without compensation, to another governmental agency; or it may be sold at public auction or by sealed bids in accordance with Section 74 of this code.

SECTION 87. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) Bidder security shall be required for all competitive sealed bidding for construction contracts when the price is estimated by the local public agency to exceed twenty-five thousand dollars ($25,000). Bidder's security shall be a bond provided by a surety company authorized to do business in this Commonwealth, or the equivalent in cash, in a form satisfactory to the local public agency. Nothing herein prevents the requirement of such bonds on construction contracts under twenty-five thousand dollars ($25,000) when the circumstances warrant.

(2) Bidder's security shall be in an amount equal to at least five percent (5%) of the amount of the bid.

(3) When the invitation for bids requires that bidder security be provided, noncompliance requires that the bid be rejected, provided, however, that the local public agency may set forth by regulation exceptions to this requirement in the event of substantial compliance.

(4) After the bids are opened, they shall be irrevocable for the period specified in the invitation for bids, provided that, if a bidder is permitted to withdraw his bid before award because of a mistake in the bid as allowed by law or regulation, no action shall be had against the bidder or the bidder's security.

SECTION 88. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

When a construction contract is awarded in an amount in excess of twenty-five thousand dollars ($25,000), the following bonds shall be furnished to the local public agency, and shall become binding on the parties upon the award of the contract:

(a) A performance bond satisfactory to the local public agency executed by a surety company authorized to do business in this Commonwealth, or otherwise supplied, satisfactory to the local public agency, in an amount equal to one hundred percent (100%) of the contract price as it may be increased; and

(b) A payment bond satisfactory to the local public agency, executed by a surety company authorized to do business in this Commonwealth, or otherwise supplied, satisfactory to the local public agency, for the protection of all persons supplying labor and material to the contractor or his subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to one hundred percent (100%) of the original contract price.

(2) Nothing in this section shall be construed to limit the authority of the local public agency to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in subsection (1) of this section, including, but not limited to, bonds for the payment of taxes and unemployment insurance premiums.

(3) Every person who has furnished labor or material to the contractor or his subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this section, and who has not been paid in full therefor before the expiration of a period of ninety (90) days after the day on which the last of the labor was done or performed by him or material was furnished or supplied by him for which such claim is made, shall have the right to sue on the payment bond for the amount, or the balance thereof, unpaid at the time of institution of such suit and to prosecute said action to final judgment and execution for the sum or sums justly due him; provided, however, that any person having a direct contractual relationship with a subcontractor of the contractor, but no contractual relationship express or implied with the contractor furnishing said payment bond, shall have a right of action upon the payment bond upon giving written notice to the contractor within ninety (90) days from the date on which such person did or performed the last of the labor or furnished or supplied the last of the material upon which such claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the material was furnished or supplied or for whom the labor was done or performed. Such notice shall be personally served or served by mailing the same by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place he maintains an office or conducts his business, or his residence.

(4) Every suit instituted under this section may be brought in the appropriate court in this Commonwealth having jurisdiction over the site on which the contract was to be performed, but no such suit shall be commenced after the expiration of one (1) year after the day on which the last of the labor was performed or material was supplied by the person bringing suit. The obligee named in the bond need not be named and made a party in any such suit.

SECTION 89. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The local public agency may promulgate by regulation the form of the bonds required by Sections 87 and 88 of this code, or it may adopt the form established by the state under Sections 35 through 41 of this code.

(2) The local public agency shall furnish a certified copy of a bond to any person who requests such and pays the reasonable fee for such copy. The copy shall be prima facie evidence of the contents, execution, and delivery of the original.

SECTION 90. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(6) "Immediate family" shall mean a spouse, children, grandchildren, parents, grandparents, brothers and sisters, and such other relatives as designated by the local public agency.

(7) "Official responsibility" shall mean direct administrative or operating authority, whether intermediate or final, either exercisable alone or with others, either personally or through subordinates, to approve, disapprove, or otherwise direct local public agency actions.

(8) "Suspension" shall mean the disqualification of any person to receive invitations for bids or requests for proposals, or to be awarded a contract by a local public agency for a temporary period; pending the completion of an investigation and any legal proceedings that may ensue.

SECTION 91. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) Public employment is a public trust.

(2) It is the policy and purpose of Sections 70 through 94 of this code to promote and balance the object of protecting government integrity and of facilitating the recruitment and retention of personnel needed by local public agencies by prescribing essential restrictions against conflict of interest without creating unnecessary barriers to public service and by facilitating development of fair and competitive access to local public agency purchasing by responsible contractors.

(3) Employes must discharge their duties and responsibilities fairly and impartially. They should also maintain a standard of conduct that will inspire public confidence in the integrity of the government of all local public agencies.

SECTION 92. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) It shall be a breach of ethical standards for any employe to participate directly or indirectly in any proceeding or application; request for ruling or other determination; claim or controversy; or other particular matter pertaining to any contract, or subcontract, and any solicitation or proposal therefor, in which to his knowledge:

(a) He, or any member of his immediate family has a financial interest therein; or

(2) It shall be breach of ethical standards for any person to offer, give, or agree to give any employe or former employe, or for any employe or former employe to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment, in connection with any decision, approval, disapproval, recommendation, preparation of any part of a purchase request, influencing the content of any specification or

purchase standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling or other determination, claim or controversy, or other particular matter, pertaining to any contract or subcontract and any solicitation or proposal therefor.

(3) It is a breach of ethical standards for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

(4) The prohibition against conflicts of interest and gratuities and kickbacks shall be conspicuously set forth in every local public agency contract and solicitation therefor.

In addition, said value may also be recovered from the subcontractor making such kickbacks. Recovery from one offending party shall not preclude recovery against other offending parties.

Section 96. KRS 18.220 is amended to read as follows:

(1) The commissioner of personnel shall prepare and submit proposed rules to the governor for employes in non-merit system positions enumerated in paragraphs (f), (g), (h), (i), (j), (o), (t), and (u) of KRS 18.140(1) *and Section 95(1)(w) of this Act.* Such rules shall become effective after approval by the governor and promulgation in accordance with KRS Chapters 12 and 13. The rules shall provide:

(a) For the preparation, maintenance and revision of a position classification plan for all aforementioned positions in the unclassified service, based upon similarity of duties performed and responsibilities assumed, so that the same qualifications may reasonably be required for and the same schedule of pay may be equitably applied to all positions in the same class. After such classification plan has been approved by the governor, the commissioner shall allocate the positions of every employe in the unclassified service to one (1) of the classes of the plan. Any employe affected by the allocation of a position to a class shall, after filing with the commissioner of personnel a written request for reconsideration thereof in such manner and form as the commissioner may prescribe, be given a reasonable opportunity to be heard thereon by the commissioner;

Such pay plan shall become effective only after it has been approved by the governor after submission to him by the commissioner of personnel through the commissioner of the executive department for finance and administration. Amendments to the pay plan may be made in the same manner. Each employe shall be paid at one (1) of the rates set forth in the pay plan for the position in which he is employed;

(c) For transfer from a position in one (1) department to a similar position in another department involving similar qualifications, duties, responsibilities, and salary ranges;

(f) For such other rules and administrative regulations, not inconsistent with KRS 18.110 to 18.360, as may be proper and necessary for its enforcement.

Section 97. KRS 45.360 is amended to read as follows:

(1) [The executive department for finance and administration shall purchase, or shall delegate and control the purchase of, the combined requirements of all spending agencies of the state including, but not

limited to, interests in real property, contractual services, rentals of all types, supplies, materials, equipment, and services, except that competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(c) Where rates are fixed by law or ordinance;

(d) For library books;

(e) For commercial items that are purchased for resale;

(f) For professional, technical, or artistic services (Contracts exempted by this provision shall be referred to the department of personnel for review and approval);

(g) For all other commodities, equipment and services which, in the reasonable discretion of the executive department for finance and administration, are available from only one (1) source; and

(h) Interests in real property.

(2) Nothing in this section shall deprive the executive department for finance and administration from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof, provided, however, that no contract executed under this provision shall authorize a price higher than is contained in the contract between general service administration and the vendor affected.

(3) The executive department for finance and administration shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and shall prescribe rules and regulations to govern purchasing by or for all such agencies, subject to the approval of the commissioner of the executive department for finance and administration, and shall publish a manual of procedures to be distributed to agencies and to be revised upon issuance of amendments to such procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the department or made under general regulations which the executive department for finance and administration may prescribe.

(4)] The executive department for finance and administration shall adopt regulations to require agencies to take and maintain inventories of plant and equipment. The executive department for finance and administration shall conduct periodic physical audits of inventories.

(2) [(5)] The executive department for finance and administration shall require all agencies to furnish an estimate of specific needs for supplies, materials, and equipment to be purchased by competitive bidding for the purpose of permitting scheduling of purchasing in large volume. It shall establish and enforce schedules for purchasing supplies, materials, and equipment. In addition, all agencies shall submit to the executive department for finance and administration prior to the beginning of each fiscal year an estimate of all needs for supplies, materials, and equipment during that year which will have to be acquired through competitive bidding.

(3) [(6)] The executive department for finance and administration shall have power, with the approval of the commissioner of the executive department for finance and administration, to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

[(7) The executive department for finance and administration shall sell or otherwise dispose of all property (including any interest in real property) of the state which is not needed or has become unsuitable for public use, or would be more suitable consistent with the public interest for some other use, as determined by the commissioner of the executive department for finance and administration. The determination of the commissioner of the executive department for finance and administration shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. Such request shall describe the property and state the reasons why the agency believes disposal should be effected. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the commissioner of the executive department for finance and administration and approved by the governor. Unless the commissioner of the executive department for finance and administration deems it in the best interest of the state to proceed otherwise, all such property (including any interests in real property) shall be sold either by invitation of sealed bids or by public auction, provided however that the selling price of any interest in real property shall not be less than the appraised value thereof as determined by the department of revenue, or department of highways for such requirements of that department.]

(4) [(8)] Except as provided in KRS chapters 175, 176, 177 and 180 *and subject to the provisions of this Act,* the executive department for finance and administration shall purchase or otherwise acquire all real property determined to be needed for state use, upon the approval of the commissioner of the executive department for finance and administration as to the determination of need and as to the action of purchase or other acquisition, provided that the amount paid shall not exceed the appraised value as determined by the

department of revenue, bureau of highways (for such requirements of that department), or value set by eminent domain procedure.

(5) [(9)] Real property or any interest therein may, *subject to the provisions of this Act,* be purchased, leased, or otherwise acquired from any officer or employe of any agency of the state upon a finding by the executive department for finance and administration, based upon a written application by the head of the agency requesting the purchase, and approved by the commissioner of the executive department for finance and administration and the governor, that the employe has not either himself or through any other person influenced or attempted to influence either the agency requesting the purchase of the property of the executive department for finance and administration in connection with such acquisition. In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS chapter 56.

(6) [(10)] The executive department for finance and administration shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the commissioner of the executive department for finance and administration, the governor, and the general assembly. The executive department for finance and administration shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities.

(7) [(11)] For capital construction projects, *subject to the provisions of this Act,* the bidding may be on a total design-bid basis; a package system commonly referred to as "turn key"; phase bidding commonly referred to as "fast track"; or construction management, whichever in the judgment of the commissioner of the executive department for finance and administration offers the lowest real cost to the taxpayer. Bids [when delegated to and are received by construction managers] shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(8) [(12)] The executive department for finance and administration shall attempt in every practicable way to insure the state's supplying its real needs at the lowest possible cost.

Section 98. KRS 45.420 is amended to read as follows:

(1) *Subject to the provisions of this Act,* any budget unit, when provided for by appropriation or when authorized by the executive department for finance and administration, may establish one or more imprest cash funds for the purpose of making disbursements requiring prompt cash outlay, and to carry out the provisions of *this Act* [KRS 45.360 (1)]. The state treasurer, upon warrants of the executive department for finance and administration based upon a requisition from the head of the budget unit, shall pay to the head of such budget unit the amount necessary to establish such a fund.

(2) A custodian shall be designated by the head of the budget unit and certified by the executive department for finance and administration after appropriate instruction and testing as qualified to administer the fund. The custodian shall, as often as may be necessary to replenish the fund and at least once each month, file with the executive department for finance and administration a schedule of the disbursements from the fund, accompanied by appropriate vouchers and statements of indebtedness therefor approved by the head of the budget unit, and by a certificate as to the condition of the fund. The amount of the total of the approved voucher shall be paid to the custodian of the fund on the warrant of the executive department for finance and administration, and the amount shall be devoted to reimbursement of the fund. Any question relative to the amount to be allowed in any imprest cash fund, the expenditure thereof, the accounting therefor, and the repayment thereof to the state treasurer, shall be determined by the executive department for finance and administration.

(3) The agency head shall be responsible for expenditures authorized from such funds, and the custodian shall be responsible for administration of the fund. Each agency head and custodian shall be separately bonded in the amount by which the total authorization for the fund exceeds the state blanket bond for such officials.

(4) A post audit of each imprest fund shall be conducted as required by KRS 43.050.

(5) Each imprest fund shall lapse with the appropriation on which it is based, but may be reestablished by appropriation for the next ensuing year or when authorized by the executive department for finance and administration.

(6) Where work is done on public projects by the state through the use of its own personnel or facilities in whole or in part, which work is not subject to the provisions of law for competitive bidding, the budget unit having such work performed may, when authorized by the executive department for finance and administration, establish an imprest cash fund for the purpose of defraying the expenses of the proposed project, which fund shall not exceed at any time an amount equal to twenty-five per cent (25%) of the anticipated total cost of the project.

Section 99. KRS 45.430 is amended to read as follows:

The executive department for finance and administration may, for satisfactory reason consistent with *its* [his] responsibility to attempt in every practical way to insure the state's supplying its real needs at the lowest possible cost or to the best advantage of the state, waive any requirements of KRS 45.360 to 45.420 *or this Act* in instances where purchases are made by the Commonwealth of Kentucky or any agency thereof from the federal government or any agency thereof or from any other state government or any agency thereof.

Section 100. KRS 45.990 is amended to read as follows:

(1) Any officer, agent or employe of any budget unit who wilfully fails or refuses to comply with any of the provisions of KRS 45.010 to 45.170, 45.190 to 45.300, 45.320 or 45.330, or who expends any money in violation of any of the provisions of those sections, shall be subject to indictment in the Franklin Circuit Court, and upon conviction shall be fined not less than fifty dollars ($50.00) nor more than five hundred dollars ($500) for each offense.

(2) If any person incurs, or orders or votes for the incurrence of, any obligations in violation of any of the provisions of subsection (2) of KRS 45.190, he and his sureties shall be jointly and severally liable therefor.

WHEREAS, while the Department for Local Government, other state agencies, and associations of local officials are attempting to provide educational services through periodic meetings and dissemination of information, Kentucky's provision of in-service training programs for local officials is in its infancy in comparison with other states and is hampered in part by the lack of suitable training facilities; and

WHEREAS, an analysis and evaluation of alternative methods for establishing and coordinating an on-going program of in-service training for Kentucky local officials is needed to determine the optimum method for providing such services;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

The Committee on Appropriations and Revenue reproted **HB 546** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 546, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 143.010 is amended to read as follows:

As used in this chapter unless the context requires otherwise:

(1) "Department" means "department of revenue."

(2) "Coal" means and includes any material composed predominantly of hydrocarbons in a solid state.

(3) "Severed," "severing," or "severance" means the physical removal of coal from the earth in this state.

(4) "Ton" means a short ton of 2,000 pounds. The number of tons shall be determined at the first point at which the coal is weighed.

(5) "Taxpayer" shall mean and include any individual, partnership, joint venture, association, or corporation engaged in severing *and/or processing* coal in this state. *In instances where contracts, either oral or written, are entered into whereby persons, organizations, or businesses are engaged to mine or process the coal but do not obtain title to or do not have an economic interest therein, the party who owns the coal or has an economic interest is the taxpayer.*

(6) "Gross value" is *synonymous with gross income from property as defined in section 613 (c) of the internal revenue code and regulations 1.613-3 and 1.613-4 in effect on December 31, 1977, with the exception that in all instances transportation expense (whether or not by common carrier) incurred in transporting coal from the point of extraction from the ground to the plants in which processing is applied shall be considered as gross income from the property. Gross value is to be reported* [defined] as follows:

(a) For coal severed *and/or processed* and sold during a reporting period, gross value is the amount received or receivable by the taxpayer.

(b) For coal severed *and/or processed,* but not sold during a reporting period, gross value shall be determined as follows:

1. If the coal is to be sold under the terms of an existing contract, the contract price shall be used in computing gross value.

2. If there is no existing contract, the fair market value for that grade and quality of coal shall be used in computing gross value.

(c) In a transaction involving related parties, gross value shall not be less than the fair market value for coal of similar grade and quality.

(d) In the absence of a sale, gross value shall be the fair market value for coal of similar grade and quality.

(e) If severed coal is purchased for the purpose of processing and resale, the gross value is the amount received or receivable during the reporting period reduced by the amount paid or payable to the taxpayer actually severing the coal.

(f) If severed coal is purchased for the purpose of processing and consumption, the gross value is the fair market value of processed coal of similar grade and quality reduced by the amount paid or payable to the taxpayer actually severing the coal.

(g) In all instances, the gross value shall not be reduced by any taxes including the tax levied by KRS 143.020, royalties, sales commissions, transportation expense (whether or not by common carrier) incurred in transporting coal from the point of extraction from the ground to the plants in which processing is applied, or any other expense with the exception of the actual transportation cost incurred in transporting the coal to the consumer.

(7) "Reporting period" means the period for which each taxpayer must compute his tax liability and remit the tax due to the department. The reporting period shall be monthly. However, the department may, under certain conditions, authorize a quarterly reporting period.

(8) "Processing" includes cleaning, breaking, sizing, dust allaying, treating to prevent freezing, or loading for shipment.

(9) "Related party" means two (2) or more persons, organizations, or businesses owned or controlled directly or indirectly by the same interest. Control exists if a contract or lease, either written or oral, is entered into whereby one party mines or processes coal owned or held by another party and the owner or lessor participates in the mining, processing, or marketing of the coal or receives any value other than an arm's

length passive royalty interest. In the case of related parties, the department may apportion or allocate the receipts between or among such persons, organizations, or businesses if it determines that such apportionment or allocation is necessary in order to more clearly reflect gross value.

(10) "Economic interest" for the purposes of this chapter is synonymous with the economic interest ownership required by internal revenue code section 611 in effect on December 31, 1977, entitling the taxpayer to a depletion deduction for income tax purposes with the exception that a party who only receives an arm's length royalty shall not be considered as having an economic interest.

Section 2. KRS 143.020 is amended to read as follows:

For the privilege of severing or processing coal, in addition to all other taxes imposed by law, a tax is hereby levied on every taxpayer engaged in severing and/or processing coal within this Commonwealth at the rate of four and one-fourth percent (4.25%) of the gross value of all coal severed and/or processed during the reporting period; except that the minimum tax for a reporting period shall be an amount determined by applying a rate of fifty cents (50¢) per ton to the total number of tons severed during the reporting period. The minimum tax shall not apply to a taxpayer who only processes coal [On and after July 1, 1976, in addition to all other taxes imposed by law, a severance tax is hereby levied on every taxpayer measured by the coal severed. The tax shall be four and one-half percent (4 1/2 %) of the gross value of all coal severed during the reporting period; except that the minimum severance tax liability for a reporting period shall be an amount determined by applying a rate of fifty cents (50¢) per ton to the total number of tons severed during the reporting period].

Section 3. KRS 143.030 is amended to read as follows:

(1) *Every individual, partnership, joint venture, association, or corporation engaged in severing and/or processing coal shall, prior to July 1, 1978, or prior to severing and/or processing coal in this Commonwealth, file an application for a certificate of registration in such form as the department may prescribe. Every application shall be signed by the owner if a natural person; in the case of an association or partnership, by a member or partner; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application* [Prior to April 1, 1972, or prior to beginning coal severing operations in this state, each taxpayer shall file with the department an identification statement listing such information as the department may require].

(2) On or before the twentieth day of the month following the reporting period in which any coal is severed *and/or processed*, the taxpayer severing *and/or processing* such coal shall file with the department a tax return in such form as the department may require and remit the amount of the tax due. A tax return is required for each reporting period even though there may be no tax liability.

(3) Whenever any taxpayer fails to comply with any provisions of this chapter, or any rule or regulation of the department relating thereto, the department may order the suspension or revocation of the certificate of registration held by such taxpayer.

(4) Any taxpayer, including any officer of a corporation, who conducts a coal severing and/or processing operation in this state without obtaining a certificate of registration or after a certificate of registration has been suspended or revoked, shall be guilty of a misdemeanor and upon conviction therefor, shall be fined an amount not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) or imprisoned for a period not to exceed six (6) months or both such fine and imprisonment.

Section 4. KRS 143.060 is amended to read as follows:

(1) As soon as practicable after each return is received, the department shall examine and audit it. If the amount of tax computed by the department is greater than the amount returned by the taxpayer, the excess shall be assessed within four years from the date the return was filed, except as provided in subsection (2), and except that in the case of a failure to file a return or of a fraudulent return, the excess may be assessed at any time. A notice of such assessment shall be mailed to the taxpayer. The time herein provided may be extended by agreement between the taxpayer and the department.

(2) For the purpose of *subsections* [subsection] (1) *and (4)*, a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

(3) Any final ruling, order or determination of the department with regard to the administration of this chapter may be reviewed only in the manner provided in KRS 131.110 and 131.310 to 131.370.

(4) Notwithstanding the four (4) year time limitation of subsection (1), in the case of a return where the taxpayer understates the gross value by twenty-five percent (25%) or more, the excess shall be assessed by the department within six (6) years from the date the return was filed.

Section 5. KRS 143.090 is amended to read as follows:

The department of transportation shall certify to the commissioner of the department of revenue by October 1 of each fiscal year the amount required for lease rental payments to the Kentucky turnpike authority for resource recovery road projects. Upon receiving such certification, the commissioner of the department of revenue shall cause said amount to be deposited from [severance tax] proceeds *of the tax levied by KRS 143.020* to the credit of the transportation fund (road fund). All [severance] tax *levied by KRS 143.020* collected in excess of the amount required to be deposited to the transportation fund (road fund) shall be deposited by the department of revenue to the credit of the general fund.

SECTION 6. A NEW SECTION OF KRS CHAPTER 143 IS CREATED TO READ AS FOLLOWS:
Notwithstanding any other provisions of this chapter to the contrary, where the department finds that it would facilitate and expedite the collection of the tax imposed by this chapter, the department may authorize the taxpayer processing the coal to report and pay the tax which would be due from the taxpayer severing the coal. Authorization from the department shall be in the form of an agreement executed by the taxpayer processing the coal, the taxpayer severing the coal and the department. The agreement shall be in such form as the department may prescribe. The agreement must be signed by the owners if the taxpayers are natural persons; in the case of a partnership or association by a partner or member; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application. The director of the sales and severance tax division shall sign for the department. The agreement may be terminated by any party to the agreement upon giving thirty (30) days written notice to the other parties to the agreement; however, the department may terminate the agreement immediately upon written notice to the other parties when either the taxpayer processing the coal or the taxpayer severing the coal fails to comply with the terms of the agreement.

Section 7. The provisions of this Act shall become effective July 1, 1978.

Section 8. In the event that that section of this Act which imposes a tax on the processing of coal is declared unconstitutional, then that portion of the Act reducing the tax rate to four and one-fourth percent (4.25%) shall be null and void.

Relief may be granted by the circuit court.

(a) If the city has not provided the service set forth in its plan submitted pursuant to Section 2 on substantially the same basis and in the same manner as such service is provided within the previous boundaries of the city when extension of such service does not necessitate construction; or

(b) If the city has not made a good faith attempt within a reasonable time to initiate the construction necessary to provide the planned major city service to the annexed area.

(2) If the city fails to take action in accordance with the injunction within a reasonable time, in no event not later than sixty (60) days, the annexation proceeding shall be deemed null and void from the date judgment declaring noncompliance with the mandatory injunction is entered. (5) At any time before or during the review proceeding any petitioner or petitioners may apply to the reviewing circuit court for an order staying the operation of the annexation ordinance pending the outcome of the review. The circuit court may grant or deny the stay in its discretion upon such terms as it deems proper, and it may permit annexation of any part of the area described in the ordinance concerning which no question for review has been raised.

SECTION 10. A NEW SECTION OF KRS CHAPTER 81 IS CREATED TO READ AS FOLLOWS:

(1) The circuit court shall fix the date for review of annexation proceedings under Section 9, which review date shall preferably be within thirty (30) days following the last day for receiving petitions to the end that review shall be expeditious and without unnecessary delays. The review shall be conducted by the court without a jury. If in issue, the court shall determine compliance with:

If the court makes an affirmative determination on (a) and (b) above it shall affirm the annexation subject to further determination under Section 11, if applicable.

(2) If the court determines (a) or (b) of subsection (1) in the negative it shall deny the annexation unless the court finds that the deficiency may be remedied on remand as hereinafter provided in this subsection, subject to further determination under Section 11, if applicable, after the directed remedial action has been taken. In that case the court may:

(a) Remand the ordinance to the city legislative body for further proceedings if procedural irregularities are found to have materially prejudiced the substantive rights of any of the petitioners;

(b) Remand the ordinance to the city legislative body for amendment to the boundaries to conform to the provisions of Section 3 if the court finds that the provisions of Section 3 have not been met, but the court cannot remand the ordinance to the city legislative body with directions to add area to the city which was not included in the notice of the public hearing and not provided for in plans for service; or

(c) Remand the report to the city legislative body for amendment of plans for providing services to comply with Section 2.

If the city fails to take action in accordance with the circuit court's instructions upon remand, within sixty (60) days after receipts of such instructions, the annexation proceeding shall be deemed null and void from the date of entry of the judgment. If the city undertakes to comply with such instructions, it shall promptly so certify to the court, whereupon any further proceedings necessary under this section including further remand, shall be conducted, subject to further determination under Section 11, if applicable.

SECTION 11. A NEW SECTION OF KRS CHAPTER 81 IS CREATED TO READ AS FOLLOWS:

If the petition for review (or the petitions collectively) under Section 9 is accompanied by statements of remonstrance signed by seventy-five percent (75%) or more of the owners of real property in the area to be annexed, and if the annexation otherwise is approved under Section 10, the court shall hear evidence relating to the needs and interests of the community as a whole with respect to urban government, and the nature, extent and fiscal aspects of urban governmental services needed in the area to be annexed, and shall find in favor of annexation unless the court finds that:

(1) The area to be annexed is not currently receiving any substantial urban governmental services by or through facilities of the annexing city and the area has readily available from other sources urban governmental services fully adequate for all the current and immediately forseeable needs of the area; or

(2) The needs and interests of the community as a whole or any significant part of it with respect to government in urban territory would be materially impaired by the annexation.

(2) The mayor of the city shall deliver a certified copy of the ordinance to the county clerk, who shall, if it is proposed to annex the whole city, have printed on the ballots provided for use in the city proposed to be annexed, the question: "Are you in favor of being annexed to the City of ...."? Opposite the question shall be printed "Yes" and "No" with squares for stamping the cross mark to indicate preference. If it is proposed to annex only a part of the city, the clerk shall have the question printed on the ballots provided for use in each precinct embraced in whole or in part within that part of the city proposed to be annexed. If only a part of any precinct is embraced within that part of the city proposed to be annexed the clerk of the election shall mark an "X" with the black ink stencil in the squares opposite both the words "Yes" and "No" upon the ballots of all persons voting who reside in the precinct but not in that part of it proposed to be annexed, before he delivers the ballots to those voters. The clerk shall cause the sheriff to deliver to the election officers in each precinct copies of the ordinance proposing to annex.

(3) If one-half (1/2) or more of those voting on the proposition vote in favor of annexing, the city proposing to annex shall pass an ordinance declaring the smaller city or part annexed, and the smaller city or

part shall then become a part of the annexing city.

(4) If less than one-half (1/2) of those voting on the proposition vote in favor of annexing, the ordinance proposing annexation shall become ineffectual for any purpose.

(5) A city annexing the territory of a smaller city shall be bound for all the debts and liabilities of that city and shall be the owner of all its corporate property, franchises and rights. If only a portion of the territory of any city is annexed, the amount of the existing debts and liabilities for which the annexing city is bound shall be in the proportion as the value of the property of the city from which the territory is taken, as shown by the last preceding assessment for that city.

SECTION 13. A NEW SECTION OF KRS CHAPTER 81 IS CREATED TO READ AS FOLLOWS:

(2) Area may be excluded from a city by a reduction of boundaries only if:

(b) The reduction will not result in a substantial economic waste of the city's facilities in the area; and

(c) The retention of the area is not essential to the continued prosperity of the city or the reduction would best serve the needs and interests of the community as a whole with respect to government in urban territory.

(3) Within thirty (30) days following the publication of a reduction ordinance any owner of real property in the city, whether or not in the area to be excluded, may seek judicial review of the reduction in the circuit court by action in which the city shall be made defendant. The effective date of the reduction shall be stayed pending the action. The judicial review shall be confined to a determination of whether the requisites of subsection (2) of this section have been met and the ordinance was passed by proper procedure.

HB 622, AN ACT relating to the compensation of public officers and employes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 64.480 is amended to read as follows:

(1) Effective, with respect to the offices of governor on December *11* [4], 1979, and the lieutenant governor on the fifth Tuesday following the regular November election in 1975 and with respect to the other offices named in this section, on the first Monday in January, 1976, the compensation of the following named officers, payable monthly out of the state treasury, shall be the sum per annum designated for the respective offices, as follows: governor, *$45,000 until December 11, 1981, and then $50,000 thereafter* [$39,500]; lieutenant governor, an amount sufficient, when added to any per diem received during sessions of the general assembly while serving in the capacity of president of the senate, to equal $27,900 per annum, plus any compensation received while acting in the place of the governor; attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the Supreme Court of Kentucky elected in November, 1975, as clerk of the Court of Appeals, $27,900.

(2) In order to equate or adjust the compensation of the lieutenant governor, attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the Supreme Court of Kentucky with the purchasing power of the 1949 dollar, the department of commerce of Kentucky shall compute by the second Friday in February of every year, beginning in 1977, the maximum permissible compensation of the officials mentioned in subsection (2) hereof based precisely upon the consumer price index formula approved in Matthews v. Allen, Kentucky, 360 S.W. 2d 139 (1962). Thus the maximum permissible compensation effective for the entire year of 1977 and subsequent years will be the actual compensation to be paid said officials. The year of adjustment will be the particular full calendar year involved.

(3) It is the intention of the legislature that the constitutionally permissible adjustment of salaries of these officials be framed around equating current salaries with the purchasing power of the dollar in 1949 when section 246 of the Kentucky Constitution was amended. Section 246 of the Constitution, as amended, established a monetary level of $12,000 per annum for said officials. The formula merely effects an adjustment of the constitutional monetary level in terms of the current consumer price index.

The salary for each justice of the Supreme Court, payable out of the state treasury, shall be thirty-nine thousand dollars ($39,000) per annum, except for the salary of the chief justice of the Supreme Court which shall be thirty-nine thousand five hundred dollars ($39,500)per annum *until December 31, 1979, and thereafter the salary for each justice of the Supreme Court, payable out of the state treasury, shall be forty-two thousand dollars ($42,000) per annum, except for the salary of the Chief Justice of the Supreme Court which shall be forty-two thousand five hundred dollars ($42,500) per annum.*

[The salary of each judge of the Court of Appeals, payable out of the state treasury, shall be thirty-one thousand and five hundred dollars ($31,500) per annum until June 30, 1976, and thereafter] The salary of each judge of the Court of Appeals payable out of the state treasurey should be thirty-seven thousand dollars ($37,000), with the exception of the chief judge of the Court of Appeals who shall receive a salary of thirty-seven thousand five hundred dollars ($37,500), *until December 31, 1979, and thereafter, the salary of each judge of the Court of Appeals payable out of the state treasury shall be forty thousand dollars ($40,000), with the exception of the Chief Judge of the Court of Appeals who shall receive a salary of forty thousand five hundred dollars ($40,500).*

Section 4. KRS 64.499 is amended to read as follows:

Section 5. KRS 64.507 is amended to read as follows:

(2) To provide that any person who becomes aware of such cases shall report them to a representative of the *department* [bureau], thereby causing the protective services of the state to be brought to bear in an effort to protect the health and welfare of these adults in need of protective services and to prevent abuse, neglect, or exploitation.

Section 2. KRS 209.020 is amended to read as follows:

As used in this chapter unless the context otherwise requires:

(5) "Protective services" means agency services undertaken with or on behalf of an adult in need of protective services who is being abused, neglected, or exploited. These services may include, but are not limited to conducting investigations of complaints of possible abuse, neglect, or exploitation to ascertain whether or not the situation and condition of the adult in need of protective services warrants further action; social services aimed at preventing and remedying abuse, neglect, and exploitation; and services directed toward seeking legal determination of whether or not the adult in need of protective services has been abused, neglected or exploited and to ensure that he obtains suitable care in or out of his home.

(2) Any person, including, but not limited to, physician, nurse, social worker, department personnel, coroner, medical examiner, alternate care facility employe, or caretaker, having reasonable cause to suspect that an adult has suffered abuse, neglect, or exploitation, shall report or cause reports to be made in accordance with the provisions of this chapter. Death of the adult does not relieve one of the responsibility for reporting the circumstances surrounding the death.

(3) An oral or written report shall be made immediately to the *department* [bureau] upon knowledge of the occurrence of suspected abuse, neglect, or exploitation of an adult. Any person making such a report shall provide the following information, if known: The name and address of the adult, or of any other person responsible for his care; the age of the adult; the nature and extent of the abuse, neglect, or exploitation, including any evidence of previous abuse, neglect, or exploitation; the identity of the perpetrator, if known; the identity of the complainant, if possible; and any other information that the person believes might be helpful in establishing the cause of abuse, neglect, or exploitation.

If the adult or caretaker does not consent to the investigation, a search warrant may issue upon a showing of probable cause that an adult is being abused, neglected, or exploited, to enable a representative of the *department* [bureau] to proceed with the investigation.

(7) If a determination has been made that protective services are necessary when indicated by the investigation, the *department* [bureau] shall provide such services within budgetary limitations, except in such cases where an adult chooses to refuse such services.

(4) The contractor will post notices in conspicuous places, available to employes and applicants for employment, setting forth the provisions of the nondiscrimination clauses required by this Act; and

(5) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses.

SECTION 4. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

Failure to comply with any of the provisions of Section 2 of this Act shall constitute a material breach of the contract.

SECTION 5. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

A contractor or subcontractor otherwise subject to the provisions of this Act is exempt as to any affirmative action or reporting requirements if:

(1) The contract or subcontract awarded is in the amount of $10,000 or less, and the amount of the contract is not a subterfuge to avoid compliance with the provisions of this Act;

(2) The contractor or subcontractor utilizes the services of fewer than eight (8) employes during the course of the contract;

(3) The contractor or subcontractor employs only family members or relatives;

(4) The contractor or subcontractor employs only persons having a direct ownership interest in the business, and such interest is not a subterfuge to avoid compliance with the provisions of this Act.

SECTION 6. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) Any party not otherwise exempted by Section 5 of this Act and intending to submit a bid on any contract covered by the provisions of this Act shall, no later than thirty (30) days prior to the announced opening of bids, submit to the contracting agency and the department:

(a) A statement of intent to comply in full with all requirements of the Kentucky Civil Rights Act, and to submit data required by this Act upon being designated the successful bidder.

(b) A breakdown of the bidding party's existing work force, indicating the race, sex, age, position held, county and state of residence, and date of employment of each employe.

This report shall be submitted in a manner as shall be prescribed by the department and on forms devised by the department and supplied by the contracting agency.

(2) Within ten (10) days after the receipt of this report, the department shall determine whether the bidding party's work force is reflective of the percentage of available minorities in the area from which the bidding party's employes are drawn. If a determination is made that the bidding party's work force is reflective of the percentage of available minorities in this drawn area, the bidding party shall be "certified" and be thereby qualified to bid on any contract covered by this Act without filing additional data for a period of six (6) months.

(3) If it is determined by the department that the bidding party's work force reflects an under utilization of minorities, the bidding party and contracting agency shall be so notified, and no certification shall be issued. The bidding party shall then have the option of filing with the contracting agency and the department, up until five (5) days before the date bids are accepted, an affirmative action program, indicating goals and timetables for recruiting and hiring minorities throughout the contractors' work force. The department shall be available, upon the request of any contractor, to furnish technical assistance in fulfilling the requirements of this Act.

(4) If the department determines that the submitted affirmative action program is adequate to fulfill the provisions of this Act, and that the included goals and timetables will be attained prior to the expiration date of the contract being sought, the bidding party shall be "certified" and shall be qualified to bid on any contracts covered by this Act for a period of six (6) months. If the bidding party is subsequently awarded the contract being sought, failure to comply with the goals and timetables set forth in the affirmative action plan shall be an unlawful practice under this Act and shall constitute a material breach of the contract.

(5) If the department determines that the submitted affirmative action program does not fulfill the provisions of this Act, the bidding party and contracting agency shall be so notified, and no certification shall be granted.

(6) Only parties who have been certified under this section or are exempted under Section 5 of this Act shall be considered eligible to bid on contracts covered under this Act. Any bid filed by any party which is not accompanied by certification by the department shall be rejected by the contracting agency as an unacceptable bid.

SECTION 7. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) For the length of the contract, each contractor shall hire minorities from other sources, should the union with which he has collective bargaining agreements be unable or unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by this Act and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with this Act and such rules, regulations and orders issued pursuant thereto.

SECTION 8. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or sub-contract covered under this Act, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under this Act, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of this Act.

(3) The equal employment provisions of this Act may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of this Act, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

HB 714, AN ACT relating to crimes and punishments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 439.177 is amended to read as follows:

(1) Any misdemeanant [, sentenced for a period of 30 days or more,] may petition the [district judge of the] sentencing court for parole privileges.

(2) The *sentencing* [district] judge shall study the record of all persons petitioning for parole and, in his discretion, may:

(a) Cause additional background or character information to be collected or reduced to writing by the bureau of corrections;

(b) Conduct hearings on the desirability of granting parole;

(c) Impose on the parolee such conditions as he sees fit;

(d) Order the granting of parole;

(e) Issue warrants for persons when there is reason to believe they have violated the conditions of their parole and conduct hearings on such matters;

(f) Determine the period of supervision for parolees, which period may be subject to extension or reduction;

(g) Grant final discharge to parolees.

(3) The *sentencing* [district] judge shall keep a record of his acts, and shall notify the appropriate jail official of his decision relating to the persons who are or have been confined therein.

(4) Whenever an order for parole is issued it shall recite the conditions thereof, and such orders shall be transmitted to the bureau of corrections.

(5) The period of time spent on parole shall not count as a part of the prisoner's maximum sentence except in determining the parolee's eligibility for a final discharge from parole as set out in subsection (7).

(6) Paroled prisoners shall be under the supervision of the department and subject to its decision for the duration of parole. Supervision of the parolee by the bureau of corrections shall cease at the time of

recommitment of the prisoner to the jail as a parole violator, or at the time a final discharge from parole is granted by the *sentencing* [district judge].

(7) When any paroled prisoner has performed the obligations of his parole during his period of active parole supervision the *sentencing* [district] judge may, at the termination of such period to be determined by the *sentencing* [district] judge, issue a final discharge from parole to the prisoner. Unless ordered earlier by the *sentencing* [district judge], a final discharge shall be issued when the prisoner has been out of jail on parole a sufficient period of time to have been eligible for discharge from jail by maximum expiration of sentence had he not been paroled, provided before this date he had not absconded from parole supervision or that a warrant for parole violation had not been issued.

(8) The prisoner convicted of a misdemeanor and released on parole under the provisions of this statute shall be subject to all reasonable bureau of corrections rules and regulations.

Section 2. KRS 439.179 is amended to read as follows:

(1) Any person sentenced to a jail for a misdemeanor, nonpayment of a fine or forfeiture, or contempt of court, may be granted the privilege of leaving the jail during necessary and reasonable hours for any of the following purposes:

(a) Seeking employment; or

(b) Working at his employment; or

(c) Conducting his own business or other self-employment occupation including, in the case of a woman, housekeeping and attending the needs of her family; or

(d) Attendance at an educational institution; or

(e) Medical treatment.

(2) Unless such privilege is expressly granted by the court, the prisoner is sentenced to ordinary confinement. The prisoner may petition the *sentencing* court for such privilege at the time of sentence or thereafter, and, in the discretion of the *sentencing* court, may renew his petition. The *sentencing* court may withdraw the privilege at any time by order entered with or without notice.

(3) The jailer shall notify the Department for Human Resources which shall endeavor to secure employment for unemployed prisoners under this section. If a prisoner is employed for wages or salary, they shall, by wage assignment, be turned over to the district court which shall deposit the same in a trust checking account and shall keep a ledger showing the status of the account of each prisoner. Such wages or salary are not subject to garnishment of either the employer or the district court during the prisoner's term, and shall be disbursed only as provided in this section; but for tax purposes they are the income of the prisoner.

(4) Every prisoner gainfully employed is liable for the cost of his board in the jail, at the amount established by law. If he defaults his privilege under this section is automatically forfeited. In those cases where the prisoner is confined for a breach of the bylaws or ordinances of a city, or for violation of a statute where the city gets the benefit of the fine, the board will be paid by the district court to the city treasury. In those cases where the prisoner is confined for contempt, board shall be paid by the district court to the state treasury. In all other cases the fiscal court shall receive the wages earned and disburse the funds as provided in subsection (5). The fiscal court may, by ordinance, provide that the county furnish or pay for the transportation of prisoners employed under this section to and from the place of employment.

(5) Unless otherwise ordered by the sentencing court, the wages or salaries of employed prisoners shall be disbursed by the district court on a monthly basis for the following purposes and in the order stated:

(a) The board of the prisoner;

(b) Support of the prisoner's dependents, if any;

(c) Payment, either in full or ratably, of the prisoner's obligations acknowledged by him in writing or which have been reduced to judgment;

(d) The balance, if any, to the prisoner upon his discharge.

(6) If the prisoner was convicted in a justice or a police court, the district judge shall have authority and jurisdiction to make all determinations and orders under this section as might otherwise be made by the sentencing court after the prisoner is received at the jail.

(7) The district court may direct that its functions under subsections (3) or (5) or both be performed by any bonded public official. Such order shall remain in force until rescinded by the district court.

(8) The bureau of corrections shall, at the request of the district judge, investigate and report on the amount necessary for the support of the prisoner's dependents.

(9) The jailer may refuse to permit the prisoner to exercise his privilege to leave the jail as provided in subsection (1) for any breach of discipline or other violation of jail regulations for a period not to exceed 5 days.

(10) Nothing in this statute shall be construed to affect KRS 64.150 which provides for the payment of fees to the jailer. In this section "jail" refers to all misdemeanant institutions, and "jailer" to the superintendent thereof, but, in counties of the first class, "jailer" designates the sheriff who serves as superintendent of the jail.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 341.096 is amended to read as follows:

As used in this chapter unless the context clearly requires otherwise:

(1) "Rate of insured unemployment" means the percentage derived by dividing:

(a) The average weekly number of workers filing claims in this state for weeks of unemployment with respect to the most recent 13-consecutive-week period, as determined by the secretary on the basis of his report to the U.S. Secretary of Labor, by

(b) The average monthly employment covered under this chapter for the first four of the most recent six completed calendar quarters ending before the end of such 13-week period. Such computations shall be made by the secretary, in accordance with regulations prescribed by the U.S. Secretary of Labor.

(2) "Regular benefits" means benefits payable to a worker under this chapter or under an unemployment compensation law of any other state (including benefits payable to federal civilian employes and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits and additional benefits.

(3) "Extended benefits" means benefits (including benefits payable to federal civilian employes and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to a worker under the provisions of KRS 341.700 to 341.740 for weeks of unemployment in his eligibility period.

(4) "Additional benefits" means benefits payable to exhaustees by reason of conditions of high unemployment or by reason of other special factors under the provisions of any state law.

(5) "Eligibility period" of a worker means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(6) "Exhaustee" means a worker who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this chapter or any other state law (including dependents' allowances and benefits payable to federal civilian employes and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week; provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him although, as a result of a pending appeal with respect to wages and/or employment that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) His benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which he could establish a new benefit year that would include such week; and

(c) *Has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act or under such other Federal laws as are specified in regulations issued by the U.S. Secretary of Labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada or the Virgin Islands; but if the individual is seeking such benefits and the appropriate agency finally determines that the individual is not entitled to benefits under such law, the individual shall be considered an exhaustee if the other provisions of this definition are met: Provided, That, the reference in this subparagraph to the Virgin Islands shall be inapplicable effective on the day on which the U.S. Secretary of Labor approved under section 3304(a) of the Internal Revenue Code of 1954, an unemployment compensation law submitted to the U.S. Secretary of Labor by the Virgin Islands for approval.* [Has no right to unemployment benefits or allowances under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965 and such other federal laws as are specified in regulations issued by the U.S. Secretary of Labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of the Virgin Islands or of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law he is considered an exhaustee.]

Section 2. KRS 341.020 is amended to read as follows:

As used in this chapter, unless the context clearly requires otherwise:

(1) "Fund" means the unemployment insurance fund established by KRS 341.490, to which all contributions, and from which all benefits shall be paid;

(2) "State" includes, in addition to the states of the United States of America, the District of Columbia, Puerto Rico, [and] the Dominion of Canada *and Virgin Islands*;

The reasonable cash value of remuneration in any medium other than cash shall be estimated and determined in accordance with rules prescribed by the commission.

(2) Amounts paid to traveling salesmen or other workers as allowance or reimbursement for traveling or other expenses, incurred on the business of the employing unit, constitute wages only to the extent of the excess of such amounts over such expenses actually incurred and accounted for by the worker to his employer.

(4) "Wages" does not include the amount of any payment made to, or on behalf of, a worker under a plan or system established by an employing unit that makes provision for its workers generally or for a class of its workers, including any amount paid by an employing unit for insurance or annuities, or into a fund, to provide for any such payment, on account of:

(a) Retirement;

(b) Sickness or accident disability;

(c) Medical and hospitalization expenses in connection with accident or sickness disability; or

2. The right, under the provisions of the plan or system or policy of insurance providing for such death benefit, to assign such benefit, or to receive a cash consideration in lieu of it either upon his withdrawal from the plan or system providing for such benefit or upon termination of such plan or system or policy of insurance or of his employment with such employing unit.

(5) "Wages" does not include the amount of any payment made by an employing unit without deduction from the remuneration of the worker of the tax imposed under section 3101 of the [federal] Internal Revenue Code.

(6) "Wages" does not, for the purposes of KRS 341.260 to 341.290, include that part of remuneration which, after wages equal to *six thousand* [forty-two hundred] dollars have been paid in a calendar year to a worker by a subject employer or his predecessor with respect to covered employment during any calendar year, is paid to such worker by such subject employer during such calendar year unless that part of the wages is subject to a tax under a federal law, imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund. For the purpose of this subsection, the term "covered employment" shall include service constituting covered employment under any unemployment compensation law of another state.

[(7) "Wages" does not, for the purpose of KRS 341.390 or subsection (3) of KRS 341.080, include bonus money received for work done during a previous period in time.]

(d) *Except as provided in KRS 341.055(4),* an individual in the employ of this state or any of its instrumentalities *or any political subdivision or municipality thereof or any of its instrumentalities or any instrumentality of more than one of the foregoing or any instrumentality of any of the foregoing and one or more other states or political subdivisions or municipalities,* [(or in the employ of this state and one or more other states or their instrumentalities) for a hospital or institution of higher education located in this state] provided that such service is excluded from "employment" as defined in the *Internal Revenue Code* [Federal Unemployment Tax Act] solely by reason of section 3306 (c) (7) of *the Code but only when such service is required to be "covered employment" under this chapter by reason of Section 3309 of the Internal Revenue Code, as amended, as a requirement of Section 3304 of that Code, as amended, for approval of the state's Unemployment Insurance Law* [that Act]; or

(e) An individual in the employ of a religious, charitable, educational or other organization but only if the following conditions are met:

2. The organization had four or more individuals in employment for some portion of a day in each of twenty different weeks, whether or not such weeks were consecutive, within either the current or preceding calendar year, regardless of whether they were employed at the same moment of time*; or*

(f) An individual in the employ of an employing unit performing agricultural service, as defined in Section 3306(k) of the Internal Revenue Code, if either of the following conditions are met:

1. The employing unit paid wages of twenty thousand dollars or more in a calendar quarter in either the current or preceding calendar year for service performed in agricultural labor; or

2. The employing unit employed for some portion of a day in each of twenty different calendar weeks, whether or not such weeks are consecutive, ten or more workers (irrespective of whether the same workers were in employment in each of such weeks) performing service in agricultural labor; or

(b) An individual's entire service, wherever performed within the United States, the Virgin Islands or Canada, if:

1. Such service is not covered under the unemployment compensation law of any other state, the Virgin Islands or Canada; and

2. The place from which the service is directed or controlled is in this state.

(c) The service of an individual who is a citizen of the United States, performed outside the United States (except in Canada [or the Virgin Islands]), in the employ of an American employer (other than service which is deemed "covered employment" under the provisions of paragraphs (a) or (b) of this subsection or the parallel provisions of another state's law), if:

(3) Notwithstanding any other provisions of this section or any of the provisions of KRS 341.055, the term "covered employment" shall also include service with respect to which a tax is required to be paid under any federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund or which as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act is required to be covered under this chapter.

(4) For the purpose of this chapter, if the services performed during one-half 1/2 or more of any pay period by an individual for the employing unit employing him constitutes covered employment, all the services of such individual for such period shall be deemed to be covered employment; but if the services performed during more than one-half of any such pay period by an individual for the employing unit employing him do not constitute covered employment, then none of the services of such individual for such period shall be deemed to be covered employment. This subsection shall not be applicable with respect to services performed in a pay period by an individual for the employing unit employing him, when any of such service is excluded because it is subject to an unemployment insurance program established by an act of congress.

Section 15. KRS 341.270 is amended to read as follows:

(1) Each subject employer's contribution rate shall be two and seven-tenths percent except as otherwise provided in this section.

(2) No subject employer's contribution rate shall be less than two and seven-tenths percent unless benefits were chargeable to his account with respect to the thirty-six consecutive months immediately preceding the computation date.

(3) [Except as otherwise provided in this section.] For the calendar year *1978* [1972] and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out

(f) Equals or exceeds 0.4 but is less than 0.8, the rates listed in "Schedule F" of "Table A" shall be in effect.

(g) Less than 0.4, the rates listed in "Schedule G" of "Table A" shall be in effect.

(4) For the calendar year, *1978* [1972] and each calendar year thereafter, contribution rates shall be determined upon the basis of an individual employer's reserve ratio as of the computation date and the schedule of rates established under subsection (3) of this section. Except as otherwise provided in this section, the contribution rate for each subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A", as set out below, effective with respect to such calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

(5) As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

(a) "Trust fund balance" means the amount of money in the Unemployment Insurance Fund. In determining the amount in the fund as of a given date all money received by the department as of such date shall be considered as being in the fund on such date.

(b) "Total wages" means all remuneration for services, as defined in subsections (1) to (5) of KRS 341.030, paid by subject employers.

(c) "Statewide reserve rate" means the percentage ratio obtained by dividing the total wages for the four calendar quarters ending on the 30th day of September, which have been reported to the department on or before the immediately following 31st day of October, into the "trust fund balance" as of that same date.

(d) "Benefit cost rate" means the percentage ratio obtained by dividing the total amount of benefits paid during the highest twelve consecutive calendar-month period since 1956 by the total wages reported to the department for the four (4) quarters ending immediately prior to the end of such twelve-month period.

(e) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the thirty-six months last preceding such computation date.

(f) An employer's "reserve account balance" means the amount by which contributions credited to his reserve account exceed benefits charged to such account. If benefits charged to an account exceed contributions credited to such account as of the computation date, such account shall be considered as having a debit balance and a reserve ratio of "less than zero."

(g) "Computation date" means the date, occurring at least once in each calendar year and within twenty-seven weeks prior to the effective date of new rates of contributions, as of which individual employer contribution rates are computed. The secretary shall by regulation prescribe the computation date.

Section 16. KRS 341.275 is amended to read as follows:

(1) For the purpose of this section, a nonprofit organization is an organization (or group of organizations) described in section 501 (c) (3) of the U.S. Internal Revenue Code which is exempt from income tax under section 501 (a) of such code. For the purpose of this Section "Division" shall mean the Department for Human Resources, "Commissioner" and "Commission" shall mean the Secretary for Human Resources.

(2) Any nonprofit organization which, pursuant to KRS 341.070 (4), is, or becomes, a subject employer shall pay contributions under the provisions of KRS 341.270, unless it elects, in accordance with this section, to pay to the department for the fund an amount equal to the amount of regular benefits and of one-half (1/2) of the extended benefits paid to workers for weeks of unemployment that is attributable to service in the employ of such nonprofit organization, performed during the effective period of such election.

(a) Any nonprofit organization which is, or becomes, a subject employer on July 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than the remainder of 1972 and the calendar year of 1973, provided it files with the department a written notice of its election within the thirty-day period immediately following such date.

(b) Any nonprofit organization which becomes a subject employer after July 1, 1972 may elect to become liable for payments in lieu of contributions for a period of not less than the period of subjectivity during the year in which such subjectivity begins and the following calendar year by filing a written notice of its election with the department not later than thirty days immediately following the date of the determination of such subjectivity.

(c) Any nonprofit organization which makes an election in accordance with paragraph (a) or paragraph (b) of this subsection will continue to be liable for payments in lieu of contributions until it files with the secretary a written notice terminating its election not later than thirty days prior to the beginning of the calendar year for which such termination shall first be effective *except that liability for payments in lieu of contributions shall continue thereafter with respect to wages paid prior to the effective date of such termination.*

(d) Any nonprofit organization which has been paying contributions under this chapter for a period subsequent to July 1, 1972 may change to a reimbursable basis by filing with the department not later than thirty days prior to the beginning of any calendar year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by such organization for that and the following year.

(e) The secretary may for good cause extend the period within which a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December 31, 1969.

(f) The secretary shall notify each nonprofit organization of any determination which may be made of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to appeal and review in accordance with the provisions of KRS 341.430(2).

(3) Payments in lieu of contributions shall be made in accordance with the provisions of this subsection.

(a) At the end of each calendar quarter the department shall bill each nonprofit organization (or group of such organizations) which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular benefits plus one-half of the amount of extended benefits paid during such quarter that is attributable to service *performed in covered employment* in the employ of such organization.

(b) Payment of any bill rendered under paragraph (a) shall be made not later than thirty days after such bill was mailed to the last known address of the nonprofit organization or was otherwise delivered to it, unless there has been an application for review in accordance with paragraph (d) of this subsection.

(c) Payments made by any nonprofit organization under the provisions of this subsection shall not be deducted or deductible, in whole or in part, from the remuneration of workers in the employ of the organization.

(d) The amount due specified in any bill from the secretary shall be conclusive on the organization unless, not later than fifteen days after the bill was mailed to its last known address or otherwise delivered to it, the organization files an appeal to the commission, setting forth the grounds for such appeal. Proceedings on appeal to the commission from the amount of a bill rendered under this subsection shall be in accordance with the provisions of KRS 341.430 and the decision of the commission shall be subject to review under the provisions of KRS 341.460(1).

(e) Past-due payments of amounts in lieu of contributions shall be subject to the same interest, [and] penalties, *collection service and lien provisions* that, pursuant to KRS 341.300 *through 341.310*, apply to past-due contributions.

(4)(a) The secretary may, in accordance with regulations prescribed by the commission, require any nonprofit organization that elects to become liable for payments in lieu of contributions to deposit with the department, within thirty (30) days after the effective date of its election as a condition thereof, money equal to two percent (2%) of the organization's total wages paid for employment as defined in KRS 341.050(1) (e) for the four (4) calendar quarters immediately preceding the effective date of such election. If the nonprofit organization did not pay wages in each of such four (4) calendar quarters, the amount of the deposit shall be as determined by the secretary.

(b) Money deposited in accordance with this subsection shall be retained by the department in an escrow account until all possible liability to the fund under the election is terminated, at which time it shall be returned to the organization, less any deductions as hereinafter provided. The department may deduct from the money deposited under this subsection by a nonprofit organization to the extent necessary to satisfy any due and unpaid payments in lieu of contributions and any applicable interest and penalties provided for in paragraph (e) of subsection (3) of this section. The secretary shall require the organization within thirty (30) days following any deduction from a money deposit under the provisions of this subsection to deposit sufficient additional money to make whole the organization's deposit at the prior level. The secretary may, at any time, review the adequacy of the deposit made by any organization. If, as a result of such review, he determines that an adjustment is necessary, he shall require the organization to make additional deposit within thirty (30) days of written notice of his determination or shall return to it such portion of the deposit as he no longer considers necessary, whichever action is appropriate.

(c) If any nonprofit organization fails to make a deposit, or to increase or make whole the amount of a previously made deposit, as provided under this subsection, the secretary may terminate such organization's election to make payments in lieu of contributions and such termination shall continue for not less than the remainder of that calendar year and the following calendar year beginning with the quarter in which such termination becomes effective; Provided, That the secretary may extend for good cause the applicable filing, deposit or adjustment period by not more than sixty (60) days.

(5) If any nonprofit organization is delinquent in making payments in lieu of contributions as required under subsection (3) of this section, the secretary may terminate such organization's election to make payments in lieu of contributions as of the beginning of the next calendar year, and such termination shall be

effective for that and the next calendar year.

SECTION 17. A NEW SECTION OF KRS 341 IS CREATED TO READ AS FOLLOWS:

(1) Any governmental entity which, pursuant to KRS 341.070(3), is or becomes a subject employer shall pay contributions under the provisions of KRS 341.270, unless it elects, in accordance with this section, to pay the department for the fund an amount equal to the amount of all regular benefits plus all extended benefits paid to workers for compensable weeks of unemployment occurring on or after January 1, 1979 and for all regular benefits and one-half of extended benefits paid to workers for compensable weeks of unemployment occurring prior to such date that is attributable to service performed in covered employment in the employ of such governmental entity during the effective period of such election.

(a) Any governmental entity, which is or becomes a subject employer, may elect to become liable for payment in lieu of contributions for a period of not less than the calendar year in which such subjectivity begins and for the following calendar year provided it files with the department a written notice of its election within thirty (30) days immediately following the date of the determinations of such subjectivity; or

(b) Any governmental entity which has paid contributions under the provisions of KRS 341.270 may change to a reimbursable basis by filing with the department a written notice of its election not later than thirty (30) days prior to the beginning of any calendar year to make payments in lieu of contributions for a period of not less than two calendar years following the effective date of such election.

(c) Any governmental entity which elects to make payments in lieu of contributions, in accordance with paragraphs (a) or (b) of this subsection, shall continue to be liable for payments in lieu of contributions until it files with the secretary a written notice terminating its election not later than thirty (30) days prior to the beginning of the calendar year for which such termination shall become effective except that liability for payments in lieu of contributions shall continue thereafter with respect to wages paid prior to the effective date of such termination.

(d) The secretary may for good cause extend the period within which a notice of election must be filed and may permit the effective date of such election to be retroactive.

(e) The secretary shall notify each governmental entity of any determination made as to its status as a subject employer, pursuant to KRS 341.070 and the effective date of any election or termination made pursuant to this subsection which determinations shall be subject to appeal and review in accordance with the provisions of KRS 341.430(2).

(2) Payment in lieu of contributions shall be made in accordance with the provisions of this subsection.

(a) At the end of each quarter, the department shall bill each governmental entity (or group of governmental entities) which has elected to make payments in lieu of contributions an amount equal to all regular benefits and all extended benefits paid during such quarter for compensable weeks occurring on or after January 1, 1979 and for all regular benefits plus one-half of extended benefits paid for compensable weeks occurring prior to such date which are attributable to service performed in covered employment in the employ of such governmental entity.

(b) Payment of any bill rendered under paragraph (a) shall be made not later than thirty (30) days after such bill was mailed to the last known address of the governmental entity or was otherwise delivered to it, unless there has been an application for review in accordance with paragraph (d) of this subsection.

(c) Payments made by any governmental entity under the provisions of this subsection shall not be deducted or deductible, in whole or in part, from the remuneration of workers in the employ of the governmental entity.

(d) The amount due specified in any bill from the secretary shall be conclusive on the governmental entity unless, not later than fifteen (15) days after the bill was mailed to its last known address or otherwise delivered to it, the governmental entity files an appeal to the commission, setting forth the grounds for such appeal. Proceedings on appeal to the commission from the amount of a bill rendered under this subsection shall be in accordance with the provisions of KRS 341.430 and the decision of the commission shall be subject to review under the provisions of KRS 341.460(1).

(e) Past due payments of amounts in lieu of contributions shall be subject to the same interest, penalties, and collection provisions that, pursuant to KRS 341.300, apply to past due contributions.

(3)(a) The secretary may, in accordance with regulations prescribed by the commission, require any governmental entity that elects to become liable for payments in lieu of contributions to deposit with the department within thirty (30) days after the effective date of its election as a condition thereof, money equal to two percent (2%) of the governmental entity's total wages paid for employment as defined in KRS 341.050(1)(d) for the four (4) calendar quarters immediately preceding the effective date of such election. If the entity did not pay wages in each of such four (4) quarters, the amount of deposit, if required, shall be determined by the secretary.

(b) Provided, however, that the amount of money required to be deposited under this paragraph shall not exceed the amount for which any contributing employer would be liable if subject to the maximum contribution rate applicable to the annual taxable payroll.

(c) Money deposited in accordance with this subsection shall be retained by the department in an escrow account until all possible liability to the fund under the election is terminated, at which time it shall be returned to the governmental entity, less any deductions as hereinafter provided. The department may deduct from the money deposited under this subsection by a governmental entity to the extent necessary to satisfy any due and unpaid payments in lieu of contributions and any applicable interest and penalties provided for in paragraph (e) of subsection (3) of this section. The secretary shall require the governmental entity within thirty (30) days following any deduction from a money deposit under the provisions of this subsection to deposit sufficient additional money to make whole the governmental entity's deposit at the prior level. The secretary may, at any time, review the adequacy of the deposit made by any governmental entity. If, as a result of such review, he determines that an adjustment is necessary, he shall require the governmental entity to make an additional deposit within thirty (30) days of written notice of his determination or shall return to it such portion of the deposit as he no longer considers necessary, whichever action is appropriate.

(d) If any governmental entity fails to make a deposit, or to increase or make whole the amount of a previously made deposit, as provided under this subsection, the secretary may terminate such governmental entity's election to make payments in lieu of contributions and such termination shall continue for not less than the remainder of that calendar year and the following calendar year beginning with the quarter in which such termination becomes effective; provided, that the secretary may extend for good cause the applicable filing, deposit or adjustment period by not more than sixty (60) days.

(4) If any governmental entity is delinquent in making payments in lieu of contributions as required under subsection (3) of this section, the secretary may terminate such governmental entity's election to make payments in lieu of contributions as of the beginning of the next calendar year, and such termination shall be effective for that and the next calendar year.

Section 18. KRS 341.281 is amended to read as follows:

(1) Each *nonprofit organization* [employer] that has elected to make payments in lieu of contributions under KRS 341.275 shall pay to the department for the fund the amount of regular benefits plus the amount of one-half of extended benefits paid that are attributable to service *performed in covered employment* in the employ of such *nonprofit* employer. *Each governmental entity that has elected to make payments in lieu of contributions under the provisions of Section 17 of this Act shall pay to the department for the fund the amount of all regular benefits plus all extended benefits paid for compensable weeks occurring after January 1, 1979 and for all regular benefits plus one-half of extended benefits paid for compensable weeks occurring prior to such date that are attributable to service performed in covered employment in the employ of such governmental employer.* If benefits paid to an individual are based on wages paid by more than one employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with the provisions of subsections (2) or (3) of this section.

(2) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payments in lieu of contributions and on wages paid by one or more employers who are liable for contributions, the amount of benefits payable by each employer that is liable for payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages *and previously uncovered wages, as defined in Section 10 of this Act,* paid to the individual by all of his base-period employers.

(3) If benefits paid to an individual are based on wages paid by two or more employers that are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages *and previously uncovered wages, as defined in Section 10 of this Act,* paid to the individual by all of his base-period employers.

(4) Two (2) or more employers that have become liable for payments in lieu of contributions, in accordance with the provisions of KRS 341.275, may file a joint application to the secretary for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such employers. Each such application shall identify and authorize a group representative to act as the group's agent for the purposes of this subsection. Upon his approval of the application, the secretary shall establish a group account for such employers effective as of the beginning of the calendar quarter in which he receives the application and shall notify the group's representative of the effective date of the account. Such account shall remain in effect for not less than two years and thereafter until terminated at the discretion of the secretary or upon application by the group. Upon establishment of the account, each member of the group shall be jointly and severally liable for payment to the fund in lieu of contributions with respect to each calendar quarter in an amount equal to the total benefits paid in such quarter that are attributable to service performed in the employ of any or all members of the group. The secretary shall prescribe such procedures as he deems necessary with respect to applications for establishment,

maintenance and termination of group accounts that are authorized by this subsection, for addition of new members to, and withdrawal of active members from, such accounts, and for the determination of the amounts that are payable under this subsection and the time and manner of such payments.

(5) Two (2) or more governmental entities that have become liable for payment in lieu of contributions, in accordance with the provisions of Section 17 of this Act, may file a joint application to the secretary for the establishment of a group account of governmental entities subject to all of the provisions of subsection (4) of this section.

Section 19. KRS 341.282 is amended to read as follows:

[In lieu of contributions, the State of Kentucky shall pay to the division for the fund an amount equal to the amount of regular benefits, and of one-half of the extended benefits paid, that is attributable to service in covered employment in the employ of this state, to workers for weeks of unemployment which begin on or after July 1, 1972. If benefits paid to a worker are based on wages paid by both this state and one or more other employers, the amount payable by the state to the fund shall bear the same ratio to total benefits paid to the worker as the base-period wages paid to the worker by the state bear to the total amount of base-period wages paid to the worker by all his base-period employers.] The amount payable to *meet the Commonwealth's obligation as an employer* [the department] under this *chapter* [section] shall be paid [quarterly, in accordance with regulations prescribed by the secretary,] from the general fund of the state or such other administrative funds as might properly be designated by the commissioner of the executive department for finance and administration *or successor thereto* [as chargeable].

Section 20. KRS 341.285 is amended to read as follows:

(1) Notwithstanding any provisions of KRS 341.275 or KRS 341.282, any nonprofit organization that prior to January 1, 1969, paid contributions required by this chapter, and, pursuant to subsection (1) of KRS 341.275 elects, within thirty days after July 1, 1972, to make payments in lieu of contributions, and any state instrumentality that prior to July 1, 1972, paid contributions required by this chapter, and pursuant to KRS 341.282 is required to make payments in lieu of contributions, shall not be required to make any such payment on account of any regular or extended benefits paid, on the basis of wages paid by such organization or instrumentality to workers for weeks of unemployment which begin on or after the effective date of such election or requirement until the total amount of such benefits equals the amount of the positive balance in the reserve account of such organization or instrumentality.

(2) Any nonprofit organization that paid contributions prior to October 20, 1976, and has continued payment of contributions through December 31, 1978 as a subject employer and which was not required to be a subject employer prior to January 1, 1979 under section 3309 of the internal revenue code which elects, within thirty (30) days after January 1, 1979, when such election first becomes available under KRS 341.275, to make payments in lieu of contributions shall not be required to make such payments for benefits paid on or after the effective date of such election until the total amount of such benefits equals the amount of the positive balance in the reserve account of such organization. Notwithstanding the provisions of KRS 341.530, benefit payments made on or after the effective date of an election made under this subsection, attributable to wages paid for services performed in covered employment prior to the effective date of such election, shall be treated as payments in lieu of contributions.

Section 21. KRS 341.350 is amended to read as follows:

An unemployed worker shall, except as provided in KRS 341.360 and 341.370, be eligible for benefits with respect to any week of unemployment only if:

(1) He has made a claim for benefits;

(2) He has registered for work with respect to such week in accordance with regulations prescribed by the secretary;

(3) He is physically and mentally able to work; *provided, however, for the sole purpose of satisfying this requirement, a week of unemployment may be prorated by days in specific cases to prevent inequities;*

(4) He is available for suitable work, and making such reasonable effort to obtain work as might be expected of a prudent person under like circumstances; *provided, however, for the sole purpose of satisfying this requirement, a week of unemployment may be divided into days in specific cases to prevent inequities;*

(5) His base-period wages *plus any previously uncovered wages during the transition period* in that calendar quarter of his base period in which such wages were highest are equal to at least two hundred and fifty dollars, and his total base-period wages *plus any previously uncovered wages during the transition period* are not less than one and three-eighths times the base-period wages *plus any previously uncovered wages during the transition period* paid to him in such quarter and he was paid base-period wages *plus any previously uncovered wages during the transition period* in the last six months of his base period equal to at least eight times his weekly benefit rate;

(6) An otherwise eligible worker shall not be denied benefits under subsection (4) of this section or because of his failure to actively seek work, nor disqualified under paragraph (a) of subsection (1) of KRS 341.370 with respect to any week he is in training with the approval of the secretary.

(7) The foregoing eligibility requirements and the conditions of benefit disqualifications imposed by KRS 341.370 shall be strictly construed. Nothing in this section, excepting subsection (5), nor in KRS 341.360 or 341.370 shall affect the establishment of a "benefit year."

Section 22. KRS 341.360 is amended to read as follows:

No worker may [serve a waiting period or] be paid benefits for any week of unemployment:

(1) With respect to which a strike or other bona fide labor dispute which caused him to leave or lose his employment is in active progress in the establishment in which he is or was employed, except that [waiting periods may be served and] benefits may be paid unless the employer notifies the division in writing within seven (7) days after the beginning of such alleged strike or labor dispute of the alleged existence of such strike or labor dispute. For the purpose of this subsection a lockout shall not be deemed to be a strike or a bona fide labor dispute and no worker shall be [denied credit for a waiting period or be] denied benefits by reason of a lockout;

(2) For which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States, except as otherwise provided by an arrangement between this state and such other state or the United States. But if the appropriate agency of such state or of the United States finally determines that he is not entitled to such unemployment compensation, this subsection shall not apply; or

(3)*(a)* Which, when based on service in an instructional, research, or principal administrative capacity in an institution of higher education as defined in subsection (2) of KRS 341.067 *or in an educational institution as defined in subsection (4) of KRS 341.067,* begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the worker has a contract or contracts to perform *or has reasonable assurance that worker will perform such* services in any such capacity for any institution or institutions of higher education *or an educational institution* for both such academic years or both such terms*; or*

(b) Which, when based on service other than as defined in subsection (3)(a) of this section, in an educational institution, as defined in subsection (4) of KRS 341.067, other than an institution of higher education, begins during the period between two (2) successive academic years or terms, if the worker has a contract or contracts to perform or has reasonable assurance that worker will perform such service in any such capacity for an educational institution for both such academic years or both such terms; or

(c) Which, when based on service in any capacity in an institution of higher education other than non-professional workers or in an educational institution as defined in KRS 341.067(4) begins during the period when no such service of the nature normally performed by the worker is scheduled in advance to be performed, including but not limited to such periods as in-service days, winter and spring breaks.

(4) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(5)(a) Benefits shall not be paid on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United State as a result of the application of the provisions of section 203 (a)(7) or section 212 (d)(5) of the immigration and nationality act).

(b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

Section 23. KRS 341.370 is amended to read as follows:

(1) According to the circumstances in each case, a worker shall be disqualified from receiving benefits [or serving a waiting period]:

(a) For not less than one (1) nor more than sixteen (16) weeks immediately following the commission of the disqualifying act, if, subsequent to his most recent work, he has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or

(b) For not less than six (6) nor more than sixteen (16) weeks immediately following the commission of the disqualifying act, if he has been discharged for misconduct connected with his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct.

(2) A worker shall be disqualified from receiving benefits [or serving a waiting period] for the duration of any period of unemployment with respect to which:

(a) He was discharged for dishonesty in connection with his most recent work;

(b) He voluntarily quit his most recent work to marry or for the purpose of attending school, or to become self-employed; or

(c) He has left his most recent suitable work voluntarily without good cause.

(3) A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits; and, within the succeeding twenty-four (24) months, for such additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.

(4) No worker shall be disqualified under paragraph (b) of subsections (1) or (2) of this section unless the employer, within a reasonable time as prescribed by secretary's regulation, notifies the department for human resources and the worker in writing of the alleged voluntary quitting or the discharge for misconduct; Provided, however, That nothing in this subsection shall restrict the right of the secretary for human resources to disqualify a worker whose employer has refused or failed to notify the department for human resources of the alleged voluntary quitting or discharge for misconduct if such alleged voluntary quitting or discharge for misconduct is known to the secretary for human resources prior to the time benefits are paid to such worker; Provided, further, That the exercise of such right by the secretary for human resources, in the absence of timely notice from the employer, shall not relieve the employer's reserve account of benefit charges under the provisions of subsection (3) of KRS 341.530.

(5) As used in this section and in subsection (3) of KRS 341.530, "most recent" work shall be construed as that work which occurred after the first day of the worker's base period and which last preceded the week of unemployment with respect to which benefits are claimed; except that, if the work last preceding such week of unemployment was intermittent or temporary in nature, most recent work may be construed as that work last preceding such intermittent or temporary work.

Section 24. KRS 341.380 is amended to read as follows:

(1) All benefits shall be paid through employment offices, or such other agencies as may be designated by regulations of the secretary. Claims for all payments of benefits shall be made in accordance with regulations of the secretary.

(2) The weekly benefit rate payable to an eligible worker for weeks of unemployment shall, except as provided in KRS 341.390, be an amount equal to one twenty-third ($1/23$) of his base-period wages *plus any previously uncovered wages during the transition period* in that calendar quarter of his base period in which such wages were highest, except that no worker's weekly benefit rate shall be less than twelve dollars ($12) nor more than the maximum rate as determined in accordance with subsection (3) of this section.

(3) Prior to the first day of July of each year the secretary shall determine the average weekly wage for insured employment by dividing the average monthly employment, as obtained by dividing the total monthly employment reported by subject employers for the preceding calendar year by twelve (12), into the total wages reported by such employers for such calendar year and dividing by fifty-two (52). Fifty percent (50%) of the amount thus obtained, adjusted to the nearest multiple of one dollar ($1), shall constitute the maximum weekly benefit rate for those workers whose benefit year commences on or after the first day of July of such year and prior to the first day of July of the next following year.

(4) The maximum amount of benefits payable to any worker within any benefit year shall be the amount equal to whichever is the lesser of (a) twenty-six (26) times his weekly benefit rate or (b) one-third ($1/3$) of his base-period wages *plus any previously uncovered wages during the transition period*, except that no worker's maximum amount shall be less than fifteen (15) times his weekly benefit rate. Such maximum amount, if not a multiple of one dollar ($1), shall be adjusted to the nearest multiple of one dollar ($1).

Section 25. KRS 341.300 is amended to read as follows:

(1) Contributions unpaid on the date on which they are due and payable, as prescribed by the secretary, shall be subject to a penalty at the rate of one percent (1%) per month or fraction thereof, not to exceed sixty percent (60%) of the amount of such contributions, from and after such date until payment is received by the department, irrespective of whether such delinquency has been reduced to a judgment or not as provided in subsection (2) of this section. These penalties shall be paid into the unemployment compensation contingent fund.

(2) If, after due notice, any subject employer defaults in any payment of contributions or penalties thereon, the amount due shall be collected by a civil action instituted in the Franklin Circuit Court *or the Franklin District Court depending upon the jurisdictional amount in controversy including penalties* in the name of the state, and the subject employer adjudged in default shall pay the costs of the action. Civil actions brought under this section shall be heard by the court, without the intervention of a jury, at the earliest possible date, and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this chapter and cases arising under the workmen's compensation law.

(3) At or after the commencement of an action under subsection (2) of this section attachment may be had against the property of the liable subject employer for such contributions and penalties without the execution of a bond, or after judgment has been entered an execution may be issued against the property of such employer without the execution of a bond.

(4) An action for the recovery of contributions or penalties under this section shall be barred and any lien therefor shall be canceled and extinguished unless collected or suit for collection has been filed within five (5) years from the due date of such contributions, except in the case of the filing of a false or fraudulent report the contributions due shall not be barred and may at any time be collected by the methods set out in this chapter, including action in a court of competent jurisdiction.

Section 26. KRS 341.415 is amended to read as follows:

(1) Any person who has received any sum as benefits under this chapter while any condition for the receipt of such benefits was not fulfilled in his case, or while he was disqualified from receiving benefits, shall, in the discretion of the secretary, either have such sum deducted from any future benefits payable to him under this chapter or repay the department for the fund a sum equal to the amount so received by him. *If after due notice the recipient of such sum fails to remit or arrange for remittance of the sum, the sum may be* [Such sum may be] collected in the manner provided in subsection (2) of KRS 341.300 for collection of past due contributions and any sums so collected shall be credited to the pooled account.

(2) At or after the commencement of an action under subsection (1) of this section attachment may be had against property of the recipient of improperly paid benefits in the manner provided in subsection (3) of KRS 341.300.

(3) A lien on a parity with state, county, and municipal ad valorem tax liens, and superior to the lien of any mortgage or other encumbrance heretofore or hereafter created is hereby created in favor of the division upon all property of any recipient of improperly paid benefits. This lien shall be for a sum equal to the amount of the overpayment finally determined. The lien shall commence from such time as the recipient has exhausted or abandoned the appeal procedure set forth in this chapter and the amount of the overpayment is finally fixed. A notice of lien may be filed in the same manner as that provided for in KRS 341.310.

(4) [(2)] Any amount paid to a person as benefits, which he has been found liable to repay or to have deducted from future benefits under *subsections* [subsection] (1), *(2) and (3)* of this section, which has neither been repaid nor so deducted within a period of three (3) years following the last day of the benefit year within which it was paid, shall be deemed to be uncollectible and shall be permanently charged to the pooled account, except that if such payment was made by reason of fraudulent representations, no future benefits shall be paid such person until such amount has been repaid or deducted from such future benefits without respect to time.

SECTION 27. A NEW SECTION OF KRS CHAPTER 341 IS CREATED TO READ AS FOLLOWS:

The governor is hereby authorized to apply for advances to the credit of this state's account in the unemployment trust fund from the federal unemployment account in such fund as provided for in title XII of the social security act when the balance of this state's account requires such action.

Section 28. KRS 341.510 is amended to read as follows:

(1) Except *as provided in subsection (2) of this section and except* such money as has been credited to the account of this state in the unemployment trust fund under the provisions of section 903 of the social security act as amended, and appropriated by legislative action authorized thereunder for administrative expenses, money shall be requisitioned from the state's account in the unemployment trust fund solely for the payment of benefits and in accordance with regulations prescribed by the secretary. The secretary, through the state treasurer acting as his fiscal agent, shall from time to time requisition from the unemployment trust fund such amounts not exceeding the amounts standing to this state's accounts therein, as he considers necessary for the payment of benefits for a reasonable future period.

(2) The governor may, at any time, pursuant to section 1202 of the social security act, request that funds be transferred from this state's account in the unemployment trust fund for repayment of part or all of that balance of advances made to the state under section 1201 of the social security act.

(3) Upon receipt thereof the treasurer shall deposit such money in the benefit account and shall issue his vouchers for the payment of benefits solely from such benefit account. Expenditures of such money in the

benefit account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody. All vouchers issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the approval in writing of the commissioner of the executive department for finance and administration.

(4) [(3)] Any balance of money requisitioned from the unemployment trust fund that remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of benefits during succeeding periods, or, in the discretion of the secretary, shall be redeposited with the secretary of the federal treasury to the credit of this state's account in the unemployment trust fund, as provided in KRS 341.500.

Section 29. KRS 341.530 is amended to read as follows:

(1) The department shall maintain a reserve account for each subject employer, and shall, except as provided in KRS 341.590, credit to such account the total amount of all contributions paid by the employer on his own behalf. Nothing in this section or elsewhere in this chapter shall be construed to grant any employer or individual who is or was in his employ prior claims or rights to the amounts paid by him into the fund.

(2) Except as provided in subsection (3) of this section, all *regular* benefits paid to an eligible worker in accordance with KRS 341.380 *plus* [and one-half of] the *extended* benefits paid in accordance with KRS 341.700 *through* [to] KRS 341.740, *subject to the provisions of paragraphs (a) and (b) below,* shall be charged proportionately against the accounts of those of his subject employers from whom he has base-period wages. The proportion so used shall be that ratio which is obtained by dividing the base-period wages of a worker *received* from such employer by the total base-period wages *and previously uncovered wages, as defined in Section 10 of this Act,* of such worker, provided, however, that the division may, when necessary, make such fractional adjustments in such computation as may be required to assure mathematical compliance with this provision*:*

(a) Subject employers, which are not governmental entities as defined in Section 8 of this Act, shall be charged one-half (1/2) of the extended benefits paid in accordance with KRS 341.700 through 341.740; and

(b) Subject employers which are governmental entities, as defined in Section 8 of this Act, shall be charged for all extended benefits paid in accordance with KRS 341.700 through 341.740 for compensable weeks occurring on or after January 1, 1979 and for one-half (1/2) of the extended benefits paid for compensable weeks occurring prior to such date.

(3) Notwithstanding the provisions of subsection (2) of this section, benefits paid to an eligible worker and chargeable to an employer's reserve account under such subsection shall be charged against the pooled account if such worker was discharged by such employer for misconduct connected with his most recent work for such employer, voluntarily left his most recent work with such employer without good cause attributable to the employment, or such employer has continuously employed the worker without significant interruption since the end of the worker's base period and in the week with respect to which benefits are paid, wages and employment are provided to the worker by such employer to the same extent as during the base period, and the employer within a reasonable time, as prescribed by regulation of the secretary, notifies the department, in writing, of the alleged voluntary quitting, discharge for misconduct or continuing employment; provided, however, that no employer making payments to the fund in lieu of contributions shall be relieved of charges by reason of this subsection.

(4) Each subject employer's reserve account shall, unless terminated [or exhausted] as of the computation date (as defined in subsection (5) of KRS 341.270), be charged with all benefits paid to eligible workers which are chargeable to such reserve account under subsection (2) of this section. A subject employer's reserve account shall be deemed to be terminated if he has ceased to be subject to this chapter, and his account has been closed and any balance remaining therein has been transferred to the fund's pooled account or to a successor's account as provided in KRS 341.540.

(5) Any subject employer may at any time make voluntary payments to the fund, additional to the contributions required under KRS 341.260 and 341.270. Notwithstanding any other provision of this chapter, contributions paid within one month following the computation date and voluntary payments made within twenty days following the mailing of notices of new rates shall, in accordance with regulations established by the secretary, be credited to an employer's reserve account as of the computation date; provided, no voluntary payments shall be used in computing an employer's rate unless such payment is made prior to the expiration of one hundred and twenty days after the beginning of the year for which such rate is effective.

(6) Notwithstanding subsection (1) of this section, two (2) or more nonprofit (501(c)(3)) organizations may jointly request the secretary to establish a group reserve account for such nonprofit organizations. Two (2) or more governmental entities may jointly request the secretary to establish a group reserve account, and once established, such account shall remain in effect at least two (2) calendar years and thereafter until either dissolved at the discretion of the secretary or upon filing application for dissolution by the group members. Each member of a group shall be jointly and severally liable for all payments due under this chapter from each or all of such group members. The secretary shall prescribe such procedures as he deems necessary for the

establishment, maintenance and dissolution of a group reserve account.

Section 30. KRS 341.540 is amended to read as follows:

(1) Any employing unit which succeeds to or acquires the organization, trade or business of a subject employer shall assume the resources and liabilities of the predecessor's reserve account, including penalties, and shall continue the payment of all contributions and penalties due under this chapter, except that the successor or acquirer shall not be required to assume the liability of any delinquent contributions and penalties of a predecessor or predecessors unless the department notifies the successor or acquirer of such delinquency within six months after the department has notice of the succession or acquisition.

(2) The liability for delinquent contributions and penalties imposed upon the successor or acquirer by subsection (1) of this section shall be secondary to the liability of the predecessor or predecessors and if the delinquency has been reduced to judgment the order of execution on such judgment shall be as follows:

(a) Against the assets, both real and personal, of the predecessor or predecessors;

(b) Against the assets, both real and personal, of the business acquired; and

(c) Against the assets, both real and personal, of the successor or acquirer.

(3) Notwithstanding the provisions of subsection (1), any employing unit which succeeds to or acquires a portion of the organization, trade or business from a subject employer, and who is, or by reason of such succession or acquisition becomes, a subject employer, shall assume the position of such employer with respect to the resources and liabilities of such reserve account in proportion to the extent of such succession or acquisition as agreed upon by the parties in interest and approved by the secretary, and the taxable payroll, benefit charges and the potential benefit charges shall likewise be assumed by the successors or acquirers in interest in a like proportion.

(4)(a) The contribution rate of a successor or acquirer employing unit, whether in whole or in part, which was a subject employer prior to such succession or acquisition, shall not be affected by the transfer of the reserve account for the remainder of the rate year in which such succession or acquisition occurred.

(b) The contribution rate of a successor or acquirer employing unit, which was not a subject employer prior to such succession or acquisition *of a predecessor's reserve account, either in whole or in part, shall be, for the calendar year in which such succession or acquisition occurred, the same rate as that of its predecessor* [, shall, for the period beginning with the date of such succession or acquisition and ending on the last day of the rate year in which such succession or acquisition occurred, be the same as that of its predecessor unless the succession or acquisition was in part only, in which event its contribution rate for such remainder of the rate year, shall be two and seven-tenths percent].

(c) The contribution rate *for* [of] a successor or acquirer employing unit, which was not a subject employer prior to *the simultaneous succession to or acquisition of two (2) or more predecessor reserve accounts, either in whole or in part, shall be the rate,* [such succession or acquisition, which acquires simultaneously the organization, trade or business of two or more employing units for whom reserve accounts have been maintained, shall be] determined [as of the most recent computation date,] in accordance with *the provisions of* KRS 341.270, *by combining the reserve accounts succeeded to or acquired as they existed as of the computation date for determining rates for the calendar* [on the basis of the combined accounts transferred. The successor's or acquirer's rate so determined shall become effective as of the date of such succession or acquisition and shall remain in effect for the remainder of the rate] year in which such succession or acquisition occurred.

(d) The contribution rate of a successor or acquirer employing unit which succeeds to or acquires, either in whole or in part, a predecessor's reserve account after a computation date but prior to the beginning of the calendar year immediately following such computation date shall be the rate determined, in accordance with KRS 341.270, by effecting the transfer of such reserve account as of the computation date immediately preceding the date of such succession or acquisition.

Section 31. KRS 341.980 is amended to read as follows:

(1) In enacting *this chapter* [1972 Acts, Chapter 21], it is the intention of the General Assembly to comply with the requirements of the Federal Unemployment Tax Act *and all subsequent amendments including, but not limited to P.L. 94-566 and P.L. 95-19* [as amended by PL 91-373]. *Contributions or reimbursements required herein on account of previously uncovered services performed prior to January 1, 1978 as defined in section 121 of the federal unemployment compensation act of 1976, as amended, and* benefits based on *such services* [service] in employment defined herein shall be payable in the same amount, on the same terms and subject to the same conditions as benefits payable on the basis of other service subject to this chapter. Interpretations of the provisions contained herein or elsewhere in this chapter should be consistent with such Federal Act and interpretations thereof and substantial weight should be given to the commentary contained in those documents entitled *"Draft Language and Commentary to Implement the Unemployment Compensation Amendments of 1976— P.L. 94-566"*, "Draft Legislation to Implement the Employment Security Amendments of 1970 ... H. R. 14705" and "Manual of State Employment Security

Legislation, Revised September 1950," published by the United States Department of Labor, Manpower Administration.

(2) If Public Law 94-566 or the federal act it amends shall for any cause become inoperative in its application, or stayed pendente lite, as to services performed by employes of this state or one or more of its counties, cities or political subdivisions, then, the provisions of this Act by virtue of that fact, shall, likewise and to the same extent, become inoperative as to such services. Any unobligated contributions in the unemployment insurance fund paid into the fund by such governmental entity, or returned to this state by the United States treasurer because such federal law becomes inoperative, shall be refunded to the governmental entity contributors proportionately to their unexpended contributions under regulations of the commission. Nothing in this subsection shall waive payments accrued in lieu of contributions.

Section 32. KRS 341.135, Election of compensation coverage for personnel of department by commissioner of the executive department for finance and administration, is repealed.

Section 33. Whereas, the foregoing changes in the Kentucky unemployment insurance law are necessary in order (1) to bring the Act into conformity with certain amendments to the federal unemployment tax act to assure proper tax credit for Kentucky's contributing employers and continuation of federal administrative fund grants to Kentucky, (2) to make possible a more effective administration, (3) to remove existing inequities, and (4) to revise the fund solvency factor and the rate schedules commencing with the calendar year 1978, an emergency is declared to exist and Sections 10, 11 and 15 shall become effective January 1, 1978. All other sections of the Act, except those relating to services for which required coverage by the state was deferred until January 1, 1979, by P. L. 95-19, shall become effective July 1, 1978.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 227 IS CREATED TO READ AS FOLLOWS:

As used in this Act unless the context otherwise requires:

(1) "Electrical contractor" means any person, firm, partnership or corporation engaged in the business of, or holding themselves out to the public as being engaged in the business of installing or repairing, or contracting to install or repair any electrical wiring, conduits, devices, fixtures, equipment, or other electrical materials for carrying, using or consuming electrical energy for which a permit is required by Section 9 of this Act.

(2) "Supervisor" means any person who is employed by an electrical contractor to supervise the construction, alteration or repair of any electrical wiring used for the purpose of furnishing heat, light or power.

(3) "Electrician" means every person doing work of installing, repairing or maintaining any electrical wiring or equipment subject to the provisions of this Act.

(4) "Apprentice electrician" means all persons who are legally indentured under the Kentucky state electrical apprenticeship training program. "Apprentice electrician" shall further mean a person engaged in the practical installation or alteration of electrical wiring who has not yet qualified to be eligible for an electrical contractors license, supervisors license, or an electricians license. The work of an apprentice electrician shall at all times be under the direct guidance of a person holding an electricians license as defined above; provided, however, no more than one (1) apprentice electrician for every three (3) electricians will be allowed to work on projects. This classification requires an apprentice registration card.

(5) "Electrical wiring" means the installation or repair or electrical wiring, appliances, apparatus or any electrical device.

(6) "Board" means the electrical contractors administrative board provided for by this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 227 IS CREATED TO READ AS FOLLOWS:

(1) The provisions of this Act shall apply to all low voltage circuits and equipment, all installations of electrical conductors, wiring, conduits, fixtures, devices, appliances or other electrical equipment or materials, hereinafter defined as "electrical wiring" within or on public or private building, structures, or premises, except as hereinafter provided.

(2) The provisions of this Act shall not apply to the installation, alteration or repair of electrical current up to and including the meters, where such work is an integral part of the system owned and operated by an electrical public service corporation, or the light and power department of any city in this state, in rendering its duly authorized service as such.

(3) The provisions of this Act shall not apply to the installation, alteration or repair of electrical equipment and devices for the operation of signals or the transmission of intelligence, where such work is an integral part of the communication system owned and operated by a telephone or telegraph company in rendering its duly authorized service as such, or to the signal or communication systems of railroad and pipeline companies not used by the public or for hire.

(4) The provisions of this Act shall not apply to the installation of electrical wiring, to railroad facilities or equipment, railway cars or to automotive electrical equipment.

(5) The provisions of this Act shall not apply to the installation, alteration or repair of electrical equipment used for radio transmission in broadcasting or transmitting stations.

HB 627, AN ACT relating to the establishment of the Kentucky School Building Authority.

WHEREAS, there has been a historic gap between the needs for schoolhousing in the Commonwealth school districts and their ability to construct schoolhousing; and

(3) Bonds issued by the authority under the provisions of this Act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, trustees, and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature may properly and legally invest funds, including capital in their control or belonging to them. Failure of a physician to submit to such examination when directed shall constitute an admission of the allegations against him (unless the failure was due to circumstances beyond his control) consequent upon which a default and final order may be entered without the taking of testimony or presentation of evidence. A physician whose license has been suspended, limited, restricted or revoked under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he can resume the competent practice of medicine with reasonable skill and safety to patients].

(4) Any licensee who is aggrieved by an order of the board placing the licensee on probation, or suspending, limiting, restricting or revoking his license may procure a declaration of rights under the

Summons and a copy of the complaint may be served upon the secretary for and on behalf of the board, and the secretary shall, within thirty days after such service and the filing of said bond, file with the court a transcript of the record of hearing together with a certified copy of the order complained of. The board may file an answer, or such other pleadings as it considers appropriate, and the court shall, after considering the transcript of the record and the board's order and any arguments of counsel, enter judgment. No new or additional evidence shall be introduced in the circuit court. All circuit clerks and deputy clerks may receive annual salary increments for each year's services, subject to determination by the Supreme Court.

HJR 86, A JOINT RESOLUTION directing the establishment of a task force to study the Commonwealth's legal system and making an appropriation therefor.

WHEREAS, the passage and implementation of the Judicial Article was a novel and massive step in revamping the legal system of this Commonwealth; and

WHEREAS, the General Assembly, Court, Bar and Citizenry all well recognized that implementation of the Judicial Article required legislative decisions in many areas where there was little data or experience to provide guidance; and

WHEREAS, there are many thoughtful and provocative questions now raised as to the future of and change within our present legal system;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. There is hereby established a special task force to study the Commonwealth's legal system which shall be composed as follows:

a. Five members of the Kentucky General Assembly to be selected by the Legislative Research Commission, at least two of whom shall be selected from each house, and one of whom shall be designated as chairman of the task force;

b. Five justices or judges to be selected by the chief justice of the Kentucky Supreme Court, at least one of whom shall represent each of the four tiers of the judicial system;

c. Five attorneys to be designated by the Attorney General, two of whom shall be commonwealth's attorneys, two county attorneys, and the Attorney General or his designee;

d. Ten persons selected by the Governor, two of whom shall be circuit clerks, two jailers, two representatives of the executive branch, and four citizens at large.

Section 2. The task force shall thoroughly evaluate and answer the following questions:

a. Should the number of district and circuit judges be reduced, increased or rearranged so as to better reflect case and work loads?

b. Would the Commonwealth receive more efficient, cost effective prosecutorial services by shifting duties or providing for full-time attorneys?

c. Is the local incarceration system adequate or should a regional jail system be developed?

d. Are staff needs of the circuit court clerks adequately met, or should additional staff be provided to meet the demands of the new court system?

e. Is the present system for disposing of offenses committed by juveniles adequate to provide for the protection of the public and at the same time the rehabilitation of the juvenile offender?

Section 3. The General Assembly directs that the task force study the aforementioned issues, and prepare a comprehensive report, which includes extensive relevant data on costs, workload and productivity, and recommends a specific course of action in regard to each of the stated propositions, to be submitted to the Legislative Research Commission, the Chief Justice of the Supreme Court of Kentucky and the Governor by December 15, 1979.

Section 4. Staff for the task force shall be furnished by the Legislative Research Commission.

Section 5. There is hereby appropriated to the Legislative Research Commission to carry out the work of the task force the sum of one hundred thousand dollars ($100,000) for the fiscal year 1978-1979, which sum shall not lapse but shall be carried forward.

The Cinderella team returned to Kentucky's third region with an unblemished record of 19 victories and no defeats. In capturing the LIT crown the team, under the able guidance of Coach Wayne Chapman, defeated four powerhouse schools including the number one and number two ranked teams in the state on the same day. The majestic manner in which their victory was accomplished makes the team truly worthy to be called the Eagles. c. School Foundation Program

1978-79	$593,722,500
1979-80	$671,531,000

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

The amount to be included for the 1978-79 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

	I	II	III	IV	V
Rank					
Experience					
0-3 years	$12,770	$11,000	$ 9,230	$7,510	$6,630
4-9 years	14,100	12,330	10,560	7,510	6,630
10 years & over	15,290	13,520	11,750	7,510	6,630

Beginning with the school year 1979-80, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

	I	II	III	IV	V
Rank					
Experience					
0-3 years	$13,480	$11,630	$ 9,780	$7,850	$6,920

10 years & over	16,990	15,140	13,290	7,850	6,920

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board for Elementary and Secondary Education shall certify such contention to the Department of Revenue. Said department shall then determine whether or not there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board for Elementary and Secondary Education, and said Board shall accept such certified determination as final.

The State Board for Elementary and Secondary Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1978-79 and 1979-80 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

The allotment to any school district of classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Entitlement for basic classroom units obtained in schools of one classification shall not be allocated to schools of another classification. For the purposes of determining such entitlement, classification shall be as follows:

(1) One-teacher schools;

(2) Schools, other than one-teacher schools, with less than one hundred pupils in average daily attendance; and

(3) Schools, other than one-teacher schools, with more than one hundred pupils in average daily attendance.

In the determination of allotments pursuant to KRS 157.360(2), there shall not be allotted a full classroom unit for any non-isolated one-teacher school with fewer than 27 pupils in average daily attendance or for any isolated one-teacher school which has fewer than 12 pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1977-78	1978-79	1979-80
Vocational Education	2,732	2,907	3,082
Exceptional Children	3,810	4,010	4,410
Gifted	---	100	200
Kindergarten	600	1,000	1,550

Provided, however, that if the budgeted units in any category of classroom units; Vocational Education, Exceptional Children, Kindergarten, and classroom units for elementary and secondary schools; with the exception of Gifted, prove to be excessive, the surplus not to exceed (100) such classroom units may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board for Elementary and Secondary Education, the Secretary of the Executive Department for Finance and Administration, and the Governor.

Gifted units shall be certified and distributed by the Bureau of Instruction as part of an experimental program.

In the event the total number of Vocational Contract units for pupils attending state vocational-technical schools or state-operated vocational education centers falls short of the projected 650 units in the 1978-79 school year or 625 units in the 1979-80 school year, the Superintendent of Public Instruction is hereby authorized, with written approval of the Secretary of the Executive Department for Finance and Administration, to transfer funds from the School Foundation Program appropriation to the Bureau of Vocational Education for the purpose of supporting vocational education programs for the Kentucky public school system. In no event, however, shall the funds authorized to be transferred under this authority exceed the unit value difference between the actual contract units and 650 in the 1978-79 school year and the unit value difference between the actual contract units and 625 in the 1979-80 school year, provided that nothing herein shall jeopardize the School Foundation Program funding of the public common schools.

Allotments for classroom units pursuant to KRS 157.360(7) shall only be for those personnel enumerated under said section who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The value for other current expenses in the 1977-78 school year through the School Foundation Program shall increase from $2,364 to $2,419 for purposes of allotting a one-time grant to local school districts to defray energy related expenses. The amount to be included in the Foundation Program for other current expenses in the 1978-80 biennium shall be determined by multiplying the number of classroom units by: $2,650 in the 1978-79 school year and $2,950 in the 1979-80 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1978-79 school year and $1,800 in the 1979-80 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior appoval of the Superintendent of Public Instruction. The State Board for Elementary and Secondary Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units pursuant to KRS 157.400 and applicable regulations.

Notwithstanding the provisions of KRS 157.400, any undistributed balance in the Foundation Program fund at the end of the fiscal year 1978-79 and 1979-80 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Executive Department for Finance and Administration, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part V, General Provisions, Section 7, of this Act, and the provisions of KRS 45.160.

PART V
GENERAL PROVISIONS

1. Nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1978,except Chapter 27, Part I, Section D of the 1976 Extraordinary Session Acts of the General Assembly which is hereby repealed, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Executive Department for Finance and Administration. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary for Finance and Administration in accordance with the detailed estimates embodied in the Executive Budget 1978-80 and supporting work papers, as considered by the General Assembly, and the decision of the Secretary of the Executive Department for Finance and Administration shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Executive Department for Finance and Administration is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Department of Personnel, Executive Department for Finance and Administration, Treasury, and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the Governor's budget proposal and is supported by appropriate work papers and other records pertaining thereto.

6. Any appropriation made herein by the General Fund in anticipation of loss or reduction of Federal grants shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency or other activity or subdivision of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund, as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after

the adjournment of the 1978 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Secretary of the Executive Department for Finance and Administration, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Secretary of the Executive Department for Finance and Administration, in the manner set forth as provided by general law, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

HB 216, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.370 is amended to read as follows:

(1) [Effective December 1, 1969] There shall be a property valuation administrator in each county in lieu of a county assessor.

(2) Property valuation administrators shall be elected in the year *in which county elections are held* [1969 and each four (4) years thereafter] and shall enter upon the discharge of the duties of their office on the first Monday in December after their election and continue in office for a period of four (4) years, and until the election and qualification of their successors. Property valuation administrators shall possess the qualifications required by section 100 of the constitution and by KRS 132.380 and shall be eligible for re-election.

(3) *The property valuation administrators and all deputies and assistants of their offices who qualify as full time employes, shall be eligible for participation in the provisions of KRS 18.410, 18.510 through 18.600 and 61.510 through 61.700.*

(4) A property valuation administrator may be removed from office by the circuit court of his county, upon petition of the department or any taxpayer, for wilful disobedience of any just or legal order of the department, or for misfeasance or malfeasance in office or wilful neglect in the discharge of his official duties, but he or the petitioner may appeal to the Court of Appeals.

Section 2. KRS 132.450 is amended to read as follows:

(1) Each property valuation administrator shall assess at its fair cash value all property which it is his duty to assess except as provided in paragraph (g) of subsection (2) of this section. In the case of securities which are regularly bought and sold through stock exchanges, the price at which such property closed on the last regular business day preceding the assessment day shall be prima facie evidence of the fair cash value of such property. The property of one (1) person shall not be assessed wilfully or intentionally at a lower or higher relative value than the same class of property of another, and any grossly discriminatory valuation shall be construed as an intentional discrimination. The property valuation administrator shall make every effort, through visits with the taxpayer, personal inspection of the property, from records, from his own knowledge, from information in property schedules, and from such other evidence as he may be able to obtain, to locate, identify, and assess property.

(2)(a) On or before April 1 of any year the owner or owners of land devoted exclusively to agricultural or horticultural use on which the property valuation administrator has placed a value in excess of the agricultural or horticultural value may file application for valuation at the agricultural or horticultural value with the property valuation administrator of the county in which the land is located, on forms prescribed by the department. This application shall be valid until the property is transferred or the land use is changed; however, the owner may elect to have the subject property assessed as other than agricultural or horticultural land for any year or years by filing a statement to that effect with the property valuation administrator prior to the close of the five (5) day period beginning on the first Monday in June. In determining the total area of such land, there shall be included the area of all land under farm buildings, greenhouses and like structures, lakes, ponds, streams, irrigation ditches and similar facilities, and garden plots devoted to growth of products for on-farm personal consumption but there shall be excluded, land used in connection with dwelling houses including, but not limited to, lawns, drives, flower gardens, swimming pools or other areas devoted to family recreation. Where contiguous land in agricultural or horticultural use in one (1) ownership is located in more than one county or taxing district, compliance with the minimum requirements shall be determined on the basis of the total area and income of such land and not the area or income of land which is located in the particular county or taxing district.

(b) Land devoted to agricultural or horticultural use, where the owner or owners have petitioned for, and been granted, a zoning classification other than for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.

(c) Real property devoted to agricultural or horticultural use by any corporation other than one organized primarily for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.

(d) When the use of a part of a tract of land which is valued and taxed as agricultural or horticultural land is changed either by conveyance or other action of the owner, the right of the remaining land to be retained in the agricultural or horticultural classification for assessment and taxation shall not be impaired provided it meets the minimum requirements for such classification, except that land on which there has been established a systematic pattern of change of use over a period of two (2) years is excluded from the provisions of paragraph (g) of this subsection.

(e) The owner or owners of land shall not be liable for deferred taxes for any year in which the land was not assessed for agricultural or horticultural use under the provisions of paragraph (g) of this subsection.

(f) Where a change in land use occurs in any tax year the owner of such land shall be subject to the deferred tax provisions of subsection (1) of KRS 132.454 for each of the preceding two (2) tax years in which the land was valued and taxed for agricultural or horticultural purposes.

(g) When in the opinion of the property valuation administrator any land on which an application has been filed, has a value in excess of that for agricultural or horticultural use the property valuation administrator shall enter into the tax records the value of the property according to its fair cash value. When the property valuation administrator determines that the land meets the requirements for valuation as agricultural or horticultural land, the valuation for tax purposes shall be its agricultural or horticultural value.

(h) When an application for valuation of property as agricultural or horticultural is denied, the property valuation administrator shall cause written notice to be served on the property owner in the manner provided by subsection (4) of this section. The property owner may appeal such ruling to the county board of assessment appeals as provided in KRS 133.120 or in the case of a city or special district to the appropriate appeals body for the city or district.

(3) Notwithstanding any statutory provisions to the contrary, the provisions of this section and KRS 132.454 shall apply to the assessment and taxation of agricultural or horticultural land for state, county, city or special district purposes. Any city may by ordinance establish additional tax procedures which will enable it effectively to administer the provisions of this section and KRS 132.454.

(4) If the property valuation administrator assesses any property, except stocks and bonds at the market value listed in recognized publications, *and except as provided in KRS 132.660,* at a greater value than *(a)*that listed by the taxpayer *for the current year, (b)that at which the property was assessed for the prior year* or *(c)* assesses [unlisted] property *not previously listed on the tax rolls*, the property valuation administrator shall serve notice on the taxpayer of such action *on a form prescribed by the department of revenue*. The notice shall *contain a statement of the taxpayers right of appeal and* be given by first-class mail or as provided in the Kentucky Rules of Civil Procedure. *If county funds are not sufficient, funds to pay the cost of notice shall be paid from state funds as a necessary governmental expense.*

(5) Any taxpayer may designate on the property schedule any property which he does not consider to be subject to taxation, and it shall be the duty of the property valuation administrator to obtain and follow advice from the department relative to the taxability of such property.

Section 3. KRS 132.460 is amended to read as follows:

The property valuation administrator, *or an authorized deputy,* shall attend all hearings before the county board of assessment appeals and before the Kentucky board of tax appeals relative to his assessment and submit to examination and fully disclose to them such information as he may have and any other matters pertinent to the inquiry being made. He shall be entitled to reimbursement from the county for expenses incurred in official business outside his county. If the department of revenue directs him to perform official duties outside of his county, the expenses shall be paid from the appropriation for the payment of the salaries of the property valuation administrators. Such reimbursement shall be paid on the same basis as employes of the commonwealth are paid for travel expenses.

SECTION 4. A NEW SECTION OF KRS CHAPTER 186 IS CREATED TO READ AS FOLLOWS:

Effective January 1, 1979, the department of transportation shall, by April 1 of each year, provide the department of revenue with a listing of all owners of motor vehicles registered in Kentucky on an anniversary basis under KRS 186.051 as of the preceding January 1. Such listing shall be by counties and shall contain, in addition to the name of the owners, the owner's address, and the make, model and year of all vehicles owned by the registrants. The county clerk shall continue to provide copies of motor vehicle registration certificates on all motor vehicles not registered under the provisions of KRS 186.051.

Section 5. KRS 235.050 is amended to read as follows:

(1) Except as otherwise provided in this chapter, before the owner or operator of each motorboat required to be registered and numbered by KRS 235.040 may operate it or permit its operation upon the waters of this state, the owner shall apply for registration to the circuit court clerk of the county in which he resides, except, if the motorboat is to be operated principally in a county other than the county of the owner's residence the owner may apply for registration to the circuit court clerk of the county in which the motorboat is to be principally operated. A motorboat last registered in another state and purchased by a person for operation in this state shall be first registered in this state by and in the name of the purchaser and not in the name of the seller. The application shall be in *quadruplicate* [triplicate] with one copy to be retained by the circuit court clerk, one copy to be forwarded to the division of driver licensing, *one (1) copy to be forwarded to the county property valuation admnistrator,* and the original to constitute a temporary registration certificate valid for not more than ninety days and to be destroyed upon receipt of the permanent certified certificate. The application shall be accompanied by:

(a) A bill of sale, if the application is for registration of a new motorboat; or
(b) The owner's registration receipt if the motorboat was last registered in this state; or
(c) A bill of sale and the previous registration receipt if last registered in another state; and
(d) The annual registration fee.

(2) Motorboats shall be registered annually.

Section 6. KRS 235.070 is amended to read as follows:

(1) Every person seeking a license or certificate of number or renewal for operation of a motorboat shall apply in person to the circuit court clerk of the county as provided in KRS 235.050 and make application on a form furnished by the division of driver licensing. The application shall contain the full name and signature, citizenship of applicant, date of birth, sex, present resident address, the make of the boat, hull identification number (HIN), if any, length, beam, *model and horsepower of motor* [motive power], maximum capacity, type of hull material, and intended use of boat. The application shall state whether the motorboat is equipped with toilet facilities and shall describe the number and type of such facilities and shall state whether the storage container or treatment or disposal system for such facilities is a type approved by regulations promulgated pursuant to KRS chapter 224. It shall also state whether the applicant has been previously licensed or registered as an owner, and if so, when and by what state or county, whether any license registration or certificate number has been canceled, suspended, revoked, refused, and if so, the date of and reason for cancellation, suspension, revocation or refusal and such other information as may be required.

(2) Every applicant shall make oath as to the truthfulness of the statements contained in the form.

(3) The clerk shall, after determining that the applicant has complied with the law concerning applications, issue a temporary license, certificate of number or renewal thereof to be valid for not more than ninety days. Such temporary license shall be valid in lieu of the permanent license during the certification period and must be destroyed upon receipt of the permanent certificate from the division of driver licensing.

(4) No license for the operation of a motorboat shall be issued, if the motorboat is equipped with toilet facilities but is not equipped with a storage container or treatment or disposal system of a type approved under regulations promulgated pursuant to KRS Chapter 224.

Section 7. KRS 140.065 is amended to read as follows:

The provisions of KRS 140.010 to 140.090 shall not apply where a decedent, who was domiciled in this state at the time of his death, has a net estate of the fair cash value of *ten* [three] million dollars *($10,000,000)* [($3,000,000)] or more which would otherwise be taxable by this state for inheritance tax purposes. For purposes of this section only, the deductions allowed under KRS 140.090 and transfers exempt under the provisions of KRS 140.060 shall be deducted from the gross estate in arriving at the net estate. Such estates shall not be subject to an inheritance tax but shall be subject to an estate tax only which shall be equal to the amount of the credit allowable for state death taxes under the applicable federal tax law. Such taxes shall be collected as provided in KRS 140.130 and 140.140.

Section 8. KRS 131.190 is amended to read as follows:

(1) No present or former commissioner or employe of the department of revenue, member of a county

board of assessment appeals, property valuation administrator or employe thereof, or any other person, shall divulge any information acquired by him of the affairs of any person, or information regarding the tax schedules, returns or reports required to be filed with the department or other proper officer, or any information produced by a hearing or investigation, insofar as the information may have to do with the affairs of the person's business. This prohibition does not extend to information required in prosecutions for making false reports or returns of property for taxation, or any other infraction of the tax laws, nor does it extend to any matter properly entered upon any assessment record, or in any way made a matter of public record, nor does it preclude furnishing any taxpayer or his properly authorized agent with information respecting his own return. Further, this prohibition does not preclude the commissioner or any employe of the department of revenue from testifying in any court, or from introducing as evidence returns or reports filed with the department, in an action for violation of state or federal tax laws.

(2) The commissioner shall make available any information for official use only and on a confidential basis to the proper officer, board or commission of this state, any Kentucky city, any other state, or the federal government, under reciprocal arrangements whereby the department shall receive similar or useful information in return.

(3) Statistics of tax-paid gasoline gallonage reported monthly to the department of revenue by any licensee under the gasoline excise tax law may be made public by the department.

(4) Not withstanding the above, information received from the internal revenue service shall not be made available to any other agency of state government, any city, or any other state.

Section 9. KRS 131.990 is amended to read as follows:

(1) Any person who fails or refuses to obey a subpoena or order of the Kentucky board of tax appeals made pursuant to KRS 131.350 shall be fined not less than twenty-five dollars ($25.00) nor more than five hundred dollars ($500).

(2) In addition to the civil liability for interest and penalty provided in KRS 131.180, any person who wilfully fails to file any tax report or return within the specified time, for which failure a specific criminal penalty is not provided, shall, for the first offense, be fined not more than five hundred dollars ($500) or imprisoned in the county jail for not more than six (6) months, or both. For any subsequent offense he shall be fined not more than one thousand dollars ($1,000) or imprisoned in the county jail for not more than twelve (12) months, or both.

(3) Any person who violates any of the provisions of KRS 131.190, *except subsection (4) above,* shall be fined not more than five hundred dollars ($500) or imprisoned for not more than six (6) months, or both, and shall be disqualified and removed from office or employment. *Any person who violates the provisions of KRS 131.190(4) shall be fined not more than five thousand dollars ($5,000) or imprisoned for not more than five (5) years or both.*

(4) Any person who wilfully fails to comply with the rules and regulations promulgated by the department of revenue for the administration of delinquent tax collections shall be fined not less than twenty dollars ($20.00) nor more than one thousand dollars ($1,000).

(5) Any person who fails to do any act required or does any act forbidden by KRS 131.210 or 131.220 shall be fined not less than ten dollars ($10.00) nor more than five hundred dollars ($500).

Section 10. KRS 141.010 is amended to read as follows:

As used in this chapter, unless the context requires otherwise:

(1) "Commissioner" means the commissioner of revenue;

(2) "Department" means the department of revenue;

(2) If wages are paid with respect to a period which is not a payroll period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days, including Sundays and holidays, equal to the number of days in the period with respect to which such wages are paid.

(3) In any case in which wages are paid by an employer without regard to any payroll period or other period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days equal to the number of days, including Sundays and holidays, which have elapsed since the date of the last payment of such wages by such employer during the calendar year, or the date of commencement of employment with such employer during such year, or January 1 of such year, whichever is the later.

(4) In determining the amount to be deducted and withheld under this section, the wages may, at the election of the employer, be computed to the nearest dollar.

(5) The tables mentioned in subsection (1) of this section take into consideration the deductible federal income tax. If congress changes substantially the federal income tax, the department shall make such change in these tables as necessary to compensate for any increase or decrease in the deductible federal income tax.

(6) The department may permit the use of accounting machines to calculate the proper amount to be deducted from wages when the calculation so permitted produces substantially the same result set forth in the tables authorized by KRS 141.370. Prior approval of such calculation shall be secured from the department at least thirty days before the first payroll period for which it is to be used.

(7) The department may, by regulations, authorize employers:

(a) To estimate the wages which will be paid to any employe in any quarter of the calendar year;

(b) To determine the amount to be deducted and withheld upon each payment of wages to such employe during such quarter as if the appropriate average of the wages so estimated constituted the actual wages paid; and

(c) To deduct and withhold upon any payment of wages to such employe during such quarter such amount as may be necessary to adjust the amount actually deducted and withheld upon the wages of such employe during such quarter to the amount that would be required to be deducted and withheld during such quarter if the payroll period of the employe was quarterly.

(8) The department is authorized to provide by regulation, under such conditions and to such extent as it deems proper, for withholding in addition to that otherwise required under this section and KRS 141.315 in cases in which the employer and the employe agree to such additional withholding. Such additional withholding shall for all purposes be considered tax required to be deducted and withheld under this chapter.

(9) Any employer required by this section to withhold Kentucky income tax may be required to post a bond with the department. Such bond shall be a corporate surety bond or cash. The amount of the bond shall be determined by the department, but in no case shall exceed fifty thousand dollars.

(c) If the employe is married, the exemption to which his spouse is entitled, or would be entitled if such spouse were an employe, under subparagraph (a) of this subsection, but only if such spouse does not have in effect a withholding exemption certificate claiming such exemption*;*

(d) Such other withholding exemptions as the department may prescribe by regulation.

(2) Every employe shall, on or before July 1, 1954, or before the date of commencement of employment, whichever is later, furnish his employer with a signed withholding exemption certificate relating to the number of withholding exemptions which he claims, which in no event shall exceed the number to which he is entitled.

(3) Withholding exemption certificates shall take effect as of the beginning of the first payroll period ending, or the first payment of wages made without regard to a payroll period, on or after the date on which such certificate is so furnished; Provided, That certificates furnished before July 1, 1954, shall be considered as furnished on that date.

(4) A withholding exemption certificate which takes effect under this section shall continue in effect with respect to the employer until another such certificate takes effect under this section. If a withholding exemption certificate is furnished to take the place of an existing certificate, the employer, at his option, may continue the old certificate in force with respect to all wages paid on or before the first status determination date, January 1 or July 1, which occurs at least thirty (30) days after the date on which such new certificate is furnished.

(5) If, on any day during the calendar year, the number of withholding exemptions to which the employe may reasonably be expected to be entitled at the beginning of his next taxable year is different from the number to which the employe is entitled on such day, the employe shall in such cases and at such time as the department may prescribe, furnish the employer with a withholding exemption certificate relating to the number of exemptions which he claims with respect to such next taxable year, which shall in no event exceed the number to which he may reasonably be expected to be so entitled. Exemption certificates issued pursuant to this subsection shall not take effect with respect to any payment of wages made in the calendar year in which the certificate is furnished.

(6) If, on any day during the calendar year, the number of withholding exemptions to which the employe is entitled is less than the number of withholding exemptions claimed by the employe on the withholding exemption certificate then in effect with respect to him, the employe shall, within ten (10) days thereafter, furnish the employer with a new withholding exemption certificate relating to the number of withholding exemptions which the employe then claims, which shall in no event exceed the number to which he is entitled on such day. If, on any day during the calendar year, the number of withholding exemptions to which the employe is entitled is greater than the number of withholding exemptions claimed, the employe may furnish the employer with a new withholding exemption certificate relating to the number of withholding exemptions which the employe then claims, which shall in no event exceed the number to which he is entitled on such day.

(7) Withholding exemption certificates shall be in such form and contain such information as the department may by regulations prescribe.

This penalty shall be in addition to all other applicable penalties in this section.

(2) If any taxpayer fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the department, or fails to pay the tax imposed by this chapter within the time prescribed, then, unless it is shown to the satisfaction of the department that the failure is due to reasonable cause, five percent of the tax found to be due by the department shall be added to the tax for each thirty days or fraction thereof that either filing the return or paying the tax is beyond the time prescribed or extended but the total penalty shall not exceed twenty-five percent of the tax.

However, where such failure is shown to be due to reasonable cause the department may reduce the penalty provided herein to an amount equal to five percent of the amount of taxes that should have been properly withheld and paid over to the department but not to exceed one hundred dollars, or ten dollars ($10), whichever is greater, for each such penalty. Each penalty shall be assessed and collected by the department and the assessment of such penalty may be reviewed only in the manner provided in KRS 131.110. [Provided, however, that no corporation which filed declarations on the basis of its taxable income for the immediately preceding fiscal year and pays the amount thus computed when due shall be liable for any penalty under this subsection.]

(4) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, or transfer the ownership of any motor vehicle previously registered in this state, unless the owner or his agent pays the tax levied under this section in addition to the transfer, registration and license fees.

(5) When a resident of this state offers a motor vehicle for registration for the first time in this state which was registered in another state that levied a tax substantially identical to the tax levied under this section, such person shall be entitled to receive a credit against the tax imposed by this section equal to the amount of tax paid to the other state. No credit shall be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.

(6) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, unless the seller or his agent delivers to the county clerk or other officer a certified or photostat copy of the manufacturer's price label for passenger cars or a certified or photostat copy of the itemized billing to the customer in the case of all other motor vehicles; and the clerk shall attach the certified or photostat copy to the copy of the certificate of registration and ownership mailed to the department.

The tax due shall be remitted to the Department of Revenue each month on forms and pursuant to regulations promulgated by the department.

(4) Failure of the holder of the certificate to remit the taxes applicable to the rental and leasing charges as provided herein shall be sufficient cause for the bureau of vehicle regulation to void the certificate issued to such holder and the usage tax on each of the motor vehicles which had been registered by the holder under the certificate shall be due and payable on the retail price of each such motor vehicle when it was first purchased by the holder.

(5) In the event any motor vehicle registered under a u-drive-it certificate is used for any purpose other than lease or rental, the usage tax on such motor vehicle shall be due and payable on the retail price of each such motor vehicle as of the time it was first registered by the holder. If such use is made after the motor vehicle has been leased or rented and the appropriate tax has been paid on such leases or rentals, such amount of tax paid may be credited against the tax due on the retail price. Family use or loan to customer or employe are examples of uses that would require immediate payment of the usage tax on retail price.

HB 676, AN ACT relating to health care malpractice claims at the University of Kentucky.

WHEREAS, there currently exists a crisis in the medical center of the University of Kentucky in the area of the cost and availability of health care malpractice liability insurance, and

WHEREAS, this crisis has made it extremely difficult for said medical center to attract and retain qualified professional personnel to provide quality health care and to teach, train and educate students enrolled in its educational institution in the skills of rendering medical care; and

WHEREAS, by reason of the foregoing the ability of the aforesaid medical center to perform its public functions and to render the public service for which it was created is in serious jeopardy; and

WHEREAS, the general assembly recognizes that the quality of education offered by the medical center of said university and the quality of the health care rendered to patients by said medical center and hospital staff members of the University of Kentucky are all matters that affect the health of the people of the state of Kentucky, and that the authorization of the creation of a basic coverage compensation fund by said university for its benefit with funds derived by it from sources other than general tax revenues of the state, and the appropriation of funds from time to time by the general assembly to pay health care malpractice judgments is for a public purpose and within the province of the Commonwealth; and

WHEREAS, unless legislative action is taken to alleviate this crisis, the quality of education offered and furnished by the aforesaid medical center and the quality of health care furnished at the hospital that is staffed by the faculty of the medical center of the University of Kentucky will be substantially reduced, all of which will have a materially adverse effect on the public health of the people of this state; and

WHEREAS, the Supreme Court of Kentucky has held that the legislature cannot commit itself to lend funds in the future as provided in this Act; and

WHEREAS, it is the intent and purpose of this amendment to create an excess coverage fund to consist of current and future appropriations if, as and when made by the legislature out of revenues then currently available to and expendable by it to pay malpractice judgments against the University of Kentucky upon exhaustion of the basic coverage compensation fund.

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 164.940 is amended to read as follows:

(1) "Basic coverage compensation fund" means the fund which may be established by the University of Kentucky for the purpose of paying claims or judgments for personal injury or death to patients resulting from any tort or breach of duty based on health care services rendered or which should have been rendered by the University or its agents. This fund shall [also] include all annual contributions made to the fund by the university [together with any loans that may be made to it out of the state treasury from time to time].

(2) "Commissioner" means the commissioner of the executive department for finance and administration.

(3) "Agents" means members of the board of trustees of the university, its faculty, hospital staff, nurses, nurses' aides, volunteer workers, employes and students and all other persons involved in furnishing health care within the scope of their duties or courses of study in connection with the University of Kentucky. Employed physicians and dentists are agents of the university and within the scope of their duties when rendering professional services in emergencies and other special circumstances so long as such services do not constitute private practice for which the physician or dentist derives income.

(4) "University" means the University of Kentucky.

(5) "Excess coverage fund" means funds available through appropriations made by the general assembly to pay judgments hereunder upon exhaustion of the basic coverage compensation fund.

Section 2. KRS 164.941 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of $350,000.

(2) Upon receipt of said payment of $350,000 the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Kentucky" and there shall be credited to said fund the initial payment of $350,000, all income thereafter earned from the investment of said fund, *and* all contributions thereafter made by the university [and all sums loaned to said fund from the state treasury pursuant to the provisions of KRS 164.939 to 164.944]. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of KRS 45.230 or any other provision of the Kentucky Revised Statutes. No portion of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of KRS 41.380 or any other provision of the Kentucky Revised Statutes. *Upon termination of said fund for any reason, the balance therein shall revert to the university.*

(3) The funds held in any fund created under KRS 164.939 to 164.944 shall be expended solely in payment of claims for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1975 and which may occur in the future which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(4) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a [settlement or a] judgment would involve *expenditures from appropriations of general funds of the Commonwealth* [a loan from the commonwealth] under the provisions of subsection (8) of this section [or if at the time of any such proposed payment of any settlement or judgment there is in existence an outstanding loan from the commonwealth,] then any payment from said fund must also be approved by the commissioner, or his delegate.

(5) Funds held in an account created hereunder may be disbursed by the commissioner only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(6) Annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. *In the event the university terminates its commercial excess insurance coverage then said annual contributions shall be in the amount of $250,000 with the first contribution being due and payable within twelve (12) months next following the month in which such insurance is terminated.* Provided, however, that if the university and the commissioner shall at any time in the future, *based upon accepted actuarial principles,* mutually determine that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one year, then an annual contribution in such lesser amount as may be determined may be made.

(7) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(8) Claims *or judgments* certified to be paid by the university shall be paid in the order received by the commissioner. If *the basic coverage compensation* [any] fund created hereunder shall [not] at any time *fail to* have sufficient funds to pay all *judgments* [such claims], *then they* [claims received after the funds are exhausted] shall be paid out of the *excess coverage fund* [general fund of the commonwealth] upon certification of the obligation by the commissioner *and the university. Said excess fund shall be expended only upon exhaustion of the basic coverage compensation fund and any insurance from any source whatsoever.* [Any such funds drawn from the general fund shall be repaid with interest at the legal rate by the university at the earliest practicable time as determined by the commissioner.]

Section 3. KRS 164.942 is amended to read as follows:
The basic coverage compensation [Any] fund created hereunder may be terminated upon written application made to the commissioner by the university and a finding by the commissioner that other satisfactory and adequate arrangements have been made by the university to assure that both existing and future health care malpractice claims or judgments against itself will be paid and satisfied. [Upon the termination of any fund pursuant to this section, the full amount remaining in said fund upon termination less any outstanding indebtednesses shall promptly be repaid to the university.]

Section 4. KRS 164.943, University qualified as self insurer, is repealed.

(1) That the attainment by every citizen of his or her educational goals will inure to the general welfare, well-being and productivity of the Commonwealth. Accordingly, it is hereby determined and declared that providing higher education assistance to needy, qualified students is in the best interest of the Commonwealth and constitutes the implementation of a public purpose of statewide import of the Commonwealth.

(2) Pursuant to Sections 164.740 to 164.764 of the Kentucky revised statutes, the Kentucky higher education assistance authority has heretofore been created and has rendered valuable and material services to the Commonwealth and its citizens in the effectuation of the public policy stated in the foregoing subsection. Pursuant to said cited statutory authority, the Kentucky higher education assistance authority is legally authorized to make and to guarantee student loans, and is eligible to reinsure such student loans with the United States of America pursuant to the higher education act of 1965, as amended. The United States commissioner of education has been authorized to enter into insurance or reinsurance agreements with the Kentucky higher education assistance authority, and other lending institutions in the Commonwealth pursuant to which student loans have been made possible for the benefit, welfare and well-being and for the future benefit of citizens, residents and inhabitants of the Commonwealth.

(3) As a result of the education amendments of 1976 (P.L. 94-482) to the higher education act of 1965 (P.L. 89-329), provisions for federal reinsurance of student loans have been altered to provide that in any of the five (5) years immediately following the implementation of a program of state insurance of student loans the United States of America shall reinsure and in effect agree to reimburse the state program for losses up to the entire principal amount accruing and not paid in any such fiscal year. The education amendments of 1976 further provide, after an initial period as stated aforesaid, for continued federal reimbursements of the entire principal amount accruing and not paid until such time as the amount of reinsurance claims paid in any one year exceeds five percentum of insured loan amounts in repayment as of the end of the preceding federal fiscal year, at which time the federal reinsurance liability will be reduced to ninety percentum of the principal and interest until such time as the amount of such reinsurance claims exceeds nine percentum of insured loan amounts in repayment as of the end of the preceding federal fiscal year, at which time the federal reinsurance liability will be further reduced to eighty percentum, but in no event shall the federal reinsurance liability be reduced to less than eighty percentum of the principal and interest thereon so accruing. The education amendments of 1976 (P.L. 94-482) offer further incentives to states to establish insured student loan programs including the payment of certain administrative expenses to a state agency, the payment of interest on student loans directly by the federal government while qualified students are pursuing a course of education at an eligible institution, the payment of special allowances to holders of state insured student loans and the reimbursement of costs of collection to state student loan insurance agencies in the event of defaults.

(4) The general assembly hereby determines and declares that in order to continue the insured student loan program in Kentucky, to enable eligible lenders including banks and trust companies and the Kentucky

higher education assistance authority to be able to continue to make student loans available to qualified students and to ensure that the Commonwealth of Kentucky shall not lose the benefits of the insured student loan program, it is necessary that there be created a body corporate and politic to act as a financing agency and to assure that a secondary market for insured student loans be created and maintained, the actions and duties of such body corporate and politic to be carried out in such manner so as to assure that any student loans acquired by such entity have the benefit of state insurance with federal reinsurance to the end that the assets of the Commonwealth be not committed to such purposes.

All buildings constructed and leased to the Commonwealth under built-to-suit lease agreements shall be constructed in accordance with all applicable state and national safety, building and construction code requirements and the preliminary and final building construction plans shall be reviewed and approved by the bureau of facilities management.

(5) At the time, date and place fixed in the advertisement, all written proposals for built-to-suit leases received shall be opened and publicly read. The commissioner of the bureau, after consultation with the head or heads of the agency or agencies for whose use the space is sought, and with the advice and assistance of the bureau of facilities management, shall award the built-to-suit lease to the individual or firm whose proposal, in the judgment and discretion of the commissioner, most closely conforms to advertised general requirement specifications.

SECTION 10. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(1) The term of all built-to-suit lease agreements entered into by the Commonwealth under Section 9 of this Act shall conform to the requirements of all applicable statutory and constitutional provisions as construed by the Kentucky Supreme Court.

(2) When necessary to enable an individual or firm to whom a built-to-suit lease agreement has been awarded to obtain either short or long term financing for the erection of the building to be constructed under such lease, or desirable in the best interests of the Commonwealth, the Commonwealth may be granted and may accept as a part of said lease an option to purchase the leased buildings, land and any appurtenant facilities. The option price to be paid for any such property shall not exceed its fair market value as of the time the option is exercised as determined by a competent and qualified real estate appraiser, selected by mutual agreement of the parties, employing the reproduction cost new or other accepted appraisal techniques; provided, however, that in no event shall the option price be less than a sum equal to the remaining balance of any mortgage lien encumbering the property and securing the repayment of monies advanced to the owner for the original construction of the building, plus an amount not to exceed ten percent of such mortgage balance.

(3) All built-to-suit lease agreements shall be executed for the Commonwealth by the secretary of the executive department for finance and administration on recommendation by the commissioner of the bureau for public properties, approved for form and legality by the attorney general or an assistant attorney general, and approved by the governor, before they shall be binding against the Commonwealth. All such leases shall be lodged for record and recorded in the office of the county clerk of the county in which the leased property is located.

SECTION 11. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(1) Whenever it is determined by the department that office or other buildings are needed for use by the Commonwealth and its agencies, and it is determined by the secretary of the executive department for finance and administration, as chief financial adviser to the governor and the general assembly, that it is not economically feasible for such buildings to be constructed or acquired by any other financing method authorized by this chapter, such buildings may be constructed on state-owned land under built-to-suit lease agreements as authorized by this section. All such determinations shall be set forth in a written finding by the secretary and approved by the governor by executive order filed in the office of the secretary of state.

(2) All proposals for built-to-suit leases solicited under this section shall be advertised in the manner required by section 9 of this Act. The advertisement shall state that the built-to-suit lease wil be entered into pursuant to the provisions of this section and contain a general description of the property.

(3) Upon the execution of a lease awarded under this section, the Commonwealth shall convey to the individual or firm to whom such lease has been awarded, in fee simple with covenant of general warranty of title, the real estate upon which the building is to be constructed under this lease. The lease shall provide for an initial lease term commencing on the date the building is accepted for occupancy by the Commonwealth, but not later than thirty (30) days after the owner's architect has certified that construction of the building has been completed, and ending June 30 of the second year of the then current fiscal biennium of the Commonwealth, with an option in the Commonwealth, as lessee, to extend the term of the lease for a term of two (2) years from the expiration of the original term of the lease and for two (2) years from the expiration of each extended term of the lease, until the original term of the lease has been extended for a total number of years to be agreed upon by the parties at a rental which, if paid for the original term and for each of the full number of years for which the term of the lease may be extended, will amortize the total cost of the erection of the building and appurtenances. The rent shall be paid at such times as the parties to the lease agreed upon. The lease shall provide that the lessee may, at the expiration of the original or any extended term, purchase the leased premises at a stated price, which shall be the balance of the total cost of erection of the building and appurtenances not amortized by the payments of rent previously made by the lessee. The lease shall provide that in the event of the exercise of the option to purchase the leased premises or in the event the lease has been extended for the full number of years which it is agreed the same may be extended, and all rents and payments provided for in the lease have been made, the lessor shall convey the premises to the lessee in fee simple with covenant of general warranty of title. The lease may provide that the lessee shall, as additional rent for the leased premises, pay all taxes assessed against the leased premises, and the cost of insuring the building erected thereon against loss or damage by fire and windstorm in such sum as may be agreed by the parties thereto."

The Committee on State Government reported **HB 761** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 761, AN ACT relating to bills and resolutions presented to the General Assembly.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 6 IS CREATED TO READ AS FOLLOWS:

(1) Unless otherwise provided in this Act, the general assembly shall not consider any bill or resolution of a state department, bureau, agency, commission or other executive unit of state government unless it is submitted to the legislative research commission no later than the first day of October preceding the convening of a regular session of the general assembly. If the governor has been newly elected in the November preceding the convening of a regular session of the general assembly, a bill or resolution of any state department, bureau, agency, commission or other executive unit of state government shall be submitted to the legislative research commission within thirty (30) days after the governor is administered the oath of office.

(2) Each bill shall be presented to the director of the legislative research commission by the executive department, bureau, agency, commission, or other executive unit of state government. The bill shall clearly designate, under the title, the agency upon whose behalf the bill or resolution is submitted.

(3) Any executive agency bill or resolution submitted to the legislative research commission after the first day of October shall be considered submitted late except as provided in subsection (1) of this section. All requests for permission to submit bills or resolutions late shall be transmitted to the legislative research commission. The commission shall ascertain from the department, bureau, agency, or executive unit of government the facts supporting the submission of the measure notwithstanding expiration of the period for submission of bills. If two-thirds (2/3) of the commission approves, the bill may then be submitted and prefiled or filed, as the case may be. The space on the bill denoting the proponent agency shall also indicate that the bill was approved for late submission by the legislative research commission.

SECTION 2. A NEW SECTION OF KRS CHAPTER 6 IS CREATED TO READ AS FOLLOWS:

(1) Each state department, bureau, agency, commission or other executive unit of state government submitting bills to or for consideration by the general assembly shall appoint a person within that agency to serve as legislative liaison. The legislative liaison shall be an attorney if one is employed by the agency. The duties of the legislative liaison are:

(a) Coordination of bill requests for the agency;
(b) Review all agency bill drafts for correctness of content and form;
(c) Coordination of responses to legislative questions about bill drafts submitted by the agency.

(2) Within six (6) months of his appointment as legislative liaison and no less than three (3) months before any regular session of the general assembly the person appointed as legislative liaison shall successfully complete an orientation in bill drafting and general assembly procedures as given by the legislative research commission.

(3) All bills submitted by any state department, bureau, agency, commission or other executive unit of state government shall be accompanied by a memorandum from the legislative liaison for the department stating that he has reviewed the drafts and finds them to be correct as to content and form. Bills not having the accompanying memorandum shall not be accepted by the legislative research commission.

(4) No portion of this Act is intended to abrogate or diminish the responsibilities of the legislative research commission as specified in the Kentucky Revised Statutes or in the Rules of the House of Representatives or the Senate.

SECTION 3. A NEW SECTION OF KRS CHAPTER 7 IS CREATED TO READ AS FOLLOWS:

(1) The legislative research commission shall make available to state agencies an orientation course in bill drafting and general assembly procedures. No charge shall be made to a state agency for such instruction.

(2) Where vacancies exist in orientation courses in bill drafting and general assembly procedures, any person may attend such course upon payment of a fee to be set by the legislative research commission.

The Committee on cities reported **HB 727** and **HB 238,** with Committee Amendment attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 727, AN ACT relating to urban-county governments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 67A.270 is amended to read as follows:

(1) The appointing authority shall make all civil service appointments, and the appointments shall be made only from the list of applicants certified by the civil service commission after examination. Appointments shall be made only by the selection of one of the three holding the highest averages in the particular class and grade wherein the vacancy exists, except as provided in subsection (6) and (7) of this section.

(2) Whenever it is imperative to fill a vacancy in classified civil service before the commission can certify a list of as many as three persons eligible for appointment after competitive examination, the appointing authority shall nominate a competent person from the same class or next lower rank to the commission and if certified by the commission as qualified he may be appointed temporarily to fill the vacancy until an appointment can be made after competitive examination. Temporary appointments hereunder and under subsection (3) hereof shall continue only until a regular appointment can be made from the eligible list prepared by the commission.

(3) In the circumstances described in subsection (2) hereof, when no one upon the eligible list, or by promotion from the same class or the next lower rank is available, competent and qualified, a temporary appointment may be made by the appointing authority without examination. In no case shall appointment hereunder or under subsection (2) hereof continue longer than ninety days; and in no case shall successive appointments be made of the same person or other persons, to such vacancies, except hereunder or under subsection (2) of this section.

(4) Where the service to be rendered by an appointee in the classified service is for a temporary period as provided herein, the appointing authority shall select for that temporary service a person on the list of those eligible for permanent appointment, if such person accepts such appointment. Successive temporary appointments to the same position shall not be made under this provision. The acceptance or refusal by an eligible applicant of a temporary appointment shall not affect his standing on the register for permanent employment, nor shall temporary service be counted as part of the probationary service in case of subsequent appointment to a permanent position.

(5) Temporary appointments made by reason of these provisions, made necessary by reason of illness or disability of regular employes, may continue during such period of disability, but shall continue only during such period of disability and in no case longer than nine months. No other temporary appointments other than those provided for herein may be made, except that seasonal appointments may be made for periods not in excess of six months.

(6) Seniority, in the executive unit in which the vacancy occurs, and seniority in the level or rank of employment nearest the level or rank in which the vacancy occurs, shall each be given material consideration in filling such vacancies as shall occur in the classified civil service. Within six months after June 21, 1974, or within six months after the effective date of the urban-county government, there shall be established by comprehensive plan or ordinance (which function may be delegated to the commission, or to the executive unit charged with personnel matters subject to the control of the commission), a plan which in definite terms complies with this subsection. The said plan may be amended from time to time in accordance with the comprehensive plan or ordinance, but the effective date of any alteration therein shall be no sooner than 180 days after its adoption. Such plan shall provide for and describe in reasonable detail the circumstances, if any, under which the seniority described therein shall be the sole criteria for promotion, and the circumstances in which it will not, and in the latter case, shall provide a reasonably definite method by which applicants shall be entitled to an increase on their examination or evaluation scores by reason of such seniority, the relative importance of each such type of seniority in such determination, and the percentage increase in such scores for such seniority. The circuit court of the county in which the urban-county government is located shall have jurisdiction to determine the reasonableness of such plan and alterations thereto, and its compliance with the principles set out in this subsection.

(7) In case of vacancy in the classified service, where peculiar and exceptional qualifications of a particular professional or educational character are required, upon satisfactory evidence that for reasons stated in writing by the appointing authority the commission may suspend the provisions requiring competitive examination under civil service.

(8) No person shall be certified by the commission from an eligible list more than two times to the same appointing authority for the same or similar positions.

(9) The legislative body may by ordinance provide that any person who successfully completed his probationary period and subsequently ceased working in a position in the classified civil service, for reasons other than dismissal, may be restored to the office or position he formerly held if he so requests in writing to the appointing authority. Such person shall be eligible for reinstatement for a period of one year following separation from the service and shall be reinstated only with the approval of the appointing authority.

Section 2. KRS 95.440 is amended to read as follows:

(1) The legislative body in cities of the second and third classes and urban-county governments shall require all applicants for appointments as members of the police or fire departments to be examined as to their qualifications for office, including their knowledge of the English language and the law and rules governing the duties of the position applied for.

(2) Each member of the police or fire department in cities of the second and third classes and urban-county governments shall be a qualified voter in the county containing the city of employment, able to read, write and understand the English language, and have such other qualifications as may be prescribed. No person shall be appointed a member of the police or fire department unless he is a person of sobriety and integrity and is and has been an orderly, law-abiding citizen. In a city of the second class or urban-county government no person shall be appointed a member of either of such departments if he is over fifty (50) years of age.

(3) Members of the police and fire departments in cities of the second and third classes or urban-county governments qualified under this section shall hold their positions during good behavior, except that the legislative body may decrease the number of policemen or firemen as it may deem proper.

(4) If the legislative body of a city of the second or third class or urban-county government decreases the number of policemen or firemen, the youngest members in point of service shall be the first to be released and returned to the eligible list of the department, there to advance according to the rules of the department.

(5) The legislative body in an urban-county government may by ordinance provide that any policeman or firefighter who has successfully completed his probationary period and subsequently ceased working for the police or fire department for reasons other than dismissal may be restored to the position, rank and pay he formerly held if he so requests in writing to the appointing authority. Such person shall be eligible for reinstatement for a period of one year following his separation from the police or fire department and shall be reinstated only with the approval of the appointing authority.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 95 IS CREATED TO READ AS FOLLOWS:

The legislative body of any city of the fourth, fifth or sixth class may unify and merge all or any portion of the duties and responsibilities of the police department and the fire department into a single department of public safety. This authority is granted notwithstanding any existing statutes applicable only to a police department and its officers or to a fire department and its officers.
